

.....

(Night, Viridian Lake, After Brock Leaves)

Misty(looking at Ash, hugging Ash) : "Ash, today was even better than yesterday, how long have we been married?"

Ash(looking at Misty, hugging Misty, Smile) :
"Always"

(both keep hugging each other beside the lake, same spot where Misty and Ash met for the very first time)

Misty(lying down, head on Ash's Lap, looking at Ash, Smile) : "more than 17 years..this spot, finally here again today..and only last 30/31 itself was the testament as well as nutshell of our bond for the last 17 years..in this form, in this life as Misty and Ash..now wife and husband.. isn't it the longing for this moment itself justify our separation and heart wrenching feeling for each other?"

Ash(looking at Misty, cajoling Misty's head and cheeks and fondles her hairs) : "absolutely

Mist,absolutely..but you know there's a possibility that your soulmate isn't born with you if one believes in multiple lives...and it gets even more difficult if you have only one life and even more difficult if there are many soulmates in human form...so at the end it really doesn't matter..."

Misty(smile) : "yup!if you have a soul that's your mate in itself.."

Ash(smile) : "absolutely...but if you have one,you'll anyhow find out...so basically all you can do is to be brutally honest with yourself and just wait-it-out in fun"

Misty(smile) : "and you really have put the smiles back to others increasing it by manifolds"

Ash(smile) : "well,i'm ever happy to come into any benevolent service,i only wish Violet could be here today"

Misty(laugh) : "Lil said she would've ate you up(both laughs),she would've already eaten Brock up as well"

Ash(laugh) : "yeah,we're going tomorrow,when is

she returning?"

Misty(smile) : "day after,(laugh)she'll be all over you with arts and Mantyke(both brusts into laughter)"

Ash(laugh) : "what was her interpretation of my sinister note to you?"

Misty(laugh) : "she thought it couldn't be a romantic one(both brusts into laughter)"

Ash(laugh) : "and she was all the time in the room beside your room when i was giving you the oath to hell(both laugh),so i must be straight out of hell as well(both laugh)"

Misty(smile) : "Ash,just a thing, with all that you did,(laugh) why didn't you ever think that we could just fix things in a series of dates?"

Ash(smile) : "and be tormented even more when i can't adore my soulmate despite having her all the time?(both smile)...Mist,i can't quite be sane without you(smile,Misty giggles)"

Misty(smile) : "Ash,i guess we'll have to stay separated sometimes now that you're getting

back to hall of fame,so much they'll force you to."

Ash(laugh) : "i'll mouth anything off to hell if i don't like it(both laugh),i'm not leaving Cerulian for a day..no Mist, that's my ultimate decision as long as you don't come with me(both smile)...you know i can't battle anymore unless my absolute ultimatum is pushed,i can babysit misbehaving brats(Misty laughs),but not battle...so i wont be undercover in any Team Socket(Misty laughs),which means i don't have to do anything at all,i'll just want to fool around with my bunch and fondle my flower(Misty giggles)all i want(beam,Misty beams as well)..and they'll have to live with it if they think they can put a collar on my neck so will I(looking at Misty,smile)Mist,I told you this whole world of Pokemon and whoever is in it professionally or casually,is simply afraid and confused about my abilities,personality,history and activities-Ash Ketchum has become something which they just can't fathom at all and there's no record of it in quite a long history and

even if there's one,they aren't Ash Ketchum,so they'll still be right at the bay(smile,Misty laughs).Thus the Elite4 thinks i might go a step beyond to get the legendaries and become an undisputed king who can do whatever he wants as long as may be the whole world is concerned,i'm infact a threat to whole humanity (both laughs),they have to lease me first so that in unison they can tame me legally...the Whole Elite4 and the Whole Masters' Hall of Fame isn't good enough,they'll need to unify the whole Hall of Fame and Distinguished Gym Leaders as well,and also all league champions which is as hard as you can guess(both laughs), to tame me,thus this endeavour of all sorts of extra cherries,which(smile) all will go to my flower with the whole cake(hugs Misty) "

Misty(smile) : "Ash,i'm in the hall of fame and yes i train special type but i know what i can do and i've already realized that the only way to tame you is to make sure to push your Ultimate Button that's

either torturing you Pokemons or to get there
handa on mom or me,mom is obviously absolutely
safe due to the whole Oak lab,which Ash,i guess
no Pokemons including legendaries can't do much
about it unless they come in a huge gang and
extremely well traines and thus this endeavour to
lease you ain't it(smile)?..

Ash(smile) : "absolutely,and Mom knows it better
than anybody,i told mom as things weren't right
there and i knew Professor Kukui very well and
wanted to shift her to (),where the busting
operation took place and i know the whole Sinnoh
like the back of my hands and mom would've been
pretty safe there,but she won't leave just cause
she was told by Dad,'never leave Professor Oak if i
don't return no matter what' as his emergency
message on the fateful day he left,so somehow
that still works in her mind and you know very well
all about it and what Professor Oak is to us...but
still i had decided to leave because i just had to
forget all and only Gary knew it and told me may

be that would be good cause things really wasn't right here by all means and he also said Professor Kukui's Lab is second only to Oak Lab so from all perspective it was fine...the day Daisy and Lillie lost their nerves,Gary was just afraid of Lillie's condition as he was informed on the same day about there future and was a bit flustered ans only he could in two words forgive me totally when i said i wanted to see how much can my Mist take for me yet come back... except that day it was all fine..and Trace was there..i just couldn't get him off my back cause he'd never agree to be professional and always ask me personal things and would continue to imply that i made a mistake...so finally the day he told me he can help cause Daisy is now his girlfriend,i just couldn't keep it to myself anymore and went all about it...that pained him so much that he would not talk except my Pokemons and all and i knew he didn't want even that but he had to,but you know he being he,never had let it out and continued be

beside my mom all the time,Daisy was always nice but that day just couldn't keep it anymore" Misty(looking at Ash) : "i insulted her out saying things that even i don't know what happened to me,she was all along trying to make sure that i find someone else cause she realized that i certainly couldn't stay alone for the rest of my life and that's why her actions...so then when mom probably out of emotion said something about you,she just retorted..and Lil being Lil,went all about it...she was actually the one who ever believed in you though very intuitively out of my three sisters that very day when you gave me that Battle Frontier trophy and on being questioned you rather(both laugh) said that's your 10 years..she scoffed at you but knew intuitively what you really were..Daisy got the exact opposite saying its all stunt and all and Violet straight said it's only infatuation overdrive cause of your fame...Daisy said the lad's head will turn once he wins the next and it did but(both smile at each other) little did

she know then that my Ash was always the underdog and did things which just overturned everyone and everything off(smile both hug each other)...but you reached the 8 league champion level that day itself only took time to fully grasp it..anyhow,Lil as you said couldn't believe why would you throw me away when i had such fame and all only to inpret that he had you've done something serious(Ash laughs)...so that totally turned her on and to be honest Ash,that really was the change Lil herself needed,she became very serious about relationships and Gary by then was a very changed man as always since he left Jhoto..he just mentored her and the two became very close..and Daisy was your biggest enemy (both laughs)..she was totally fed up but she won't show it to anyone except me..and Trace then got with her...you know that right?"

Ash(smile) : "right Mist,you saw my sudden reaction while Trace gave the picture didn't you?"

Misty(smile) : "yeah,I did and then i knew you'll do

something but(laugh) that false alarm was strange(both laugh),though i kinda realized what that was about.."

Ash(smile) : "yeah,it was just a mistake..but Trace being Trace,just after finishing r

a bit as i told you during my hellfire session with you(both smile),which you know Mist,only you could survive and i knew it(both smile),i wanted it and that's why i refreshed you up as you've now realized,i wouldn't care a fig if any fool got depressed cause her beau left her and can't stand up cause i don't mingle in personal matters,if the Gym Leader is lunatic i'll swear him out of it(Misty laughs) along with my sinister devils(both laughs) and that's it,that public humiliation was enough to put anybody off the track and that included you too..but i already knew you're only mine(both giggles)..that means you're my responsibility like a husband and wife,that was all ...i only did and in

the end no matter what you did i would've just abducted you and forced you to marry me(both laugh)...(Ash firmly hugs Misty)...seeing my sweetie there,i just so much wanted to hug you and adore you all i want,but..now is better"

Misty(smile) : "just the mental barrier if i wasn't sure till you made me understand what you did too as well..(hugging Ash),Ash...i'm always your wife and you're always my husband... nothing breaks it this term of life and if there's multiple and we come to the similar positions again only the same thing will happen"(Ash hugging Misty firmly,both stay like that for a few moments)

Ash : "but still Mist,I caused you so much pain.."

Misty(frown) : "dear, didn't we agree on this?"

Ash(smile, hugging Misty) : "um..ok(Misty giggles).. that's what I want"(both smile and hug each other)

Ash(smile) : "Mist,i don't know much about leading a Gym or nothing much about water pokemons...no my brats(both laughs) are infact

no good anymore as you can see(all brusts into laughter)...so,all i did was a general approach that's all..but i know my sweet Flower(Misty giggles)..but also unfortunately today i had to deal with her Golduck too(Misty brusts into laughter),who hugged and tickled me to death(both laughs)...no seriously that brat(Misty laughs) must be kept a million league apart from my bunch and especially from my sweet sweet water duo(Misty brusts into laughter)..those two have spoilt many careers(both brusts into laughter)...and those two are spoiling Gary now(both brusts into laughter) but to my misfortune,they were present today in Tracy section rather than the Gary section(both smile),and we didn't know that as those two were hiding somewhere then(both laughs)..as soon as i release Goldy,he jumps me(Misty brusts into laughter) and somehow i manage to calm him down when to my utter disgust,my sweet duo(Misty laughs) finds me and runs upto me,then

suddenly stops seeing Golduck the 3 sinister soulmates (Misty bursts into laughter) instantly realizes their bond

Misty(smile,looking at Ash) : "Ash,i've had all the name and fame just like you,but the experience i had with you just before we got married once more as we have forever, nothing matches that and you knew it when you had the same with that picture of mine,still as always wasn't it,hey Misty,come look at this pokemon?"(both laugh and smile)

Ash(smile) : "ya,i guess,but once i fully grasped it i just knew you had to be mine and viseversa,once you and i was of the same age and in a situation where we could get married happily in all ways"

Misty(smile) : "and if it didn't happen we both had to leave this body to unify!"

Ash(smile) : " 'gotcha.."

Ash&Misty(Unison,hugging,smile) : "Soulmate!"

(5 minutes later, Tracy Calls Misty,Misty laughs uncontrollably showing Ash the Phone,Ash murmurs swears)

Misty(laughing) : "Trace... didn't you have enough in the morning?(brusts into laughter)"

Tracy(smile) : "hey, it's just..."

Ash(angry snatches away the Phone,Misty connects with them Via Ash's phone) : "that you'll have to wait till my wife connects in this forsaken conversation(all brusts into laughter,Daisy,Lillie,Gary)...i see the souls are with their mates(all again brusts into laughter)..

(Misty finally connects Ash and all in conference)

Tracy : "Misty,this is..."

Ash(angry): "Excuse,Excuse(all brusts into laughter), didn't i warn you not to utter my wife's name?(all brusts into laughter)and to not breach the 100 foot circle (all brusts into laughter)...what is it Trace,huh?that it takes you 15 years(all laughs uncontrollably) to misunderstand(all brusts into laughter) that ASH WANTS TO BE

WITH MISTY (spelling,all laugh)A-L-O-N-E(all
laughes uncontrollably)

Tracy (laughing) : "is your Pewter-cum-Viridian
Beau alive?(all bursts into laughter)"

Ash(angry) : "why,huh? can't you evsdrop there
too(all bursts into laughter)?"

Tracy(laughing,Brock finally laughs,who is also in
Conference call) : "well your beau's doing it
himself(all bursts into laughter)"

Ash(frown) : "i see,heart-wrenching(all bursts into
laughter)...why don't you connect the Cerulian
Gym as well(all bursts into laughter)...the brats
must be hungry too(all bursts into
laughter)...Brock,why is it that the brats can't get
the same badge 8 times(all bursts into
laughter)?..."

Brock(laughing) : "they've never longed enough(all
laughes uncontrollably)"

Ash(frown) : "i see,sweat sweared beau(all bursts
into laughter)..but i realize why you're unhappy
that you're not getting your customery class on

the art of Manky(all bursts into laughter) lectured with intricate artistry (all bursts into laughter)...but Trace..now that you've breached my ultimate warning,Ganger's coming for you..(all bursts into laughter)..why Trace,huh!that,now you're also ruining Gary's sweet sweet moments?"(all bursts into laughter)

Tracy (laughing) : "and the lonely lesser half of another"(all bursts into laughter)

Ash(frown) : "Gary,what's a half-evolution?(all bursts into laughter)..and then how can that be lonely lessened?"(all bursts into laughter)

Gary(laughing) : "it insinuates(all bursts into laughter) that the lesser is the time to the half-hour before your lonely coupling(all bursts into laughter,Misty blushes,smiles and hugs Ash,Ash smiles at her),the vultures are indispensable(all bursts into laughter) to imbalance out the not professional and all personal balance(all bursts into laughter)"(all bursts into laughter)

Ash(frown) : "i see,and by the way,why are the

flowers not insinuating grivance?"(all brusts into laughter)

Daisy(laughing) : "my gentleman is too cunning(all brusts into laughter)"

Lillie(laughing) : "and mine too balanced(all brusts into laughter)"

Brock(laughing) : "atleast the sinister-gentleman(all brusts into laughter) and the balanced-personal(all brusts into laughter) has their choirs(all brusts into laughter),i'm only beeing ar(all brusts into laughter) on memoirs(all brusts into laughter)"

Ash(scoff) : "Pokemon Breeder turned Poet(all brusts into laughter) i see..and thus all has decided to ticklize(all brusts into laughter)my rigourous soul-searching(all brusts into laughter)?"

Lillie(laughes) : "straight to Cerulian City"(all brusts into laughter)

Gary(laughes) : "with the perfectly balanced vultures(all brusts into laughter)

Daisy(laughing) : "who are indispensable to intricate logic(all bursts into laughter)"

Brock(laughs) : "that'll precisely uninsinute(all laughs)any godforsaken contradiction(all bursts into laughter)that eludes swearing(all laughs uncontrollably)"

Tracy(laugh) : "through the eloquence of unimaginable hellfire(all bursts into laughter)till our Legendary Master finally runs away(all laugh)with his eternally sweet Misty Flower(all claps and laughs,smiles,Misty blushs and hugs Ash)"

Ash(scowl) : "yeah thanks for gangerizing(all bursts into laughter),but i'll hope that no gentleman would suddenly appear out of the pinken bushes(all laughs uncontrollably) even via forsaken mobiles(all bursts into laughter)to opine that(all laughs)the third person is better suited to methodically analyze the first and the second's relationship(all bursts into laughter) than themselves(all laughs uncontrollably)...or that no

pokemon doctor would try his hand in meticulous cooking(all laugh) of the eloquence of pinpoint observation(all brusts into laughter)...or that a great researcher would suddenly use all his great intuition and vast knowledge in wrong places and subjects(all laughs) and make a balanced insinuation(brusts into laughter) to a man who was with an absolute brat of a travel-companion named May(all brusts into laughter)that had beaked his head off to know everything about his conversations with his girlfriend(all laughs),who had infact charmed her so much that she thought her big bro is too oblivious and would miss a unique chance(all brusts into laughter)as her brother isn't well-balanced in sweet talking after confessing (all brusts into laughter)so she from her own experience with another constant rose named Drew(all brusts into laughter) could share some wisdom(all brusts into laughter)..now our new professor, professionally professes(all brusts into laughter) that this present is a special good

luck charm in such a way only in the presence of the man's little sis(all brusts into laughter) as the professor proudly presented the thesis on how to remove unnecessary to find the necessary which helps the necessity (all laugh) by removing the cook and the poor little bro of the man's sis who never liked his sister's beau(all brusts laughter) as only she received the rose and never he(all uncontrollably laughs) only for the cook to doctor him out of his sister's wrath(all brusts into laughter),anyhow this sister-pest May(all brusts into laughter) she evsdrops the man while the man was adoring this present from his girlfriend,which was um..(all brusts into laughter)" Daisy(laughing) : "something on which her eldest sister was able to evsdrop before(all brusts into laughter) to find out her baby sister has indeed came off age(all brusts into laughter)all smirking in all whites with a little wink(all claps,laughs,Misty blushes and hugs Ash firmly,Ash laughs too) and the rest later(laughs)"

Ash(laugh) : "yeah,thanks sister-help(all brusts into laughter)..so the man was adoring this a bit too much too long(all brusts into laughter) too sweetly, too fondly (all brusts into laughter),his sinister sister(all brusts into laughter) conspiring with the croocked cook(all brusts into laughter) who removed any confusion she ever had on whether the girlfriend,despite all her charm and skill and movements(all laughs) with and around her brother who ever happily reciprocated (all brusts into laughter) was apt enough in sweet talks or not(all brusts into laughter) when it really mattered (all brusts into laughter),so the the sister suddenly appeared before her oblivious brother(all brusts into laughter)to insinuate(all brusts into laughter) that 'observe closer'(all brusts into laughter) and went back to send the cook in to eat up the left overs(all brusts into laughter),so the cook now was evsdropping by appearing before the man(all brusts into laughter) with a very grave face(all brusts into laughter) put his sinister hands

on the man's shoulder(all bursts into laughter) to
nod him only(all bursts into laughter),so the man
got confused and turned the picture over to see
the other side(Brock laughs),which had,um..

(Daisy,Tracy and Brock's bursts into laughter)"

Lillie(laugh) : "the seal of eternal longing (all
bursts into laughter)

Gary(laugh) : "that's why the professor balanced it
out(all bursts into laughter) with the precise
accessory to the ultimate goal(all bursts into
laughter) as he knew his student can't battle it
out(all bursts into laughter) cause his big bro
would've opined(all bursts into laughter) to get rid
of this imbalanced mess(all bursts into laughter)
to balancey(all bursts into
laughter)eat,battle,drink,repeat"(all laughs
uncontrollably)

Ash(frown) : "sweet sweet crook(all burst into
laughter)all of this doesn't settle the the signature
does it?(all bursts into laughter)"

Brock(laughs) : "well the handkerchief was

better(all bursts into laughter) cause it hid the all the symbols from public eye(all bursts into laughter) including the Master(all bursts into laughter)"

Ash : "anyhow as the Man sees the symbol but the cook serves another beautiful dish of suggestions (all bursts into laughter)..how to preserve the signature longest (all bursts into laughter)...but anyhow later as the sister realizes that the girlfriend is only too apt at everything she has ever done(all smiles,Misty blushes,Ash firmly hugs her,smile).. except leading the bug speciality(all bursts into laughter) unless it was the man's (all bursts into laughter,Misty hugs Ash firmly,smiles)..well the bugs helped the most on the very second day itself(all laughs) as the bike got replaced by the man himself(all laughs,claps,Misty and Ash firmly hugs)...which if plausible may be just a sample from repeating repetitions" (all smile clap,cheer,laugh)..just as all(all smile,cheers)..."

Misty(laugh) : "but though the man's big bro didn't understand the point(all brusts into laughter) as his little bro wasn't exactly willing to fight the girlfriend (all brusts into laughter) which pikachued upon him(all brusts into laughter) that it's called Pikachumate(all brusts into laughter),thus since then the big bro never even on the little bro's desperate insistence ever fought his sweet 'lil bro's flower(all laughs,claps,Misty and Ash hugs firmly).

Ash : "anyhow this little sister opines that the price of the signature-ink might be a good topic to focus on(all brusts into laughter),which is finally brushed aside by the man with the threat that the roses will be sent back with greetings next time(all brusts into laughter)...but still the man thanks the god cause certain sweet gentleman(all brusts into laughter) wasn't present there with the crooked-doctor or the pester-sister at that time(all brusts into laughter), otherwise if the treatment and the prescriptions weren't good enough(all laughs),the

intricate meaning of each line of the man's face during the whole event(all brusts into laughter) would be minutely summed up as the perfectly observed proof(all brusts into laughter) of the sweet sweet hearts(all brusts into laughter)"

Misty(laughing) : "anyhow what's the matter?"

Tracy : "well it's a big surprize"

Misty(laugh) : "sweet sweet Trace(all brusts into laughter)...might i have an insinuation(all brusts into laughter)..the farm is now enlarged and annexed as a Laboratory Part?

Gary(smile) : "way bigger"

Misty(surprized) :
