

Daisy : "um..Mist,what is Trace doing there?"

Misty(brusts into laughter) : "Sweet Sweet

Dasisydevil(laughes uncontrollably).."

Daisy(frown) : "what's he upto now?"

(Misty brusts into even more laughter,Lillie enters the room)

Lillie : "um..Mist..what..what is it?"

Misty(showing everyone the ring,which she hid before to give the surprize) : "first this"

Daisy&Lillie(wonder,smile,laugh,hugs Misty) :
"aww!..how romantic!"

Misty(giggle) : "tell me about the time"

Daisy(thinking) : "um..(sigh)..i get it"

Lillie(flustered) : "um..yeah he wouldn't shopli..

(Misty and Daisy brusts into laughter)(smile)

hey,what..(realizes and laughs)..i see that little brat had it with him all the time when he came in to do the swearing out at the middle of the night(all brusts into laughter)"

Misty(laughing) : "and was mobbed while purchasing"

Daisy(flustered) : "um..no Mist keep an eye on him,in too much excitement he's being reckless"

Misty(smile,blush) : "um..as usual"

Daisy(smiles,Lillie smiles too) : "Mist,all these years..then last night... it's just.."

Misty(laugh) : "Pokemon Master"

(Misty and Daisy bursts into laughter)

Lillie(smiling) : "i wish I was there,though Gary would've never kept patience at that time of night,and i was so distraught..but today as Dase told me..(smile)..he really has become a pest(all bursts into laughter).."

Daisy(smile) : "it was just insanely amusing..i can never forget this night"

Misty(laugh) : "and the time"

(both again bursts into laughter)

Lillie(smile,frown) : "hey,you must've woken me up..(laugh)"

Misty(a bit concerned) : "Lil i'm sorry,ok? but he was just..he was suffering as much as i was if not more."

Lillie(bit dissappointed) : "um, that's ok but.."

Daisy(patting Lillie,smile) : "Lil,all one needs to do is to understand the number and the contents of the hells that she must travel through/before she finally can get to her beau(Misty&Daisy brusts into laughter)"

Lillie(surprized) : "yeah,um..but what.."

Misty(smile): "Lil,all he was trying so hard to do was to desperately make himself believe that he has done enough to be kicked out once and for all from every relationship imaginable so that now he could just aimlessly roam around the world giving everyone a piece of his mind with his pokemons and fool around with his and all other pokemons all the rest of his life as if himself a pokemon,that's all"

Lillie(flustered) : "yeah,um..strange"

Daisy(smile) : "Lil just let him come here today,i'll fix your meeting(Misty laughs), anyhow why did he turn on poor Trace again(Misty brusts into laughter)Mist,come on(laugh).."

Lillie(bit concerned) : "still Mist, isn't it just too strange..(Misty laughs and hugs Daisy,tears in joy)"

Daisy(smile) : "Lil,the hells he talked about to Brock and us Infront of his wife then he said how body is all of blood and sweat,mind is emotions, memories and futile attempts to recreate the past as future when everything is getting past all moment and finally the last line,that even a recently turned public meance like him was stuttering about(laugh hugs Misty,Misty laughs uncontrollably)"

Lillie(smile) : "Mist,get a hold on yourself sweety"

Mist(laugh) : "it's...it's just..man..(laughes again) "

Daisy(smile) : "Lil,his last line was i don't choose anyone that's not exactly me"

Lillie(smile) : "Ah!that..um..i get it now.."

Misty(smile) : "Lil,all my tears of 5 years or so and all my strains ever all just got laughed away right now,and i've been hearing this since he finally confessed..this..this is...(brusts into laughte)"

Daisy(smile,patting Misty) : "I guess sometimes things like that need to(Misty bursts into laughter again)(surprized,Lillie too) what(laughs)?"

Lillie(smile) : "Mist,you needed this laugh exactly as your cure and even your first boyfriend Ketchum couldn't give it(laugh)"

Misty(smile,Daisy Laughs) : "well he will argue on this,but Dase(laugh)..um..sorry..firsrt as i did,he just always says Daisydevil(bursts into laughter,Lillie laughs and shakes her head,Daisy too laughs)..."

Daisy(laugh) : "i see,that little pest has surpassed all expectations(All laugh)"

Misty(laugh) : "what a night(laughes uncontrollably)...."

Lillie(smile) : "baby,calm down"

Daisy(laugh) : "yeah,Mist,comeo on"

Misth(laughing) : "..um..sorr..(laugh)..it's just that almost any words is reminding me of his antics since we patched up again..(blush,Daisy&Lillie smirks)..um..anyway,he told me some novels

yesterday and the same which Trace is being minutely and intricately introduced to now(laugh,Daisy laughs)..out of which one was on the fact that you and your beau are always ever a couple like as if this life itself a play but you two have always stayed as a couple like forever..as if a destiny..(laugh)but if one said destiny,he'd mouth them off to hell(laugh)..um,sorry..then from there came his ultimate point"

Daisy&Lillie(unison,smile) : "go on pretty interesting"

Misty(smile) : "see and its about the very personal life of a couple and he has even laughed that barrier off amongst all of us in a way that's just unbelievable (laugh)..um..please bear with me.. (again laugh)..um..sorry, it's just impossible to forget the antics..and it was only yesterday afternoon when he was absolutely hellbent and on creating every unimaginably cruel and insurmountable barrier possible between anything and himself..(smile) Dase,Lil,we're sisters,and your

husbands all of us..we've just been so intricately bound for so so many years,as one unit,then Ash breaks away and we go through all this and then no matter what,we always have had some distance regarding personal life an then suddenly.. (laughs again)..um..please stay with me..his words are still buzzing in my ears.. suddenly he app...(laughs uncontrollably)..i just can't take.. (more laugh).."

Daisy(smile) : "you know Mist,that day with Mrs. Ketchum,we kinda always felt a distance since but she also was so cheerful today,we ourselves just laughed it off"(then Daisy leaves the room for some work)

Lillie(smile) : "yeah,um..i feel happy too but i wish i could hear it LIVE"

Misty(laugh) : "all you need to do is to tell him we were destined to each other in a way so that he feels as though your not saying it directly but insinuating..(brusts into laughter)"

Lillie(bit flustered) : "um..i see but..(Misty laughs

uncontrollably)(frown) Mist,cut it(smile)"

Misty(laugh) : "Lil,really i need help(hugging Lillie)...the way you are speaking is exactly the right one to insinuate something to him(laugh)"

Lillie(smile,hugging Misty) : "i see.."

Misty(smile) : "seriously Lil,i've been living a dream since we patched up,and you know it doesn't even feel a bit strange to suddenly call him my husband at all,as if the fact i was ever anything but his wife is very strange it feels"

Lillie(smile) : "yeah,we were taken aback when he suddenly talked about marriage yesterday but i thought he was just stressing upon the word but now i see the little prick really meant it(Misty laughs)"

Misty(smile) : "absolutely,and all this words started to flow as soon as he confessed and hasn't stopped since then..he just goes from extremely serious mood to absolutely 5 year child mood just one moment apart..but you know his words are as honest as you can believe no matter

what the mood is..and as i was saying you can't say it was our destiny or we were right or best or perfect at all,which possibly is what he is rigourously teaching Trace now(bursts into laughter)"

Lillie(bit confused): "um..(smile) i see soulmate..always together no matter what..and then he probably extended it to saying all else was like a bad dream not really existent"

Misty(smiles,hugs Lillie) : "exactly"

Lillie(smile,hugs Misty) : "and thats seeing yourself in your spouse and the hellfire(smile,Misty giggles)..and that's exactly about yesterday-Laugh it out(both Giggle)Mist,your beau has turned himself into the Greatest Romance Master as well...(both laughs,Misty bursts into laughter)Viol would've ate him up in joy had she been present physically here(Misty bursts into laughter again,Lillie laughs as well)"

Misty(laughing) : "she almost did yesterday itself.."

Lillie(smile) : "Viol too?"

Misty(smiles) : "oh yes!but she can't come before a day after tomorrow but then(laugh)..he's hellbent to runaway with me to unknown islands any moment(brusts into laughter)"

Lillie(laughs) : "hmm..that dense little pest has now got real dense.."(both brusts into laughter)

Misty(laughing) : "mom said 'too much imagination' "(again both brusts into laughter)
(Daisy enters,laughing)

Misty(laugh) : "what?Trace was scared to death?
(laughes,Lillie smiles)"

Daisy(laugh) : "they'll be here for lunch today(Lillie and Misty giggles and hi-fives)at 3:30(brusts into laughter,others wonder)..no,he's adoring Trace too much now(laugh,Misty brusts into laughter)..Trace said made him cry and then laugh with equal ease and both were a lot..(Misth laughs,Lillie wonders)..and knows everything that happened in-between when he wasn't present here(laugh,else wonder)..and yeah pretty much,(all

laugh)none can ever insinuate that(Misty laughs aloud) that his flower was never ever not his no matter what(brusts into laughter)"

Lillie&Misty(giggling,Unison,high-five) :

"SOULMATE!"

(all three brusts into laughter in a group hug)

Lillie(laugh) : "i just can't believe how can one have such belief on himself to be right that he just nonchalantly came to patch up as if nothing ever happened and all was a play and that very thing turns out to be true the very next morning..the very next day all the difficulties that may be we ever had of any kind among ourselves has been just laughed away with no effort..Mist,this guy's real dense(all brusts into laughter)keep an eye always(all again brusts into laughter).."

Daisy(laughes) : "and sorry Mist,but even yesterday all we thought was that he was indeed a cheat,and then the next day we ourselves just can't help but to laugh any resentment off..(all laugh)..this is Patch-Up Master"

(all again brusts out laughter)

Misty(laughing) : "and yet you don't know what he did at Cerulian..(laugh)..oh god!..(all laughs)..after he gave me the ring i came to know that he's had first travelled to Cerulian,a city which is his enemy no 1 and you know the viseversa (laughs again).."

Daisy&Lillie(smile) : "um..yeah but why would he turn on Cerulian,Mist?"

Misty(laugh) : "because his flower had to appease random guys coming around for gym badges at any time of the day...(all laugh)..(smile)..no you know what i just feel bad,he's trying so hard to make up for the years that he wasn't with me and his method is to either torture himself enough to see how i was actually feeling,but his playfullness won't allow that so he has turned his attention on in-his-words Cerulian Brats(laughs) roaming around the streets to insinuate(brusts into laughter)"

Daisy(laugh) : "with that language and antics he'll restart the Sensational Masters there(all brusts

out laughing).."

Misty(laughing) : "and if i ever go back to perform again he must be managing and won't allow anyone except married woman with girl childs aged below 8"(all brusts into further laughter)

Lillie(laughing) : "yeah Mist,he's just too desparate to make the amends and already doing so with his antics"(all laughes hard)

Misty(laughing) : "and i've been going through for so many hours haven't slept a bit and look how fresh i'm...it's just.."

Daisy&Lillie(Unison) : "Pokemon Master"(all brust into laughter)

Misty(laughing) : "apart from the godforsaken Cerulian brats(all laughs)..he's even more incensed with Vultures..(brusts into laughter)"

Daisy(laugh) : "that's the reporters and pests"(all laugh)

Lillie : "and they'll insinuate(Misty brusts into laughter again) always that whatever he may do,he's just trying to trick people and that he's a

Playboy"

Misty(laugh) : "exactly,i see the pain that he had been feeling since our separation inside and just had turned on anything that had a hint of personal relationship,old friends,new friends just wanted professionalism from everyone no matter what and absolutely no personal relation...personal relationship to him is defined as Misty and that's all(blush,smile)"

Daisy(bit concerned) : "no Mist,as stubborn as you if not more,would never still come back and say he was sorry if he doesn't believe he's done any mistake and would torture himself to death trying to prove to himself that he was morally right and that is all to him let the relationship go if they don't understand me"

Lillie(concerned) : "exactly like you Mist,and as you said and even now so desperate to heal any kind of pain that he only now glaringly feels he's put you through unknowingly,now desperately wants to go through your pains again and again to

justify himself, really i mean you two truly as he said.."

Misty(giggle) : "Soulmates"(Daisy&Lillie laughs)...um,you know when he met me yesterday and himself was describing what he did to you and all else i could just see how much pain he's constantly self inflicting,he real nature is ever the sweet little Ash,but as we broke up and he felt that that nature is exactly what his Misty didn't believe him due to things happening around him and left,so he'll just try desperately to prove to himself and all else that,that nature isn't his own at all,and it had gone to a obsession where he'd tear apart anything just to see that whether despite all he did he found his Misty again who really still realized what he was trying to do and would run back to him again and again no matter what kind of demon he became.. that's exactly the hells he was talking about.."

Lillie (concerned) : "My god! what a guy..would self mortify himself to any unimaginable hell to find

his soulmate again.."

Daisy : "yeah,just opposite to Mist as she was going everywhere only to thrash them apart mercilessly as soon as her Ash showed up in them again and finally was left with nothing getting depressed till that very Ash showed up again,and this you know Mist,when he was piercing us through and through yesterday he said exactly this as an insult,as soon as he lays his first touch,you're running arter him without any consideration whatsoever"

Misty(solemn) : "truely Dase,only he could understand my problem and could do what he did..um..i don't know Dase,may be i was still way better than his own condition,what he's doing around now is the actual playfullness that his soul and what he's all about and you can see how irresistibly enticing and attractive it is now that he's just laughing off anything he ever did while self mortifying in a way that it just floods everyone away with him to playfullness,but what he had

been doing everywhere before,i just got every bit of it yesterday,and you know all those hells he talked about,not only he himself went through all and wanted more and more so did he subject me to go through with him till he himself confessed that he can't beat me and can't shrug me off"

Lillie(concerned,hugging Mist) : "Mist,i was really scared you know as well as feeling that abject pain myself,i was really afraid that infact he threatened us that even if Mist becomes insane after this,he can't be leagally harmed and all that,and we could sense what kind of monster he really had become and was only going to come at you with absolute all out to settle something that was disturbing him for a long time but you know as just 12 hours later he laughed all that off,i'm realizing monster or master(Misty smiles) he's an extremely honest guy even yesterday did only said point by point why he was hurting us citing what we might've ever done to him or to his mom and all that...and none were wrong at all just

exaggerated those to get his job done"

Daisy(concerned) : "indeed Mist,now you're telling us we can see why actually his fooling around and making all us laugh everything off as well,this guy is obsessive in his conviction that whatever his soul is directing him to do,is true and right all the time and its just that thing now in the form of laughter overflowing us as merrily as the hellfire did burn us mercilessly yesterday"

Misty : "you know,yesterday i cried like i never knew as he was dragging me through every hell he could come up with and much more than he depicted today and i seriously felt i won't be able to take it anymore,and in fact he calmed me down by the help of his Pokemons i don't know how many times(Daisy&Lillie shivering hugs Misty).. (smile)..it's ok,he would've gone with me as well no matter where it took him to and you can see that he had the faith and it was only me who wanted to walk with him..he took me to unimaginable depths of hell and all the while was

carefully observing me whether i budge or not,if he felt i really did budge he would've instantly left me and himself became insane as he would've realized even his Misty won't walk with him everywhere,he would've become exactly like what a pokemon is his in human body,a total lunatic who only wanted to fool around...and even after i was coming back again and again thrashing all the fake copies he was creating to throw me off..i really thought whether we'll end ever or not given our own stubbornness and just only then did i realize that he has become an absolute lunatic in his obsession to go hell after till he destroyed every ounce of sanity he ever had and it just didn't feel to me like we could be stopped or wanted to be stopped because i too had become mad in thrashing all his hells and run after him to finally get together it just didn't feel i wanted to stop either as he himself didn't want to,later only realized what i felt then was what he was describing as come for me again and again

beyond death..i realized his actual call and obsession with himself to go beyond every death and still continue to run never stopping and sanity or insanity is a mere term there where he went(tears,Daisy and Lillie too has tears in their eyes) he wasn't Ash Ketchum at all anymore and didn't care whether i was alive at all or he himself,his being had crossed all limits and he forgot himself forgot me forgot everything just continuing his run as playfully as he is roaming around now to where he didn't know, didn't want to know but these too are only words to him,he had become the very soul that we read and that cant be described and was at a breakneck speed just playfully with crackling laughter thay all his agony had now become moving somewhere that none can describe...this is poetic and we read only but as you see your crying yourself (tears rolling down everyone's cheeks) and then i found out that i too am always travelling along with that playful march of his soul forgetting any identity i ever knew-i

didn't know whether i was alive or dead or whatever i myself wasn't Misty Waterflower anymore as he was no more Ash Ketchum,i too had become the soul thay he had become and was equally playfully going just side by side as if playing hide and seek with each other and my pain and tears had also become crackling laughter just like his,i just then felt eternally always with him constantly just the same thing appearing as two different entities to us(all cries,Misty in shivering voice)but now about to merge together but actually we didn't want to megre we wanted to keep that separation keep that distance between each other just to play that hide and seek eternally like mere kids knowing nothing else,he was me,i was him,we had no difference at all and we were only as if mischeviously keeping that distance only to fool around together always together and nothing there was possible to describe our relationship or anything,we had become the one and absolute only fooling ourselves with this

appearing difference that we were projecting to enjoy ourself..in fact then i realized there was never any Ash Ketchum or anything else at all it was just me myself and Ash Ketchum was a thing i myself had created to fool around with myself and exactly to show me that was there ever any Ash Ketchum at all and Ash Ketchum had just shown me that...after this trace kinda state i came back to my senses when i suddenly heard him saying 'Misty, you must marry someone else and have a good family forget a f.. like me whoose hellbent of self destructing himself just because he can' that word and idea of anything apart from Ash Ketchum just pierced me so through and through and then his self destruction which he just had showed me to my own realization that Ash Ketchum is nothing but Misty Waterflower,i just couldn't take it anymore and screamed at him that it's either him or bust for me he just laughed at my face and that showed his own realization that he went through just like me so many times

that he just knew even now he could play around with me all he want and said the words that you won't be able to imagi..he said 'if i f .. around any random s.. would i still be f.. you around?' ..you can understand what he just threw with what kind of audacity and vulgarity at me as if this world with anything what so ever had no value whatsoever at all and he was ever the carefree soul knowing he was totally immune to anything that this world can ever imagine to throw at him and this was the whole point he wanted to show me for all these 17 years i guess which he finally could with complete mastery and utmost audacity which will throw anybody off except his soulmate all while fully knowing exactly that,and now was just as if knew my answer and just fooling around with me as he knew himself his Misty was not what was appearing before him but has ever been and being and will be his very own self-he himself-so he now decides to swear around left and right with unimaginable

nonchalancy with me as if my appearance to him meant absolutely nothing as he already knew and had the true Misty Waterflower ever always with him and will be...and these words along with my realization made me understand that he was still laughing at me with the the perfect knowledge that his real Misty will eventually in just a matter of moments pierce through the appearing Misty and no matter what he did to the appearance and Dase,when he said-i'll kill you and enjoy your slow death and see if you want to die like that again and again for me or rather get a moments chance to be with me if the former assured an uncertain but definite permanent union-he meant every word of it as he himself had long surpassed any limitations whatsoever so even if he was in this world nothing really mattered to him at all...and at this moment i just said yes he could never be not but only ever be with me as he knows it himself that i was only he himself(all crying)..this finally appeased the devil and then with that same

nonchalancy and playfullness he proceeded formally to define by word what he exactly showed me first hand that the nothing could describe our bond in between most appropriately except saying that we're soulmates and now this again would make us laugh out even in this state(tears,but smiling,Daisy and Lillie stopped crying and looking at Misty now),he finished it with probably the greatest audacity you can imagine while at that juncture as if all was just as he showed a mere appearance and self illusion with you admitted soulmate and even that that's the word he laughed off as he knew he had just shown what he meant so his appearance and behaviour or words never matter thus he said that(mild laugh,with tears,Daisy and Lillie closely looking at Misty not crying a bit flustered,with faint smiles)Ash and Misty are soulmates and this fact no vulture,be it of Cerulian or(all laugh with tears) any other godforsaken breed(now all laughing with less tears)can ever do anything about no matter what

they insinuated(all laugh with tears of joy now)
and then finally admitted to reconcile with me,only
after the declaration that even in his biggest all-or-
none juncture,all his steps and actions has thus
been rigourously proved so that(all laugh)no
Cerulean Brats and Vultures (all laugh out loud) no
matter what they insinuated to (all laugh again)
could ever prove the fact that Ash Ketchum wasn't
honest with himself(all laughs with tears)
Lil,Dase,first to me and now to us all,just as
jovially he made us cry to death has he made us
laugh to immortality,Ash Ketchum masterfully has
shown that no matter what the Cerulian Vultures
has ever insinuated to in their damn books(all
laugh again),Ash Ketchum by totally self
destructing himself has rather directly shown
anyone what soulmate really means"(everybody
brusts into tears of joy and laughter and engage in
group hug,claps)
