

(5 minutes later, Tracy Calls Misty,Misty laughs uncontrollably showing Ash the Phone,Ash murmurs swears)

Misty(laughing) : "Trace... didn't you have enough in the morning?(brusts into laughter)"

Tracy(smile) : "hey, it's just..."

Ash(angry snatches away the Phone,Misty connects with them Via Ash's phone) : "that you'll have to wait till my wife connects in this forsaken conversation(all brusts into laughter,Daisy,Lillie,Gary)...i see the souls are with their mates(all again brusts into laughter)..

(Misty finally connects Ash and all in conference)

Tracy : "Misty,this is..."

Ash(angry): "Excuse,Excuse(all brusts into laughter), didn't i warn you not to utter my wife's name?(all brusts into laughter)and to not breach the 100 foot circle (all brusts into laughter)...what is it Trace,huh?that it takes you 17 years(all laughs uncontrollably) to misunderstand(all brusts into laughter) that ASH WANTS TO BE

WITH MISTY (spelling,all laugh)A-L-O-N-E(all
laughes uncontrollably)

Tracy (laughing) : "is your Pewter-cum-Viridian
Beau alive?(all brusts into laughter)"

Ash(angry) : "why,huh? can't you evsdrop there
too(all brusts into laughter)?"

Tracy(laughing,Brock finally laughs,who is also in
Conference call) : "well your beau's doing it
himself(all brusts into laughter)"

Ash(frown) : "i see,heart-wrenching(all brusts into
laughter)...why don't you connect the Cerulian
Gym as well(all brusts into laughter)...the brats
must be hungry too(all brusts into
laughter)...Brock,why is it that the brats can't get
the same badge 8 times(all brusts into
laughter)?..."

Brock(laughing) : "they've never longed enough(all
laughes uncontrollably)"

Ash(frown) : "i see,Violovious beau(all brusts into
laughter)..but i realize why you're unhappy that
you're not getting your customery class on the art

of Mantyke(all brusts into laughter)lectured with intricate artistry (all brusts into laughter)...but Trace..now that you've breached my ultimate warning,Ganger's coming for you..(all brusts into laughter)..why Trace,huh!that,now you're also sketching Gary's sweet sweet moments(all brusts into laughter) and that too he doesn't get much(all laugh) due to the overwork he has to do to professionally balance things out(all brusts into laughter) all because you're personally balanced(all laughs uncontrollably)?"

Tracy (laughing) : "personally also the lonely lesser half of another"(all brusts into laughter)

Ash(frown) : "Gary,what's a half-evolution?(all brusts into laughter)..and then how can that be lonely lessened?"(all brusts into laughter)

Gary(laughing) : "it insinuates(all brusts into laughter) that the lesser is the time to the half-hour before your lonely coupling(all brusts into laughter,Misty blushes,smiles and hugs Ash,Ash smiles at her),the vultures are indispensable(all

brusts into laughter) to imbalance out the not professional and all personal balance(all brusts into laughter)"(all brusts into laughter)

Ash(frown) : "i see,and by the way,why are the flowers not insinuating grivance?"(all brusts into laughter)

Daisy(laughing) : "my man is gently cunning(all brusts into laughter)"

Lillie(laughing) : "and mine perfectly balanced(all brusts into laughter)"

Brock(laughing) : "atleast the sinister-gentleman(all brusts into laughter) and the balanced-personal(all brusts into laughter) has their choirs(all brusts into laughter),i'm only beeing(all brusts into laughter) on memoirs(all brusts into laughter)"

Ash(scoff) : "Mantyally Poeted(all brusts into laughter) i see..and thus all has decided to ticklize(all brusts into laughter)my rigourous soul-searching(all brusts into laughter)?"

Lillie(laughes) : "straight to Cerulian City"(all

brusts into laughter)

Gary(laughes) : "with the perfectly balanced
vultures(all brusts into laughter)

Daisy(laughing) : "who are indispensable to
intricate logic(all brusts into laughter)"

Brock(laughes) : "that'll precisely uninsinute(all
laughs)any godforsaken contradiction(all brusts
into laughter)that eludes swearing(all laughes
uncontrollably)"

Tracy(laugh) : "through the eloquence of
unimaginable hellfire(all brusts into laughter)till
our Legendary Master finally runs away(all
laugh)with his eternally sweet Misty Flower(all
claps and laughs,smiles,Misty blushs and hugs
Ash)"

Ash(scowl) : "yeah thanks for mukizing(all brusts
into laughter),but i'll hope that no gentleman
looking fox(all brusts into laughter) would
suddenly appear out of the pinken bushes(all
laughes uncontrollably) even via forsaken
mobiles(all brusts into laughter)to opine that(all

laughs)the third person is better suited to methodically analyze the first and the second's relationship(all brusts into laughter) than themselves(all laughes uncontrollably),by virtue of his professional observation(all laughes uncontrollably)better called evsdropping (all brusts into laughter),which is persistently sketched out(all brusts into laughter)...or that no pokemon doctor would try his hand in meticulous cooking(all laugh) of the eloquence of pinpoint observation(all brusts into laughter),saying everytime that yeah indeed it's time(all laughes uncontrollably)...or that a great researcher would suddenly use all his great intuition and vast knowledge in wrong places and subjects(all laughs) and make a balanced insinuation(brusts into laughter) to a man who was with an absolute brat of a travel-companion named May(all brusts into laughter)that had beaked his head off to know everything about his conversations with his girlfriend(all laughs) on cost of proposal (all

brusts into laughter),who had infact charmed her so much that she thought her big bro is too oblivious and would miss a unique chance(all brusts into laughter)as her brother isn't well-balanced in sweet talking(all laughs) especially after confessing (all brusts into laughter)so she from her own experience with another constant rose named Shrew of the type specification of Drew(all brusts into laughter) could bestow some wisdom(all brusts into laughter).."

(May&Drew Calls from hoenn to Brock,all brusts into laughter)..

Ash(frown) : "for gods sake..(all brusts into laughter)

May(giggle) : "congratulations Misty!"

Misty(smile) : "Thanks May.."

Ash(frown) : "hey,wait there rose wait (all brusts into laughter), don't utter my wife's name, don't disturb her, don't mingle with her,DON'T LOOK AT HER(all brusts into laughter)...besides, might i have a word with your gurdian (all brusts into

laughter)?

May(laughs) : "we are saying Hi to all(all reciprocates)..and yeah to my battle-hardened-Mist-stricken bro(all bursts into laughter),how did you figure out the ring size?(all laughs uncontrollably).."

Ash(frown) : "when i decided to sent various than only one(all bursts into laughter)..besides why's that your gurdian never adored us(all bursts into laughter)?"

Drew(laughing) : "Hi all(all reciprocates), congratulations Misty(Misty reciprocates)..now to answer the Pokemon Master,who ever thought 5 minute means wait then attack as all will attack,only to always run short of time(all laugh) but,the master wasn't sent roses cause the Master might've tried to save some money (all laughs uncontrollably).. though his biggest hindrence was that he never differntiated roses from gym badges(all bursts into laughter)...thus my endeavour (all laughs)..."

Brock(laugh) : "though master thought he could learn the rosebolt attack(all brusts into laughter),he always was afraid to pick those up from bushes as an gentlemanly ungentleman(all laughs uncontrollably) could've been picked up instead (all laughs uncontrollably)..."

May(laughs) : "plus,he also never realized the difference in the beads of the rosary of laughs(all brusts into laughter)..could mean something else than the obvious (all brusts into laughter)..."

Ash(frown) : "i see,what beads are you two little pests calculating now(all brusts into laughter)...besides which forsaken vulture flew to you two(all brusts into laughter),the crooking doctor(all laughs) or the observing gentleman(all brusts into laughter)?

Drew(laugh) : "formally through the Pettlesburg Gym,where it reached via someone very honourable but to the utmost mistune of who's a certain Mr Mime i hear is being used to chalk out

deals(all brusts into laughter), personally via a man who got cooked in the last hours of the night with a once-ever lecture (all brusts into laughter)"

May(laughes) : "so the deal-make Master (all laughs) is asked whether the baiting process was costly or not(all brusts into laughter)"

Ash(frown) : "i see,a certain beau has returned a prank on his beloved (all brusts into laughter)..Gary,what is your balanced intuition(all laugh) saying now about how can always a sweet-cunning-little boy from Pallet(all laughs) get so sought after especially when it's his time for his flower-tendering(all brusts into laughter)..which should be best left privately unobserved (all brusts into laughter) or personally uncooked(all laughs) or throughly unpestered(all brusts into laughter) doesn't only get minutely sketched(all laughs uncontrollably) but opined on the art of timing(all brusts into laughter) and most disgustingly copied(all brusts into laughter)

Lillie(laugh) : "well the least professional half of

the balanced intuition(all brusts into laughter)
infers that(all laughs) it's always due the Master's
one abject failure (all laugh) in making sure that
his movements didn't insinuate(all brusts into
laughter) to the whole vulturedom(all brusts into
laughter) before he nourished his sweet little
flower(all brusts into laughter).."

Ash(frown) : "i see,intuition is viral(all brusts into
laughter)..anyhow as i was saying..

May(laugh) : "just a costly disturbance(all brusts
into laughter),the sister hereby with the behalf of
each of her family beaks her big bros head off(all
laughes uncontrollably) that may the honey be
costly around the moon(all brusts into laughter)"

Ash(frown) : "i see,the sister is especially
indisciplined around her gurdain(all brusts into
laughter)..so as i was saying during battle frontier
a certain balance man(all brusts into laughter)
came to meet me and my group for everything in
the world except compliments for certain titles(all
brusts into laughter).now this perfectly impersonal

man(all bursts into laughter) of ours was also a new professor,who professionally professed(all bursts into laughter) that this present he bought from someone to the master,is a special good luck charm in such a way only in the presence of the man's rosed little sis(all bursts into laughter) as the professor proudly presented the thesis on how to remove the unnecessary to find the necessary which helps the subtle necessity(all laugh) by removing the cook and the poor little bro of the man's sis who never liked his sister's gurdian(all bursts laughter)..why was that gurdian(all laughs)?"

Drew(laugh) : " as only his sister received the rose and especially never he(all uncontrollably laughs)"

Ash(laugh) : "thanks for the rosey help(all laughs)Guardain..so anyhow the poor little bro didn't like the intentions of his big brat of a reddened Torchik(all laughs),only for the cook to doctor him out of the cunning Bleziken(all bursts into laughter),anyhow this sister-pest(all bursts

into laughter)evsdrops the man..while the man was adoring this present from his sweet sweet flower,which was um..(all brusts into laughter)" May(laugh) : "it's best left to the elder flowers to describe (all brusts into laughter)"

Daisy(laughing) : "something on which the flower's eldest flower(all laugh) was able to evsdrop before(all brusts into laughter) to find out her baby flower has indeed came off age(all brusts into laughter)all smirking in all whites with a little wink(all claps,laughs,Misty blushes and hugs Ash firmly,Ash laughs too) and the rest later(laughs)" Ash(laugh) : "yeah,thanks sister-help(all brusts into laughter)..so what the little sis did to the man?"

May(laugh) : "as for the above stated reasons,the man was adoring this a bit too much too long(all brusts into laughter) bit too sweetly, bit too fondly (all brusts into laughter) bit too carefully bit too minutely (all brusts into laughter),his sinister sister(all brusts into laughter) conspiring with

whom(all laughs)?"

Brock(laugh) : " a certain wicked cook(all brusts into laughter),who removed any confusion the sister ever had on whether the girlfriend,despite all her professional skills and personal charm and especially her particular movements(all laughs) with and around big bro(all brusts into laughter) who ever too happily too reciprocated to dance around(all brusts into laughter) was apt enough in sweet talks or not herself(all brusts into laughter) when it really mattered (all brusts into laughter),so what happened brother?

Ash(frown) : "the devillish sister(all brusts into laughter) suddenly appeared bettering any Ganger(all brusts into laughter) before her poor oblivious brother(all brusts into laughter)to insinuate(all brusts into laughter) the statement in quote- 'observe closer'(all brusts into laughter) and went back to send the cook in to eat up the left overs(all brusts into laughter),so the cook now was evsdropping by appearing before the man(all

brusts into laughter) with a very grave long face(all brusts into laughter) put his crooked hands on the man's shoulder(all brusts into laughter) to nod him only(all brusts into laughter) of the time(all laughs uncontrollably),so the man got confused and turned the picture over to see the other side(Brock,May,Gary,Tracy,Daisy,Lillie laughs),which had,um..(all brusts into laughter)" Brock(laugh) : "sister,this also is better left to the wiser flowers(all brusts into laughter)"

May(laugh) : "perfectly uninsinuable(all laughs uncontrollably)"

Lillie(laugh) : "the seal of eternal longing (all brusts into laughter), intuitively uninsinuable (all laughs uncontrollably)"

Daisy(laugh) : "and excuisitely sweetened (all brusts into laughter)"

May(laugh) : "thanks Daisy,thanks Lillie,but i think we'll need professional help too(all brusts into laughter) as to why the whole present was given in a manner that's impersonaly imbalanced(all

brusts into laughter)?"

Gary(laugh) : "cause the professor personally found(all laughs) something and impersonally balanced it out(all brusts into laughter) providing the precise accessory to the ultimate necessity(all brusts into laughter) as he knew his student can't battle it out(all brusts into laughter) cause his sweet little big-bro(all laugh) would've pikachupined(all brusts into laughter) to get rid of this personal mess(all brusts into laughter) to imbalancedly eat,battle,drink,repeat"(all laughs uncontrollably)

Ash(frown) : "thanks for personally professional help(all laughs uncontrollably),sweet sweet crook(all brust into laughter),all of this doesn't settle the the signature does it?(all laughs uncontrollably)"

Brock(laughes) : "well the handkerchief was better(all brusts into laughter)..why so little sister?"

May(laugh) : "cause it hid the all the symbols from

sisterly eyes(all brusts into laughter) including the Master(all brusts into laughter)"

Ash(sigh,all laugh) : "anyhow as the Man sees the symbol and especially the signature,he has some Gangers running through his whole body(all brusts into laughter) due to reasons never impersonally thesised(all laughs uncontrollably), but here the temporally perfect cook(all brusts into laughter) sweetens it(all brusts into laughter) with a beautiful dish of suggestions (all laughs uncontrollably) on how to preserve the signature against the time (all laughs uncontrollably)...but anyhow later as the sister realizes that the girlfriend is only too apt at everything she has ever done(all smiles,Misty blushes,Ash firmly hugs her,smile)...except leading the bug speciality(all brusts into laughter) unless it was the man's unfortunate bunch(all brusts into laughter,Misty hugs Ash firmly,smiles),who were told who their real master is(all laugh),even way before being cought(all brusts into laughter),just as everyone

else(all laugh) and in this case the big-bro always cruelly agreed to her than to his bro(all brusts into laughter)..well the bugs helped the most on the very second day itself(all laughs) as the bike got replaced by he man himself(all laughs,claps,Misty and Ash firmly hugs)...which if plausible may be just a sample from the repeating repetitions" (all smile clap,cheer,laugh)..just as all else(all smile,cheers)...um,sister have you ever.."

Drew(laugh) : "please allow for a rosey distraction(all brusts into laughter),by now the whole world has been sweared to know(all brusts into laughter) the intricate details of the grandest theory of devulturization(all laughs) of balanced soulmates(all laughes uncontrollably).."

May(laugh) : "so as the poor sister was first shown the process on her 1st anniversary (all laughs),she got as usual,too flustered to understand the motives of the Master(all laugh),and only after the big cook's emotionally cooked call(all laughes) in one past midnight (all brusts into laughter) today,

it dawned upon her why suddenly the master turned on her little sis when she said she couldn't have had a day that she unfortunately described as BETTER(all brusts into laughter).."

Drew(laugh) : "and the rose-merchant(all laughs) thought how can the ever sweet bro suddenly become the swear master pro(all laughs uncontrollably) on a word that too on such a day and as naive as better(all laughs)..but he also as his rose-destination(May giggles, others snile) got directed to(all laugh),realized if better wasn't enough in itself it was already preceeded by the most dangerous word that absolutely pierced the rose of the soulmate theory(all laugh) by means of temporal bondage(all brusts into laughter) and that too which had a non-vulturized uninsinuation(all laughs uncontrollably) that it reminded the master a kind of relationship that he himself wasn't pleased with unless was precisely attached with soulmate theory(all laughs),implying that how much the master

himself wanted his own soulmate but as usual the master would battle the comeback than date the comeback(all brusts into laughter) as per the order of his old-wise-bro(all brusts into laughter),the word had to be all but anniversary (all brusts into laughter)"

May(laugh) : "and then on hearing about the eloquently sweward(all brusts into laughter) but uninsinuably detailed(all brusts into laughter) lecture on the soulmate theory,the sister and her roser half(all brusts into laughter) too gleefully realized that all the master did was to make sure that even if we wanted to break up,may we go through all insinuable hells(all laughs) to finally unimplicate the soulmate theory (all brusts into laughter)...and(laugh)..i can even say this and sorry if i'm rude but i guess to all now it's only funny(laugh),am i wrong eldest sister?"

Daisy (laugh) : "today itself 3 hours went on supplimenting the occasion(all brusts into laughter)"

May(laugh) : "and the youger sister i heard has been smitten by lecture since morning (all brusts into laughter) though unfortunately she couldn't be present on the class(all brusts into laughter)

Lillie(laugh) : "and she has been able to laugh off any suggestions that her husband is with her forever (all brusts into laughter),as the word forever has a disturbing vulturization(all laugh) that it says an effort to find the soulmate(all brusts into laughter),as by now we all know the perfect way to soul-searching-> quote,swear,mortify,repeat(all brusts into laughter)"

May(laugh) : "thanks Lillie,and so now as in this case,the brother was told today's the first anniversary,which though did please the brother,the chu-bro thought it can't mean a league victory anniversary (all brusts into laughter) as in chu-bro's pika-dictum(all brusts into laughter),one should after coming back to home being 2 years away,absolutely must catch the very first transport

to the next league(all laughs uncontrollably) so this created a tension between the bros(laugh),and then if it wasn't enough even if the master at first digested his biggest hindrance the time(all laugh),now it was coupled with BETTER (all brusts into laughter),so the lille bro surpassed the big bro by every way unimaginable (all brusts into laughter) and in excerpt swore that(all laugh),the poor little sis with her poorer littler rose(all laughs) must be namecalled to absolute hell(all laughs) unless they were calledname(all brusts into laughter) that quote 'didn't (namecall)realize the (namecall)insignificane of (namecall)time so that they may instantly (namecall) break-up(laugh) as their own little (namecall)existences itself made no (namecall)sense(all laugh)' which now as the world has had to be,mercilessly swore-in to redisinsinuate(all laughs uncontrollably) the fact that Ash is Misty and Misty is Ash and as are the rest,who weren't lucky like the master himself to

swear the namecalled intuitive theory into
calledname reality(all brusts into laughter) allegedly
by Gangerizing through Kalos libraries (all laughs
uncontrollably) on darkest nights(all laughs
uncontrollably) or gracefully tenacious like the
water empress herself to withstand all
unimaginable hells to finally topple the grand-
master (all cheer for Misty, laugh clap etc)..but
those who weren't so fortunate like this once only
duo in all eternity as they always are being(all
laugh),can just sucide than to even think of
breaking up(all laugh) fearing that if the soulmate
theory is breached despite eloquent warnings(all
laugh),Master's full swearing would laugh off any
infinity limit ever describable(all brusts into
laughter) to force them into rather be as they are
cause this is the Master's message as we
interpret,any family skirmish or even relationship
skirmish if happens and one has completely given
up,just remember the master's masterfull
induction of anything to the eternal hall of

namecalls(all bursts into laughter),to be more than most happiest the very next moment(all laugh,clap)..so basically the master has just swore off all divorce laws(all bursts into laughter) and (smile)heartbreaks(all smile),but most importantly,the Master has swore off even the little frown and scowl between soulmates out of frustration upon each other and made them always happy,always remembering the Soulmate theory by heart(all smile,clap)..My big Bro has masterfully shown another namecalled way(all laugh) to family or relationship happiness in all eternity...(all clap and smile)"

Ash(frown) : "i see,i'm the posterbro now(all bursts into laughter)..by the way,why you travelled from Pettlesburg to Cerulian-of all places (all bursts into laughter)..."

May(bit flustered) : "um.. Cerulian should be good..(all laughs even more)"

Misty(laughing) : "i'm eternally allowed(all laughs),so i'm not excusing myself(all bursts into

laughter),Cerulian is the most unfortunate city in the world as the Master's flower was the gym leader there who is currently talking from AWOL(all brusts into laughter),where the City's eternal bugs(all laughs uncontrollably) dared to fly through the entrances(all laughs) to not only at first making the unforgivable mistake of even buzzing the flower's name(all brusts into laughter),then doubling the absolute sin by having to look at her as she was talking to them(all brusts into laughter) then finally committing the ultimate sin of challenging her at 2 at night with an Onix(all laughes uncontrollably),thus when the Master steps foot in the gym with his flower,Mr Skechit what are the unforgivable conditions?"

Tracy(laugh) : "well it starts as like a warning template as 'hey namecall(all brusts into laughter), don't ever look at her, don't ever utter her name, don't ever talk to her,dont ever come anywhere near the 1000 feet circle around her(all brusts into laughter), don't ever call her, don't ever challenge

her to a gym battle, and finally don't ever insinuate that (all laugh) she did something great (Misty laughs), as (laugh) any association of past tense with her name would simply result in the a certain another once only duo to mercilessly prey upon you- Feraligator and Crawdaunt (all laughs uncontrollably)"

May (laughter) : "no Drew hasn't seen Feraligator that i had the greatest misfortune of ever meeting (all bursts into laughter) that too twice (all bursts into laughter), first time he replaced my pokemons with exactly similar pokemons in same pokeballs that weren't mine (all bursts into laughter) and second time even more brutally he used my Blastoise to water gun a Ponyta (all laughs uncontrollably) as that unloved brat wasn't swimming with our beloved brat (all bursts into laughter) and if that wasn't enough for my poor boy, he taught him that all Ponytas in the Lab can only be tamed by defence (all laughs uncontrollably), which he himself showed my

Blastie but with a different one who was his friend (all bursts into laughter), my poor Blastoise got almost fried that day, only for the brat to wisely console him that, yes what he said did mean it as Blastie told me that pest said he rather ever feraligated that, attack is the best form of defence (all uncontrollably laughs)..."

Drew : "but i saw to my exact affairs with hell (all laughs) Crawdaunt of all (all bursts into laughter), well he was a Corpish then but he instantly ate up my roses (all bursts into laughter), snatched away my pokeballs, tried to spoil my bunch to do the exact opposite (all bursts into laughter) and most brutally when the little pest was caught for a whacking, he made a face that fooled everyone into letting him go, only to their utter disgust later to see he has tore apart all their dresses exactly which can't be described in public (all laughs uncontrollably), and by himself went inside a pokeball of mine (all laughs uncontrollably)..and this was Corpish, i'd never like

to face Crawdaunt in any eternity(all brusts into laughter) as now with his psychic abilities,he'll probably try fool my bunch by stating that i'm the one who was trying to steal them(all brusts into laughter) let alone his sinister soulmate(all brusts into laughter),who though doesn't have natural psychic abilities which is more than made up by his own abilities (all brusts into laughter) who as i heard likes to fool everyone by taking them to swimming only trying to make them his own boat,on which he could water dance(all brusts into laughter)with his size and strength (all brusts into laughter),and i guess that's the reason why Ponytas are so much in demand(all brusts into laughter)..so surely this duo if together is absolutely irreplaceable in all eternities...and yes,all said how team rocket was beaten by these two,no wonder,they that day just thought the team rocket head was rather naïve(all laughs uncontrollably)..Ash,from where do you keep finding such only ever pests?(all brusts into

laughter)"

Ash(laugh) : "then there's hugging master Muk,tickle king Ganger,boredom merchant Snorlax,wisdom brat Noivern,showoff boy Charizard,too caring Bayleaf,too sentimental Torquail and finally too everhappy Heracross,who has always pestered my poor Bulbasaur because of his vine(all brusts into laughter),who is my groups universally admitted leader but obviously expect my sweet chu(all brusts into laughter) and there are many more gems, Kingler being another who is the most ardent follower of the two siniater brats(all brusts into laughter),oh by the way Heracross is a bug type(all brusts into laughter)...and by further a way May why did you go from Pettlesburg to Cerulian to steal and bike back(all brusts into laughter) my sweet flower's new bike to get it destroyed in the same way so that playing sentimental insinuation tricks(all brusts into laughter) you went with me to pester my life out for the next 3 and half years to know

everything about everything of the person,whose bike you stole in the first place(all bursts into laughter)?"

May(laugh) : "without the his eternal queen flower,nobody ever had any entry to go anywhere near the master and that too especially for girls(all bursts into laughter)..i reminded the master of his flower's cycle,Dawn said Cerulian was a great city with a very famous gym with a very beautiful leader as she went there once with her cousin just about 5 or 6 months before she met Ash,the mentioned cousin now unfortunately falls into the list who will be sworn off as he challenged and despite not being very good the Empress kindly bestowed upon him the badge(all laugh),well as usual that is that the Empress would do to even Elite4 leaders(all claps,cheer for Misty,etc)..so by now i don't know whether he's still among us or not(all bursts into laughter)"

Misty(laugh) : "Order!the Empress wants to speak(all clap,order,laugh,etc)..Cilan was a big fan

of Sensational Sisters and especially the Empress herself(all brusts into laughter),i really doubt whether he's still alive(all brusts into laughter),Iris's first region was kanto and Cerulian the very first gym(all laughs),so she might've been born again by now(all laughs uncontrollably) and now i've come to know that despite the master had broken up,in Kalos too not to that severity but still people were judged by the scale of the Master's flower(all laugh)..and Sinnoh and Kanto Elite4 were sworned into compliance as the Master proceeded to date his flower(all brusts into laughter)..but about the bug and the man and the flower(all laughs),the man and the flower from the very second day started to fake fight all the time(all laugh) and though the man's big bro didn't understand the point(all brusts into laughter) as his little bro wasn't exactly willing to defeat the flower or the viseversa (all brusts into laughter) rather only prolonging it(all brusts into laughter),which pikachued upon him(all brusts

into laughter) that it's called Pikachumate(all bursts into laughter),thus since then the big bro never even on the little bro's desperate insistence ever fought his sweet 'lil bro's flower(all laughs,claps,Misty and Ash hugs each other firmly)."

May(laugh) : "but the big bro ate up the sisters bunch many times despite the lil bro's desperate warnings to go easy(all laughs) as to the big chu,a pika doesn't get chu unless he's properly chewed (all uncontrollably laughs)"

Ash(frown) : "i heartily swear everyone (all bursts into laughter) who dared to hear my flower's voice(all bursts into laughter) and had the audacity to pain her vocal chords (all laughs uncontrollably),anyhow this little sister opines that the price of the signature-ink might be a good topic to focus on(all bursts into laughter),which is finally brushed aside by the man with the threat that the roses will be sent back with greetings next time(all bursts into laughter)...but still the

man thanks God cause a certain foxly gentleman(all brusts into laughter) wasn't present there with the crooked-timer(all laugh) or the pester-sister at that time(all brusts into laughter), otherwise if the treatment and the prescription weren't good enough(all laughs),the intricate meaning of each line of the man's face during the whole event(all brusts into laughter) would be minutely summed up in a precise sketch(all brusts into laughter) as the perfectly observed proof(all brusts into laughter) of the sweet sweet hearts(all laughs uncontrollably,clap,cheer,etc)"

May(laugh) : "well i'm only too unhappy that Mr. Tracy Skechit wasn't there around the rosey couple(all laugh)"

Tracy(laugh) : "why don't i bushdrop there May?(all brusts into laughter),and why was it always a rose Drew, variety is never verifiable(all brusts into laughter)"

Drew(laugh) : "i'll have to sketch the answer out(all brusts into laughter),as how roses are perfectly

observed(all laugh) to be balancedly giftable(all
laughes uncontrollably)

Gary(laugh) : "well it perfectly imbalanced the ice
balance(all smile,clap)"

Drew(laugh) : "professionaly uninsinuable

Professor Oak(all brusts into laughter).. anyhow
we'd better get going now,..."

Gary (laugh) : "may the students be able to
unnesseciate the necessary if the necessity was
subtle enough(all laugh,clap,etc)"

May(laugh) : "bye all and yes from our
part,Professor Oak,balancedly agreed(all brusts
into laughter)...by the way from both Me and my
whole family to my bro,The Once Only Ash
Ketchum,Pokemon Master Hall of Fame of all of
His Own(all clap),we're very happy for your all and
our all,which i hope will be discussed now,a
surprize for the Once Only Misty Waterflower
Ketchum,who is just Ash Ketchum in a different
body(all clap) so we're not describing her much(all
laughes),bye to all(goodbye,etc)"....

Misty(laughing) : "um,sorry but the empress again needs to rehearse her voice a bit(all laughs uncontrollably),so anyhow what's the surprize?"

Tracy : "well it's a big surprize"

Misty(laugh) : "sweet sweet TracyDevil(all brusts into laughter)...might i have an insinuation(all brusts into laughter)..the farm is now enlarged and annexed as a Laboratory Part?

Gary(smile) : "way bigger"

Misty(surprized) : "um..(laugh).. Crawdauntogator has finally broken-up(all laughs uncontrollably)..."

Lillie(laughes) : "exactly the opposite(all laugh) and only to be joined by Charizard(all brusts into laughter) ,who's on emergency but trio-night itself will force emergency(all brusts into laughter),if they haven't already(all brusts into laughter)"

Daisy(laughes) : "and the hint is that the number is only going to skyrocket"

Misty(looks at Ash,Ash smiles at Misty and hugs her,smile) : "i see..(laugh,hugs Ash) Cerulian Gym flying to Pallet(all brusts into laughter)?"

Tracy(laugh) : "these words are nothing to the Master's soul-travel..(all laughs)"

Misty(smile, hugging Ash) : "nah! I need to recall(all laugh), what's up?"

Gary(smile) : "let me professionally balance it(all bursts into laughter,Ash hugs Misty and smiles),according to future,Oak Labs directorship has been professionally and equally divided into two parts formally as Professor Samuel Oak completely retires from directing and being only the mentor or advisor

for Dr. Tracy Skechit,whose degree will be conferred with special distinction next month and will be sweetened as finally his parents has agreed to come and stay with him(all clap) and this thank goes to the master,who while putting his sweet gentleman through all hells he thought proper for many years,kept cajoling the gentleman's parents as to what he is now and all and finally managed his big brother to submit to the Master's kindness as the master himself made

his life far easier with the Kanto Elite4,when they thought the business was encroaching Pokemon inhibitions which was a false accusations by another opponent group who themselves were involved in a big nexus between the Kanto Elite4 itself,and Lance is totally a pet to our Master(all laugh) as the Master insinuated things seemed wrong to him..by the way the Master has made his knowledge,reach and power through the very same parties which though at first turned his head a bit,but as usual the master came back with flying colours as he started to get all informations possible and later totally boss anybody around with his own unique nature and thus the terrible secrecy throughout Kalos,by the way he would solemnly discuss pokemons with especially any girl that dared to cross 1000 feet(all laughs),and thus bait them with his knowledge which were rather gibberish (all brusts into laughter),as all he did was to mix everything up in eloquent manner(all laugh) to fetch their parents and thus getting the

reach bigger,the oblivious sweet sweet turned out to be most cunning fooling devil(all bursts into laughter)..the Master thus has continued to play his game of self mortification,which now from his brothers and their soulmates are very sternly warned against,as if he tries that again,he will be thunder-chained to muk himself(all bursts into laughter),anyhow so now finally after almost 17 years of trouble,Dr. Tracy Skechit has finally been able to come into terms with his only ever personal relationship problem,his own family who finally recognizes his achievements and warmly turns the ice into the warmest sun,with also a small insinuation to the Master(all laugh) that sun is indeed beautiful on the famous Cerulian Cape(all laughs) but even more so if it's quote 'Gymmed' well(all bursts into laughter),so here is a big Thanks from all and by-the-way Trace,you would like to say something.."

Tracy(laugh) : "yeah Dr. Tracy Wicked(all bursts into laughter) says from behalf of his

soulmate,who knows only too well all about an AWOL case(all laughs),and thus threatens the Master(all laugh) to return his 2nd badge(all laughs uncontrollably) which she gave away without fighting(all laughs) with another threat that may our coming future has the first Pokemons chosen and be bestowed upon them with all necessary wisdom about them by the Master himself (all claps) and she so wishes that may it be anything from the grass brand except Chikorita(all brusts into laughter)...and here Gary again.."

Gary: "yes,Gary Oak from behalf of his soulmate Lillie legally claims(all laughs) that unless our future is bestowed upon by the Master himself with all the necessary knowledge the first Pokemon being a Pichu(all clap) the a certain impending un AWOL ment ceremony (all brusts into laughter) would be legally mouthed off to postponement (all claps,laughs)...and again to impersonally return to future(all laugh),as the

Directorship is shared by Dr Tracy Skechit and Dr. Gary Oak, whose degree would've taken a month more due to official intricacies which has been totally thunder-chaired off (all laugh) and his few papers which wasn't reviewed properly despite many proofs that they were unique findings also hasn't only been gangered (all laugh) to review as such authorities when faced with the particular findings of Gary Oak on none other than our beloved leader Bulbasaur with the our particular Bulbasaur, was totally bemused by his once only ability to properly doctor any pokemon or human to the ultimate efficiency as he thoroughly described before them about which these papers were made by Gary Oak also citing such potentialities and all that in other types from various regions etc and thus when and thus he'll get the degree with all distinctions and if his papers are later cleared, there also must be official apologies along with that and by all means the provision of the deserved means to the lab, so

Tracy and Gary will get their degrees on the same day same platform to also insinuate (all laugh) that the achievements of the duo is unique and thus needs precise recognition and what comes with it, making them hold a sway just like the master over anything that hinders their research..and all kinds of accusations over papers published from this lab has that has been made over patent and all that which recently has given the lab quite a few big troubles has been sent to eternal hellfire citing the master's pokemons themselves and for this the Master used his beautiful Torquail(all laugh) whose moods and sensitivity to anything regarding pokemon sentiments in all kinds(all laugh) has totally bemused them that how can a once ever moody brat(all bursts into laughter) like this stay ever so happy with all in such a big lab and that too with her own family(all bursts into laughter) and absolutely nowhere else(all laugh), when she sentimentally volcano-charged at them and the

poor Professor Kukui's Lab pokemons(all brusts into laughter) and finally the Oak Lab will get the distinction of Uniqueness in many fields which wasn't conferred before as the directors didn't quite agree with existing rules that has massively hindered them with proper official apology that the authorities now have to virtually make Oak Labs the most powerful and unique lab by a far far margin in pokemon world with many new sections and all that and even the small branches in other regions will be massively boosted now to make it an once ever lab by all means the whole area of Viridian Forest has been perfectly annexed to it so that it'll serve as a catching ground but also as a protected area so that no damn brat(all laughs) can insinuate it to encroachment (all laughs) as has been the recent trend,any sludge that tried to make Pallet a township,has been totally sworeed off to all hells unimaginable(all brusts into laughter),snatching away any area which was a habitat of Pokemons,the whole forest surrounding

Pallet apart from Viridian has got the same distinction, and the Master gives the full credit of all these to his own only big-bro, who could only be handled by Professor Oak alone except the Master, his mom and a certain person gone AWOL (all bursts into laughter), and whose very presence was enough to give everything unimaginable to Oak Labs as they realized anything else would compell the Master to forsake his big-bro at their hand (all bursts into laughter), the consequences of which is better left unimagined (all bursts into laughter).. Trace, personally imbalanced (all bursts into laughter)" Tracy (laugh) : "yes and along with the farm other landmass whatever was existant and unused or misused surrounding pallet all has been gentlemanly foxed (all laughs) from any vultures (all laugh) simply by stating they want to make pallet and all a township simply because they're using the Master's Name and any pokegoon was bratted off saying that if not

budgeted they'll be gifted a pair of aquatic
present(all bursts into laughter),that'll make life
absolutely heaven for them(all bursts into
laughter),Virtually making Everything around
Pallet,the other little towns and all that has been a
rather legendary for starter trainers all will come
under Oak Labs now and their jurisdiction so that
as long as Pokemons are concerned,no
unpokemon business can imply anything about
it(all bursts into laughter),thus the little lab that
was started by Professor Samuel Oak and later
was enlarged to some amount now has become
an once ever one with by far the largest area,
distinction,power and uniqueness,the
headquarters itself has been made a colony and
many branches are also enlarged and
empowered,but again as the Master's own stroke
it has lessened the pressure from the directors
directors from even administrative burden as a
huge group of extremely efficient staffs been
mouthed in(all laugh) via all

Elite4,Labs,Gyms,Pokemon

Centres,Contests,college students and whatnot and all excellent- they're assembled from everywhere.precisely assembled by none other than our master's right hand disciple Lance(all brusts into laughter) and his biggest fan Professor Kukui(all laugh) and happily given to us(all clap and laugh)...finally in one word,if it's properly maintained and looked after,Oak lab is an once ever miracle in the pokemon world(all claps)...the Elite4 in Kanto will work hand in hand with it now officially and abused and abandoned pokemons thus gets more and more chances to find masters and care and all that,and Lance was actually much pressured before but now life has been made extremely easy for him as he later on my personal call to him today confirmed the Kanto Elite4 people who were hindering Lance and recently had made his position almost untenable cause he was the one barrier to their power abuse,but as luck may have it on the formal dinner after the

master's Kanto Elite4 Victory which was his very last match of the career before he was conferred the hall of fame automatically, and the match itself gave Lance much joy due to we-know-why (all laugh)..but Lance said that, on the fateful day the master was in his all happy tarsh-talking self but due to his relations with Lance, the antics were rather funny than confusing (all laughs)..then as the Master wanted to know the history of the Viridian and Pewter city gym, cause of Viridian's legacy and Pewter's uniqueness..now Brock, Forster's relationship with the master despite his beau (all bursts into laughter)..

Brock (laugh) : "the Master confused my whole family by always being as sweet as ever to them but professionally (all laugh), despite his personal things and he helped Foster much with many things, so Foster never understood our problem at all and to my then utter confusion neither did i, as despite the fact what he did to me did, but i can only say it was the only thing i didn't have and it

also paved my way to my Viol flower(all clap) but still i never understood the self mortifying nature of the Master and all his games of ever sweet-ever sour attitude with all who would curse you to hell but send your very own relations to heaven with equal nonchalancy,it was just impossible to understand, through i now only have realized that it's a double edged sword,those who were helped would think twice as their very own would be abused and alternative way the abused would be utterly dumbfounded by the help that their very own got from the same person.. that's exactly from the all-conquering water duo's textbook isn't it Ash(all laughs uncontrollably)?"

Ash(laugh) : "precisely (all laugh),that is who they are in soul,just translated via many human libraries,labs,professionals,bitter hangouts and sensational parties(all brusts into laughter)"

Brock(laugh) : "long live the godforsaken, godforbidden, goddamned water-duo(all brusts into laughter),what are they upto now?Gary(all

laugh)"

Gary(laugh) : "they're rather submissive today cause they've got their beloved opposite type lackey there(all laugh),so they're today sharing knowledge on different types of Pokemons to enhance their skill(all bursts into laughter),and Trace always told me that he is so happy that Ash choose me to look after those two sinister brats(all bursts into laughter) and always their lackey if he was here and their disciple Kingler(laugh) though Trace had Torquail,Bayleaf,Snorlax,etc(laugh),but Bayleaf is now out for a long tour at Kukui Lab so much relieved(all laughs),but suddenly now Trace will have the duo's only ever equal,who the Master is kindly leaving for a checkup and rest, though rest to him is a mere wordplay (all laugh),none other than the once only Tickle Master(all laughs uncontrollably),who has already broke Tracey's orange dreams once and played a family wide prank second(all bursts into laughter),now he'll be

there for a month(all laugh),and that too without the one whom he actually rather loves to Obey that's the master himself,so now the ghostly Pest will uncontrollably run riot in the whole Trace section(all brusts into laughter),which the 2 brats here doesn't know yet(all laugh),and then when the 3 gets in there with none other than the Master's beloved flower's perfectly balanced Golduck(all laughs uncontrollably) for his rest,who after some years of hardship, hasn't had much time to actually totally be himself(all laugh)..so let go off the power and all,Ganger is the highest evolution of purest ghost type,Golduck beat psychic water pokemon and Misty's Golduck may be the best ever psychic type by all alongside Crawdaunt,whoose the only match for Misty's Golduck cause Golduck has way more heightened psychic power but is rather innocent (all laugh),he just wants to play around but Crawdaunt is the nastiest brat ever to live(all brusts into laughter),so now he gets a huge advantage having

Golduck, and then finally the least type strengthened but the most brutal planning genius in all hells(all laugh) and physically strong one and only Feraligator (all laughs),who will now have the Tickle Master as his beloved comrad if Crawdaunt wasn't enough (all brusts into laughter),and you know Ganger itself is an extremely dreaded name throughout cause just what they can do with anything and our special Tickle master is the absolute legend once only among them(all laugh) and his nature is very simple that- 'What is this Ganger if full of care/We have no time to tickle and fare'(all brusts into laughter)..so this guy is absolutely perfect for Feraligator to get his tricks done,and thus we have a Nasty Tormentor in Chief,an ever Disturbing soldier,a totally carefree fool around right hand with most pure and supreme dark type ability and finally the most brutal prank genius of any specis including humans(all laughs uncontrollably)..then we have the sentimental sister and chief disciple(all

laughs),and then you have the eternal bug
Heracross (all laughs uncontrollably),and finally if
Grandpa is out somewhere we'll have our Hi-Ho
beau muk(all laughs uncontrollably),who
generally doesn't go outside much cause he's
Grandpa's right hand man(all laugh) and a very
rare Pokemon,but he is another extreme pest to
mass pokemon peace,if he joins in with Ganger of
all(all brusts into laughter),then it'll be a meyhém
there cause Bulbasaur deapite his constant
meance Heracross can control all and infact
Heracross is rather pocessive of Bulbasaur,she
wont let others fondle with her illegal beau(all
brusts into laughter)..Bulbasaur can't control the
two meance,well none can except chu-bro(all
laughs uncontrollably),but he commands a love
from them,which gets the limits checked(all
laugh)..but Muk is absolutely disobedient to
anyone(all laugh)..and his first job if outside is to
agitate the Taurose group and let them lose(all
brusts into laughter),then he'd come to my part to

observe his two comrades in actions and have a business meeting with them(all laughs uncontrollably)..then he'd fake fight with Bayleaf and Torquail's children(all laugh),then he'll disturb Heracross's legal beau(all laugh),then would hug Bulbasaur to death(all laugh) after that finally this little brat would go to Snorlax of all and become his boss which means if Snorlax's laziness and constant disturbance with odd questions to everyone like if you're a water type and i can swim,why can't you climb that tree and fetch me that fruit,no no attacks used i don't attack to swim(all laughs uncontrollably),now Muk would provide him the ideas like professional difference between hugging and body slamming,etc(all bursts into laughter)...chu-bro can control absolutely all unless they bribe him out(all bursts into laughter),but chu-bro's sworn in enemy is Ash's Tauros strangely and he is a most common Tauros but if chu-bro is around he suddenly shows amusing intelligence by telling his group to

misbehave so that chu-bro gets angry and as he does he'd then solemnly complain to everyone that chu-bro is jealous of Bulbasaur's leadership..(all bursts into laughter)..which is a huge problem in the group so chu-bro eventually has to chu-sown and bro-up(all bursts into laughter),but this all is a pattern,even Noivern and Gerninja they are rather calm and nice but as i mentioned,the dreaded Ghost hasn't been here for many days and has never been out in the middle,he was with our double-deaths before and knows them well but they were undercover so he couldn't do much there,and we've had a few ghost types but they are very calm rather and many Psychic types they too some are real meance but it's ok,but strangely for such a big lab we've nowhere ever had a Ganger and the first we get is an once only,so sweet sweet times(all bursts into laughter),and he already has made bossom friends with Muk and licked Professor Oak to death the 2 days he has ever been here,scared Lillie to death by suddenly

appearing in the bedroom(all brusts into laughter),Constantly pesterd Daisy by every means so that he gets his favourite dishes all the time(all laugh),hid inside Gary's jacket and tickle him all the time(all brusts into laughter) and finally ruined some of my old sketches by simply trying to reverse the shading order(all laughs uncontrollably)..so if this guy meets the legendary duo,snorlax and all,we'll have enough research for all eternity (all brusts into laughter)..Bulbasaur's in real danger Ash(all laughs uncontrollably),keep him with yourself(all brusts into laughter) and rather manage your ultimate overload to take over(all laugh),these meances to eternal peace(all brusts into laughter) can only be tamed by the once ever chu-bro(all laugh) if Taurose can be kept at the farm ground(all laughs),chu-bro can make sure whatever his lil bros buddies do,if they croos a certain temperamental pikalimit(all brusts into laughter), they'll be forced to infighting and get chided at left and right for their unpikachussional

behaviour(all laughs uncontrollably)during battles(all laughs),but surprize surprize,if Pikachu is shared enough food and drink,infigthing means who can fool around most(all brusts into laughter)..and this still as hasn't decribed the other gems among the rest/so may god grant us some peace to rest(all laughs uncontrollably,clap,all)..and Ash,if these four are here all imaginable legends won't come anywhere near to disturb our extension and empowerment process human or pokemon(all brusts into laughter) and that's why i guess Ganger's being added.."

Ash(laugh) : "precisely,here he's protecting the privacy of my flower's most cherished Lake(all brusts into laughter)..that means at deep night the dreaded ghost is creating hallucinations everywhere along with his juniors Noivern to protect skyside and Gerninja to protect waterside(all brusts into laughter)..Gerninja has Gyarados of all as sidekick(all brusts into

laughter),who'se lying inside the lake totally hidden and enjoying the Kalos region's wisdom from her new big sister(all brusts into laughter),and Noivern has Talonflame with him,the two are rather solemnly discussing the meaning of pokemon life(all laughs uncontrollably) under the dark sky(all brusts into laughter)..Ganger told me he alone is enough for land department but if i really want i may give him his choice,which would've been Muk(all brusts into laughter) but as you know he's buy(laugh,all laugh) so i told him to choose from our Queen's bunch,which he solemnly recalled whoever he knew and he didn't personally know anyone except Golduck,but he's not there today so he said today morning a certain gentleman he hostaged(all brusts into laughter),who had a sweet little girl named Marill(all brusts into laughter),who seems too careful about life(all brusts into laughter),so if such a version is available as Queen told him she has only water types,which in his language is

those who resides in lake like his student Gerninja, showing Gyarados, but Gyarados was instantly rejected as being too emotional for life (all bursts into laughter) which was tested by illusion of many Gyarados' around her all trying to kill her and just as she got enraged and used the first first flamethrow into the water, the ghostly menace suddenly appeared from all illusions which if hadn't surprised her to death and insinuated (all bursts into laughter) he suspects she is a fire type actually (all bursts into laughter) and his experience is that fire types are very emotional especially in night time about which no authority knows more than him (all bursts into laughter) as he has met my Torquail before (all bursts into laughter) and pestered her to death the whole night and saw all of her moods, which his student Noivern observed and wisely commented that the girl is rather sad with her pokelife (all bursts into laughter) which in Gang-language (all laughs) too emotional to enjoy

dark-nights(all brusts into laughter),so Gyarados was rejected,this made poor Gyarados almost cry ,leading his disciple Gerninja to handle her emotions(all laughs)..so Azumarill had to be shown as luck would have it queen only has taken those two,and he's very happy to have a poor sweet jovial girl like that(all brusts into laughter),so that he'll scare her to death the whole night as part of her practical on-hand training on how to keep pests at bay,the forest lake version(all brusts into laughter)..which the Queen tried to foil but was licked to death(all brusts into laughter) and rather had to agree or as his licking means that it's a threat either he has his way or else my flower and me wouldn't have any peace tonight (all brusts into laughter)...get ready for the Gangerized version of Crawdauntogatdelivered by Golduck and reviewed by Muk(all brusts into laughter)" Lillie(laugh) : "Ash,we've had many pests at the Gym(all laughes),but would you allow to keep your rocket-killers there(all brusts into laughter) so that

as a deal,we'll let you un-AWOL someone(all laughs uncontrollably).."

Ash(laugh) : "i wish i could,but the badges has to be sold(all laughs) or the Gym has to be changed into the Hall of Fame water circus(all brusts into laughter)... because as i'll have to have Ganger with me(all brusts into laughter), suddenly you'll see all gym pokemons trying to intrude the match from all over the place(all brusts into laughter),some pokemons would do the exact opposite to what the leaders tell them to,the challengers pokemons might've to be danced upon in water(all laughed),gym pokemons will be told about infinitely many strategies that'll get them into serious trouble even again Onix(all laughs uncontrollably),someone may suddenly appear from under the water(all brusts into laughter) and lick the challers pokemon or if not allowed,tickle the challenger to death and finally the challengers personal belongings,like gym badges,some garments,like a sweet flower's

sweetly mistyevious picture(all laughs) with a sweetest signature (all brusts into laughter) will be totally destroyed(all brusts into laughter) and his pokemons will be meticulously taught the art of exchanging pokeballs(all laughs uncontrollably),the lights of the gym may go out anytime(all laughs) and strange sounds will be heard and hallucinations will be seen only for the lights to suddenly come on and just infornt of your eyes someone will be standing to say thank you for having a good night(all brusts into laughter)..and if a Suicune tried to challenge in open water,he'll be mouthed off first as being complete idiot who don't understand that ocean is the best place to play, ground is best for battling(all laughs uncontrollably),to which if the Suicune is genteman enough,would cunningly sketch his way out(all brusts into laughter) saying we'll do it in the ocean bed,but that is exactly where death would grasp him as underwater with either Feraligator or Crawdaunt means they get

their full type advantage and huge playground,so Suicune's tail will be bitten(all laughs) or he'll be challenged in a dance competition and so on(all laughs uncontrollably)..so you see actually none of my brats are of any use in battling except Mime,who's still sane(all brusts into laughter) and among my lesser gems,they too will use every trick they learn from the leader group and use them,and even Bulbasaur will fool around with you and he's very dangerous cause being the leader he only knows eaxh singke tricks(all brusts into laughter)..my Chu-bro only is ever ready to battle,but he'll take may be a full day to battle the challengers first,two for second and so on(all brusts into laughter),cause he wants to see the art of battling (all brusts into laughter)..so that's my bunch"(all clap and all)

Daisy(laugh) : "But Ash,you know some should be kept separated if you ever need,i guess Noivern's for that purpose (laugh)"

Ash(laugh) : "absoluty not(all brusts into laughter),

it's Gerninja actually,Nivy's system is that he'll solemnly give a well thought long lecture on his thoughts(all brusts into laughter) after hearing each of personal and professional problems of the oppenents(all brusts into laughter) since their very birth(all brusts into laughter),then once he finishes and he faces one attack again he'll minutely analyze all about it and if any problems arouse there(all brusts into laughter)..now when this is finished,the Challenger himself will be attacked as by virtue of being their pokemons they have to tell and interpret then Nivy will tell them about their challenger's human to their Pokemon life difference...which is that it'll take one eternity to finish the first(all laughes uncontrollably)..after that no legend would want to battle that wisdom brat(all brusts into laughter).."

Gary(laugh) : "right,back to Lance,so Lance said he knew the Master since Jhoto,and there he had one we-know-who travel companion(all laugh),whoose antics with her eternal traveling companion

caught the eye of all(all bursts into laughter),so Lance certainly knew and given her own stardom,he was a bit surprised that the Master doesn't once mentioned the name Cerulian(all laughs) or her name,he only said no his photo traveling companions are very successful in their own lives but he didn't know much them now as he just has too much going around himself all the time..Lance obviously didn't know about Brock cause he has changed profession so it was ok..now he saw the master wasn't interested in Cerulian's history,so Lance just casually told him that now Viridian is well as well as Pewter but Cerulian's doing much better and then Master said yes the the youngest sister there once saved him from a jungle lake and then later met again in the gym so yeah,but he hasn't seen her ever again(all bursts into laughter) and it's nice to hear that they're doing very well,then suddenly some Vultures disturbed Ash,which made him angry cause he was just having a lone talk with Lance

and all so he drove them off and then kinda desperately told to finish the Cerulian part quickly but then was told about the Hall of Fame of Gym Leader's, and he was roaming around there where pictures were there of the recent inductees and all, then Lance said the Master's eyes fell on we-know-who's picture (all laughs), which kinda tickled the master (all bursts into laughter), so Lance said when he returned after a few minutes he saw the Master was in total oblivion as he was too fondly adoring that certain picture (all bursts into laughter), which made Lance to realize all about the Master's antics in public (all bursts into laughter), then Lance said as he broke the oblivion, the Master jumped on him (all bursts into laughter) wanting to know all the recent news about the person in the picture and especially if she was in a relationship or not (all laughs uncontrollably, claps).. so while being told the actual condition here, the master finally after 4 years of stubbornness decided to raid the all old

dens(all bursts into laughter) with all might and now the person of that picture has gone AWOL(all laughs uncontrollably)...so after the knowledge the Master gained about his beloved flower that day he obviously surpassed his big-chu(all laugh) by all means and chewed each of the officials for each minute mistakes and not only that,Lance said the whole Elite4 all over the world had to be connected via video call many were still in sleep(all laughs),and each that hindered my problems or virtually any Elite4 problems anywhere as far as the Master knew and guessed and if that wasn't enough,none other than the captivated team rocket boss,who is according to Lance a real fun loving guy now and he said he can never forget 2 very common pokemons like Feraligator and Crawdaunt (all laugh) felled his whole dream,as he realized that legendaries are just a mere wordplay (all laugh),all should just have fun(all laugh and clap)..and he has since then rather happily co-operated and had fun with

all and now also gives some great advises to all on how not to abuse pokemons(all laughs uncontrollably) and how not to do things illegally (all bursts into laughter),so he has been a massive help,so even he had to be connected via secret sources but that was later and Master just mouthed any dark sides off and just asking the rocket boss if he ever thought if a Master is totally disconnected for his pokemons whether they'll still be following their master or not,this is that he'll break in and then the whole outside would be managed by his bunch as if they knew exactly what to do without even being planned properly,the rocket boss was summoned cause he was the only person who has handled two legendaries and including a Mewtwo for 3 long years,to which the boss rather jovially said his Mewtwo and Arceus could do that but they simply were no match to the two that defeated him that day(all claps),and that too with the Master Himself,so the boss opined just to give his bunch

a chance, which satisfied the Master finally. Then all of Lance's difficulties were mouthed off to total surrender and all that and the Master dragged top post holders from all Elite4s to do his dirty works (all laughs) and finally broke into his sweet sweet flower's room and the flower has now gone AWOL sentimentally (all bursts into laughter) as the master did all except to adore her (all bursts into laughter) while she was under his captive (all laughs uncontrollably).. so anyway, by all means the Master has just like he did in many many times in his career, basically in 48 hours has mortified the greatest hell to make the greatest heaven imaginable right at the same place and people by every means.. (all clap)... balance again (all laugh)"

Gary : "all the Master's pokemons barring Mr Mime, Gengar and obviously we-know-who (all laughs uncontrollably) if stays in any of the branches of Oak Labs can be used with full freedom except battling cause they themselves

would ticklly refuse that(all brusts into laughter) in all conditions,and also this Lab now has the full support and certificate by the once ever pokemon master himself,which actually means it can by it's own might stand against all authorities including whole Elite4 if despite proofs they are somehow harassed...all the reasons except the research why now Oak Lab is going to be what it is,is simply the Pokemon Master's alleged weaknesses,ego, infidelity, trash-talk and all(all laugh),as they've made him such a threat to the whole pokemon world(Ash and Misty smile at each other,hugging),that unless he got his way,Team Rocket 2 would've become a reality but may be this time very much impossible to stop,as the Master is allegedly able to make legendaries absolute pets and do anything with them(Ash and Misty again looks and each other,hugging and they including all laughs)..if that wasn't enough nobody understands how a man like has enacted great respect from anyone who've been able to

know him personally and he despite doing all this is the same man whose never been known to have done anything illegal anywhere.."

Ash(laugh) : "um..just an imbalance Gary(all laugh),i've abducted a certain Misty Waterflower (all laugh) to date her all i want(all brusts into laughter,Misty hugs Ash firmly,Ash smiles at her) Gary(laugh) : "yeah that's dealt with later,anyhow balance again(all laugh)when his public antics becomes more confusing (all laughs) he still hasn't breached any rules and all that know him personally has praised him more and more,what he and his pokemons do nobody understands (all laughs) as they just play around and rather forces the challenger to become friend and thus the match itself actually becomes totally meaningless (all laughs uncontrollably),this alone has simply made him an enigma as though he's in the pokemon world professionally,it seems he's here only to play around with absolutely everything (all laughs) including pokemons,

challengers and authority(all bursts into laughter)...this man simply makes no sense as to why he even exists(all uncontrollably laughs,Ash and Misty hugs each other smiling)..this simply makes him an totally lunatic (all laughs) yet wholeheartedly sweet man(all bursts into laughter),who seems to play around with his pokemons like a little kid with absolute innocence(all laughs,Ash and Misty looks at each other and smiles)..but such a man if hindered can become unimaginably cruel(all laugh) so it's better that he's given anything he legally wants(all bursts into laughter) to keep him as he is(all laughs uncontrollably)..well Ash(laugh) Lance told Grandpa exactly this even more jovially(all bursts into laughter),and said he's the strongest Elite4 currently and he has very few matches in the world but he was rather as his beloved and battle hardened pokemons was enjoying the play and though the referee had to declare his pokemons defeated,he knows full well the battle,the

challenge,his position nothing meant anything there with this unique enigma,he just went back to his 12 year old self when he first started and that itself has given him enough to continue the few more years left of his service till he again returns to being the 12 year old(all laugh and clap)and he said he understood why a man like this can't be honoured at all because of his uniqueness the honours also will mean nothing but play(all laughs) and so rather being alone he can play around with the whole combined all pokemon battlers hall of fame all he wants(all brusts into laughter) and he said as he decided to rejoin the pokemon master's hall of fame, it's rather our honour to have him among them and he atleast being one,would rather be in his in quote 'fool-around' hall of fame than this one(all laughs,claps),Lance said he called cause there was a little tension yesterday at Cerulian City(all brusts into laughter) involving him which was reported to him that he just laughed off as he

understands perfectly well the significance of the location(all bursts into laughter),Lance joked and this all,i've never seen him this happy and he said he only called because he certainly understands the recent antics of the Master and quote 'AWOL' (all bursts into laughter) and with his dissent and then consent to return to the hall of fame as well(all laugh),so he was just very happy that the Master is also the same as he assumed him to be in personal life(all laugh),thus he called Grandpa himself and told him he has had a very good laugh all around (all clap) and also would love to meet him again and if possible fake fight as well(all laughs)..and that's not it,while Grandpa jokingly asked about Cerulian Gym as Lance knows about Lillie being here,Lance unhesitatingly(all laughs) he will also keep the Gym shut for the next three months for sure unless the leader wants(all laugh),cause he surely knows after many years of gym battling,she absolutely deserves to enjoy some quote 'team battling' (all laughs

uncontrollably) all she wants(all laugh,claps,Ash and Misty smiles at each other,hugging)...and finally he said he'll surely be eager to see the Master back at Cerulian(all bursts into laughter)... but a cook also cooks for himself(all bursts into laughter)"

Brock(laugh) : "yeah,Ash Ketchum,Hall of fame,Fool-Around Soulmate Master(all bursts into laughter) gives a special thanks to Brock Slate as being the gym leader for his very first badge,which on that day he didn't deserve to win at all as his 3 pokemons then wasn't any match for the Leaders Onix and he only got it because the leader believed he will get better and he also thanks the leaders family as Kane Slate,Brock' father and also former gym leader who also that day was like his very own father and Foster Slate the current gym leader,whom he has known since when Foster was 5(laugh,Ash and Misty smiles)and to him it's just a signature of love..then the Master has basically made Pewter gym to hold sway over

so many things that it'll take years for Foster to let alone read and finish(all laugh) but then to un-insinuate it out(all bursts into laughter),so that's that,and Pewter will also have a direct connection with Oak labs as the Master rather swore the authority to hell(all laughs) as to why an unique gym with rock speciality,which he himself has come across only 2 times after that and that too because he has won all 32 badges badges in Kalos and 24 in Unova,he personally knows there's no such Gym in the entire Orange,Hoenn and Jhoto region,Sinnoh has only one,which he later went to and found that it's only a gym cause it had to mask the actual thing behind..so that goes..thus while he has found there's only 1 such in Kalos,1 in Unova and 1 in Kanto..only 3 such Gyms are there and rock is a difficult type to handle battle and maintain so while he saw Unova and Kalos always bragging about their rock types and giving them all they want, typically as he to his utter distaste he found what happens in Kanto,the

lower authority thinks because Kanto has produced most Hall of Fames in Pokemon Master Category,they'll get that up by neglecting certain types of gyms like rock and fire so that the beginners get it a bit easy...this disgusts him to death because he had one of his dream matches ever in a fire gym right on top of a volcano,and he only after that knew fully what power fire pokemons can hold and how difficult they can become,so Kanto has 3 fire gyms,out of which 1 is praised and the rest two neglected cause they don't quite agree so easily,thus he hereby also in quote 'sternly warns' the lower authority to follow the Kanto Elite4 HQ order and report properly,else he'll personally make sure that their positions are under threat as rock gym becomes mandatory and either the fire gyms will be equally sharing pressure or else the mandatory fire badge will have to be collected form someone that'll have full authority to use his own fire types at their very highest level,no trainer will agree to this cause as

they understand his absolute maximum doesn't actually mean that and then he'll not stop to get all fire types and send them all to that level personally training them on the ocean(all laugh)..well it means none other than Cerulian ocean with the Hall of Fame Gym's best chosen pokemons (all laugh), meaning the Master may abuse Pokemons legally or simply send them to a level that'll fool around the authority while having like 30 fire pokemons in Cerulian of all (all laugh) at the same time will itself be a too massive trouble..what a Master stroke(all laugh)..which he didn't say here(all laughs)..so it's better for the concerned people that that's not done..so the Master hereby swore anything off(all claps and laughs)..by the way Pewter got things that has send it to such level,consider it a must visit place anyway(all clap,smile)...then the Master has announced to the world of his heart-wrenching longing for his Pewter beau(all brusts into laughter),in a way that'll propel him to unique

stardom(all clap),but amusingly the Master has made sure that his workload is lessened more than what it is now,and that's why he has already cancelled tomorrow (all laugh) as it was utter vulture business (all laughs)..his beau(all laugh) has also got a long list that'll take him ages to read and figure out(all laugh) but it simply states that he can do whatever he legally wants and no stupid sludge(all laugh) can do anything about it,this is a serious point Ash but i also know about your final advice to Serena and family,thus this and this sludge has been grateful to you and now that you don't have any concerns the sludge also actually hasn't let me go till he meets you again for atmost once,and you can understand what he'll tell you,as i said before..and you know way more than me of the rest,so there's a question..."

Ash(Ash and Misty hugging each other,looks at Misty,who nods,Ash smiles) : "only with me,only once ever from both sides of absoluty any kind,and the place is in the drainage itself,very

own drainage's outer chamber,i'll have absolutely none and nothing with me except my clothes (all laugh) and my Tickle Master(all laugh),granted"(all claps and smiles and laugh)

Brock(lauhh) : "perfectly uninsinuable (all laugh).. your Tickle Master is world dreaded for his Kalos Final antics itself and then Elite4 and all and also he's the Highest form of Purest ghost type,even the legends would think thrice(all laughs) especially in dark nights(all laughs uncontrollably),and i heard you'll go at night(all laughs)?

Ash(smile) : "and may turn off the lights"(all laugh and clap)..

Brock(laugh) : "perfect,well its also.."

Ash(smile) : "Brock, don't you cherish your beau(all smile,clap)"

Brock(smile) : "meticulously (all smile,clap)..but,i.."

Ash(smile) : "Brock I should be the one saying what you're insinuating (all laugh),but i don't cause you're in the right art now(all clap) and also the

other way around(all clap)..just leave it as an illusion (all laugh, claps).."

Daisy(laugh) : "Ash,i have an insinuation (all laugh),why is it so that i can see a certain Ketchum encircling all the flowers(all brusts laughter)...i know what you told or rather encouraged to Trace on persistence of observation(Tracy laughs) all the 4 years ago after your breakup,i also came to know from my younger lioness(all brusts into laughter) what you told Gary just after your breakup,and i also know the actual way of pushing Brock was left to none other than his own father(all smile) as my Viol flower told me(Tracy,Brock Laughs)..why were you encircling the flowers(all brusts into laughter)?"

Ash(blush) : "well,that was a um..(all laugh)"

Gary(laugh) : "my sermon was the professionalism in unnesseciating the necessary to find the subtle necessity(all laugh),exactly what i tell everyone now and i told our Pettlesburg Sister and Her rose as well(all laugh)..and the rest of you know what

i'm talking about (all laugh)"

Lillie(laugh) : "and well just like Dase,same for me,it was a double edged sword that the Master of Pallet Brats delivered (all laugh),the vulture knew step by step what he was doing(all laugh).."

Brock(laugh) : "well,My dad was a gym leader then and both my parents are extremely caring yet extremely oblivious and single minded,which i guess the sisters here understand what it is(all sisters reciprocates and laughs),so my dad was told to minutely find the right balance between them and (laugh) in an unnamed letter where a minute picture was drawn of a certain flower(all laughs)..ya, exactly that,to show the perfect balance demonstration(all brusts into laughter),and was told to show his eldest son,who'll figure out the rest..so my dad did what he did,and i did what was necessary and especially so after i got through the hellfires,the letter was delivered much later though, it's as if the sender was expecting things to happen..(all

laugh)..so who drew that Ketchum(all brusts into laughter)"

Ash(smile) : "people from a secret well known organisation (all laugh),who were actually Sinnoh Elite4 undercovers,just too fond of me(all brusts into laughter)..and Gary,well i just sort of it's called what i told you that day(laugh),a Master retorts only when the opposition is weak enough(all brusts into laughter)..i just knew how things will be as if you remember Daisy,Lillie none of you were there that day and i spent an hour or more afterwards looking at the now godforsaken central battlefield (all brusts into laughter)..then Sarah of all people came in as I was oblivious (all laughs),she knew me well for obvious reasons (all laughs),she told me many angry garbage (all brusts into laughter) with the warning that the visitors aren't allowed in this and that time etc(all laughes),but i also saw how all of you were angry with me i mean all the elder sisters,which was ever the case anyway(all laughs),but helpers had

to comply cause the certain sweet main gym leader of all herself had blossomed disturbingly only at a very certain direction (all bursts into laughs),and i knew only too well what my brothers will tell me,by then i was patry-hardened(all bursts into laughter) enough to be called in for a secret undercover within a month after i won the league..and my realizations were day by day coming and increasing,so i just thought looking at that battlefield and then the anger then recalling all,i realized that if i'm not returning here a tension will simmer cause i was the central reason for the bond and i then was buffoon enough not to realize that all it needed was exactly my presence for a much longer time but you know i'm just like my flower-extremely stubborn(all laugh)..so then after Sarah chided me i mouthed her off saying many things that are mere wordplay now,but well that language and logic only got stronger undercover(all bursts into laughter) and the knowledge came from Kalos Libraries and

hangouts(all laughs)...well my Ganger has fooled many many authority figures(all bursts into laughter),and did all illegal things there so that i get full knowledge,he's an once only expert in invisibility(all laughs)..so i just said things that made Sarah realize that i was oblivious but i was gently wicked(all bursts into laughter)..so she just never mingled with anything again cause she knew her job was on threat(all laughs) and i sold her a double edged sword(all laughed),after all these,as I went back to the visitors room and picked up my big bro,he was rather startled that i didn't once told him about Mist that day which was never the case as well he really is my big bro by every means (all clap),he insisted to go and have fun with the other gym pokemons which he has always done there but i sternly rebuked him,he you know being he,just ran off to where gym pokemons were kept and the guards were warned by Sarah by them to not disturb me at all(all laugh),so chu-bro went in but the very first thing

was none other than Dewgong, to whom chu-bro by then seemed to be an intruder as always (all laugh), but I don't know what came to chu-bro that day, as any other day he'll mouth Dewgong off by using Golduck, Starmie, Starew, Politoed whoever was present whom he knew well and especially after Sinnoh, as during Sinnoh miracle Pikachu realized who he really was and since then the word fear just has gone off from his dictionary and that day chu-bro didn't use others or did anything, he straight showed Dewgong what he really was by an iron tell to the ground that was just enough to make him sit on his tail, which was stuck inside the ground create a to show that he was not only type advantage but processed unimaginable power with the same skill to just use them rightly, it was a statement that I can instantly kill you all no matter who or how many you are you're no match for me but I'm very gentle I don't do anything unless you try to be unnecessary disturbing in a way that now I realize a Suicune

would've done the same, Dewgong of all just went away, and well i still have a fear for Dewgong cause he's the leader and he never liked Pikachu and my big bro doesn't submit to anyone so it's a difficult condition..anyhow big bro then went in but didn't even play he just have a quick look there and came back to me and said Pikachupi, which is MISTY in his words, and then just stayed silent..i thought he somehow somehow realized that something must've happened to Misty and thus he wasn't allowed to talk with her and all, and yeah he never saw me sad inside the gym that much before too, so he just wanted to check if Misty's Pokemons were right or not but Dewgong came in and he threatend him away to just have a look and came back and said Misty, means its her, not the pokemons, yeah that's his intelligence(all smile, clap)(laugh), well he's sleeping now out of disgust(all laugh)... then i out of emotion told him 'buddy may be your right' he obviously didn't realize what i told him but was very

submissive, then i came back of course with many emotions but i somehow remembered my big-bro's actions and it kinda dawned upon me that even if the leader goes the pokemons stay, so then i realized that Tracy comes here, Gary comes here, Brock knows the place very well etc and they're not going to go anywhere, and from there i probably became more determined to cut myself off completely from the Cerulian Gym and all so i became rather stern and wanted them to do the right things that i thought were right so that they later won't well insinuate (all laughs) anything, so i told Trace everything needs persistence and results even if doesn't come a man like Trace doesn't need to be reminded that it's all for own sake, which of course the man being cunning (all laughs) quickly picked up but tried to resell me (all bursts into laughter), which gave him a how sweet is the fire Brock (all laugh) ?"

Brock (laugh) : "Beautiful Little Hell with a little fire that's a bit too warm for comfort" (all bursts into

laughter)

Ash(laugh) : "so that was it for Trace(Tracy laughs),then Gary i knew what he thought of the whole thing and all,i told him just do what you're doing and no matter what you look after yourself by all means first and just from difficulties you know who to research out things do same don't just get dissapointed and Gary also instantly pick that up but because he was professionally balanced just exactly opposite to his partner(all laugh),he clearly reaziled i wanted to go away without disturbing anyone or anything and didn't want any tension because of me and finally my Beau(all laugh) as usual went through all emotions and then on a fatefull day just as i had decided to go for the Undercover,i was in Viridian then,and suddenly i was called as usual and all that,i kinds knew that my beau would think me to be and all so i rather was happy to cut it exactly there,and then I reached Sinnoh and just before going undercover suddenly i found that the art of

Mantyke was doing some rounds in the City(all laughs)...so i told my under-cover bros to get some informations about how to handle a Mantine(all laughs)..and they obviously scanned Violet completely and told me what i needed to know that the only man who made her balanced was still peeking or not,and as he was very much i againt haunted the man via secret sources in sinnoh,by the time the news came i was already undercover and that was the only time big-bro wasn't there,i left him with mom,cause if i wasn't there and some Vultures came along then I knew atleast nobody could go past Chu-bro and my whole Oak lab bunch no matter who they are plus he was my backup..all he was needed to be told was what he told me that day,master goes pokemons stay..and that was it..in the meantime i saw my beau was a much changed man and then just sent things through Mr Slate cause i knew him,he could realize things and give right support...and that really was it,Gary only had

contacts but not even once he said anything except the day he got engaged and he didn't even name Lillie and i just congratulated him and that's all..this was kalos but then i became a brat by my own right(laugh) and just was fooling around and never recalled anything regarding here for a long time and then decided to go away and all but i knew i'll be in hall of fame anyway and also the rejection-acceptance was also planned so that i get my way and all that but suddenly then my flower came back in and actually i would've been in Kalos cause i know the whole place in some library buying it and making my own or be near professor Kukui's lab...i wanted to date my little flower but then thought may be i'll be disturbing her,may be her problems aren't at all due to me and so on..and i never even wanted to know anything about here so i wasn't really sure despite knowing all but then finally a brat decided to challenge with his half grown fearow(all brusts into laughter)..so i then knew even legends are no

match for my bunch,so i was assured that this pokemon world was finished completely for me and the rest may be 50/60 year retirement,as soon as the 50/60 came in i realized how much of an utter bufoon i was and when i could've easily came here pass a month and return,i went for badges which by then was formality almost i just liked the travelling...so i straightaway returned here to finish my works and finally know everything about here and then decide..but fortunately my flower forgave me despite all that i did to her and we're going AWOL both now(laugh,all laugh,smile)..."

Daisy : "yeah,but don't ever try to prove step by step everything that you do and don't forget that you indeed are the centre of the bond"

Ash(blush) : "well,thanks for accepting me back.."

Brock(laugh) : "mere wordplay(all laugh),this was as easy as that..and how should the grammar be Trace?"

Tracy(laugh) : "no past tense"

Gary(laugh) : "professionally agreed"

Lillie(laugh): "intuitively verified"

Misty(hugging Ash firmly,smile): "finally,Soulyly Meted"(Ash and Misty hugs each other firmly giggling at each other,rest clap etc.)

Brock: "right,anyhow,i can just about do anything,so by virtue of that,if my flower agrees,which her sisters know about(all sisters laugh),i'll long to join Oak Lab itself,and if permitted open a new pokmon centre(all claps) somewhere where's necessary,so..."

Gary&Tracy(Union) : "professionally and equally granted(all claps)

Brock : "now there's also i heard lists were sent,wherever the Master ever felt he got any bit of help,which i believe now will make the whole Elite4 bite all unimaginable hands off(all brusts into laughter) except Lance(all clap,laugh)..And Ash,you heard May and Drew today,the rest all has followed suit,all of your travel companions that i know upto Unova and many others that Gary told

me,your Kalos friends too including Serena(all laughs)who was only too mystified by your Misty(all laughs uncontrollably) and has become an absolute pet(all laughs),well all of those 3 poor souls have(all laughs),so they've happily obliges too as Gary told me before...also except that many other things has many other lists that's probably now reaches to all hells unimaginable(all laugh) and penultimate thing is that what our sweet brat rockets(all laugh) and their pal(all laughs) got,they got a gift, Master's only gift by monetary means as it has to be sent through secret Elite4 channels,which by the way,i mean you know when we think yeah like Elite4, anything in the pokemon world as long as humans are concerned has been just made meaningless by the master except ONE with whom he is ONE(all laugh)..anyhow the ONE comes obviously at the end to allegedly have a sway on anything she wants(all laughs),which includes the Master himself(all laugh,clap,Ash smiles at Misty who

giggles back)..anyhow the rockets are now married couple, surprized, surprize(all laughs) got the gift for helping him once in Kalos in a tough situation in a court case which they thought they only repaying as they were saved first,but the master only ever remembered what he got himself and thus a small gift for which they of all has cruelly thanked themselves(all laugh),that they finally have beaten the enemy (all laugh) by befriending him(all claps and laughs)..but the rocket duo have insinuated(all brusts into laughter) that they're absolute enjoying the grown up version of their so familiar bug around play(all brusts into laughter) played then by the master and a quote 'bug specialist twerpetee'(all brusts into laughter),and they also encouraged the master to never to stop it(all brusts into laughter)..this comes through Sinnoh Elite4 to Professor Oak as the whole thing is secret.. another serious thing Ash,can you ever get into trouble?"

Ash(smile) : "Sinnoh Elite4 and Lance of all(all laugh) knows full well all about it bit by bit from the very beginning,never any worries..(all clap)..no matter how much fooling around i've ever done or is doing,i only do with Lance's full consent and knowledge,just the process is mine(all laugh)..(all smile)..so no worries,though i boss him around(all brusts into laughter)...

Brock(smile) : "so i finish but the Doctor will haunt Oak Labs soon"(all laugh and cheer)

Daisy&Lillie(Unison) : "personally and equally welcomed"(all laugh and clap and all)

Gary(smile) : "hey grandpa too wants to insinuate in(all brusts into laughter)

Professor Oak : "Hellow all!"
(all reciprocates)

Professor Oak : "well i guess someone gone AWOL is around a Lake somewhere in a forest(all brusts into laughter)..how things are going there Misty?(all laughs)

Misty(blush,smile) : "Thanks Professor! and yes

things are truly AWOL(all laugh)"

Professor Oak(laugh) : "well Ash,i've just been able to get rid of your Legend Killer(all bursts into laughter)..he was as usual rather researching me(all laughs).. anyway as usual you bunch is once only,i'm only lucky to see them and their master and now his little flower(all smile)

Ash(smile) : "yeah thanks professor and i also have a Once Only family there as well(all smile)..and my bunch too(all claps)..anyhow mom as usual won't leave her father so she is there still."

Professor Oak : "well as usual here as well, always a great place for weekends after tedious gym sessions(all laugh,smile) despite the Cape(all laugh)"

Ash(smile) : "yeah,always,by the way professor just a request as you yourself do understand better,keep Mime away from my bunch(all bursts into laughter)"

Professor Oak(laughs) : "absolutely so,no

wonder,she's a wonder now actually to the bunch(all brusts into laughter)..Ash,i would only say if Oak Lab is what it is now is also because of your bunch,and you,Once Only,so i only wish best of luck to you and two the new captains!"

Ash(smile) : "thanks once ever,professor!"

Gary&Tracy: "Thanks Professor and your wish will always be our command!"

Professor Oak : "thanks young ones!now the main thing but before that another thing is that Ash,how are the fearows(all brusts into laughter)?"

Ash(laugh) : "could only grow the half as usual(all brusts into laughter).. what's up with Muk,any new type immunity or adaptibility possible?"

Professor Oak(laugh) : "no,only more intellectual (all brusts into laughter)..but that's not exactly good for me(all brusts into laughter)...Ash,i guess you know you also don't have to actually train them it all about what you do yourself,they'll only go better"

Ash(smile) : "yeah Professor, pretty much but

you'll also need to help me as usual for what is best done for them next.. looking forward"

Professor Oak(smile) : "as usual,ever welcome!professionally and personally!(all laugh,smile)..well now the main thing,and that's why i'm here,Ash your words that day and no don't bother about that,as i hear them,just wordplay(all smile)..i actually was searching more about your father's diaries,a few were here with me and i just got curious and found an amusing thing, that's what i'll tell you just Muk embraced me in the meantime(all laugh) and well he has freshened me up so no trouble(all laughs)...this says well you know just repeating...Delia would know tomorrow..this say in excerpt, your dad and Michael Waterflower, Misty's Dad actually were great friends at one time(Ash and Misty looks at each other flustered,then smiles and hugs each other) Before Michael took up the Gym Leader's role,but later their contact broke down due to your father's constant travelling throughout Kanto for

his various jobs and the secrecy of the his one time job as he worked on for 2 constant years...but now it seems that before your dad's final departure from () City where Michael was doing something that day they both met suddenly and had a good get together,but before they spoke much about their personal life Arthur had to leave,so though he told Michael that he was married and all he never told anybody about his residence cause he couldn't do that,even Delia didn't know exactly why Arthur had to leave so suddenly,i knew it all only,he looked upto me like an uncle and told me everything that he actually did and all,he always was a daredevil and his Charmillion was as well..he did jobs for police forces and especially against team rocket of all..thus i came to know as a few reports about Arthur...Michael and Arthur at one time agreed that if they have a son and a daughter in either side they'll get them married and make their friendship a family relation..(all smile)...so this is

why I was here,Ash defeated Team Rocket's boss finally with our sweet duo(all laugh),who fooled the whole gang completely as usually they do(all laugh)..so Ash,Misty it also turns out that both of you really had come here with preparation (all laugh)..i could've said destiny but i know that word isn't really very sweet one(all bursts into laughter),and because of this i can now prove rigorously as well your soulmate theory (all laugh)..have a nice life you two,gone AWOL(all laugh)..my best wishes!

Ash(shivering voice,smile) : "um..yeah thanks Professor"

Misty(smile) : "thanks professor,many thanks"

.....

Daisy(smile) : "so i finally Officially tell you Mist,that your little boyfriend Ketchum indeed really was the only one(all laughs) and now is, once more(all smile)"

Ash(laugh) : "well,i was a posterboy,so now i'm the chosenboy(all bursts into laughter)"

Tracy(laugh) : "Brock,what a family and more so what a Master,Ash Ketchum"

Brock : "perfectly uninsinuable,and more so great in the Master's Soulmate, Misty Waterflower Ketchum" (all clap and all)

Gary(laugh) : "well,Ash your brothers and all,turns out a destined family as well,if plausible, what's the next version of Crawdauntogater(all laughs uncontrollably)"

Ash(laugh) : "i'll just want them to pokemons if human, they'll surpass anything (all bursts into laughter)"

Lillie(laugh) : "now all we need is the Viol flower back,Ash can we use Charizard to fetch the little pest?"(all laugh)

Misty(laugh) : "better preparing than fetching(all bursts into laughter).. anyhow what have the destined family got?"

Daisy(laugh) : "yeah now finally us of all(all laugh)..the Master has cunningly(all laugh) conferred all things Cerulian to only 3 of us(all

laugh)..which means..(all laugh).."

Lillie(laugh) : "you're only getting 1 Mist(all laugh), that's all(all laugh and clap)"

Daisy(laugh) : "Cerulean of all Cities(all bursts into laughter) will become the Master's hometown(all clap) and thus any sludge has been cleared (all laugh)..the City itself will receive insinuated list(all bursts into laughter) but there's enough to understand what they are and that'll take eternity to finish and then another to meticulously uninsinute(all laugh) as long as Pokemons are concerned and all will be completely in the Gym leader's hand to choose and do, virtually the Gym leader is the final say anything regarding Cerulian including the Master's grand plan of cup competition which also will join Pewter and Viridian and the water section is fully at the Cerulian Gym's hand just as the rock section which will truly be unique as Cerulian and Pewter has a bond of totally different types,all things regarding Rock goes to Pewter gym leader with all

say,then the Ceruliam Gym with whoever becomes it's permanent leader will get anything she wants in her unimaginable dreams all not specifically mentioned but easily ununsinuable (all brusts into laughter) as it'll be fully according to the Gym leader whoose say,none including the Master himself have any right legal or moral to remotely tickle (all brusts into laughter) about it.. Virtually the Gym Leader has become synonymous with Gold Standard if not much higher and with her own Hall of Fame,she has soully become(all laugh and smile) the material equal of the Master as well..

and this part is to be announced tomorrow noon i'm surmising the final copy..that any kind of unwanted feint chirping about Misty Waterflower with regards to the Gym,Hall of Fame position, reputation,personal life-anything in any authority level if reaches the Master,he'll simply take over the rest in his own hands with full support of Lance,which he didn't mention but you know it..(all

clap and laugh)..and that'll be done completely legally and he'll take over all that power himself and as his reputation goes, that's the first thing they'll not want in their unimaginable dreams(all bursts into laughter)...as he again mentions he isn't a special type trainer and comparing to Misty Waterflower,he hasn't even got his first badge of any kind when it comes to water pokemons,but unfortunately he has two water pokemons himself(all bursts into laughter),who are famous for defeating the team rocket and if anyone wants to know more,he'll personally fix the meeting(all laughs uncontrollably),which will be very enjoyable (all bursts into laughter) given Cerulian's open ocean(all Uncontrollably laughs)

it's just that,there's unimaginable power given at the Gym Leader's hand as long as it's legal,as all legal unimaginable heavens will become a reality in absolutely no time"(all clap and cheer)

Lillie(smile) : "this is only the gym,the master just like his 3 friends here quote 'if the master has ever

known that what means the word 'brother',he hasn't known it rather seen it first then learnt it later just to know how to formally describe his relation'(all smile) and also his gratitudes for Grandpa which quote 'all words that are there ever in any dictionary to mention what means 'gratitude' won't be able to properly describe what he feels for

Professor Samuel Oak so he just mentioned it for formal description' then he briefly said how Professor Oak like his very own grandpa has ever done to him and his father and all and states that 'I don't want to go much further,but for me my surname and the surname Oak makes no difference' then he just briefly said these and finally handed Professor Oak full authority over all his pokemons but excluding Mime and also sadly excluding you-chu(all brusts into laughter),as he'll thunder-chair the whole world on the very first notice that his little bro isn't under his full authority(all laughs)..so Grandpa's say will be

final as to how to use the Master's pokemons for our purposes, then finally as it happens that 3 Waterflower sisters who shares the Gym Leader's role along with their youngest sister, for whom he has many gratitudes cause first Cerulian was his second badge and that too he never deserves but was rather granted because he came could come at a small help there as some intruders were trying to play their games which he helped to stop and he also holds many gratitudes and they all are like his own big sisters as well if not more and ultimately it happens to be that all of them has found their soulmates from among his mentioned brothers and vice-versa, yup that's the word (all laughs).. then he precisely described us again with the relationships and gave all he could and it seems he minutely knows what Viol Flower exactly does as well (all laughs), may be better than she herself (all bursts into laughter).. and accordingly his list has been made which of course pushed us to heaven with our current

positions and shares in gym,lab,etc,and even the Sensational Sisters he mentioned and with regards to our experience there and Viol being still around,the Master has totally fooled us as to his knowledge there as well(all brusts into laughter),little bro,whoose knowledge is it(all brusts into laughter)?"

Ash(laughes) : "all your managers that were ever there and all else who knew the main things and the Gym staffs all that are close to you and all that, knowledge was extracted via the Dark Types(all laughes uncontrollably), actually a certain one Dark is alone enough for a Certain Dark night (all brusts into laughter) if they didn't budge(all brusts into laughter),the Pokemon was mine,and you know i can already hear what that certain dark pokemon in rhe night version of forest lake is doing to our poor Azumarill(all brusts into laughter)..she already encirculated us thrice(all laughs) and the person was none other than Lance's daughter (all claps and laughes)

whom you know very well..(all laughs).."

Daisy(laugh) : "yeah,we know that brat(all laughs) very well and Viol knows the best(all laughs)..what was the carrot?"(all bursts into laughter)

Ash(smile) : "all for her future"(all smiles and claps)

Lillie(laugh) : "so we via Viol can hold sway over there as well if we so wished but it's all left to our choice and consent and there are many more for us and for his brothers to share and so on and the future also will get all if they came to Pokemon world ever whatever he could he would but for their nursery as well all things imaginable..this is from all the gym-leader-moms and all that and basically he has evsdropped us and his brothers (all bursts into laughter)..and knows what we may need may not and accordingly provided..Ash,when did it start?"(all bursts into laughter)

Ash(smile) : "as soon as the sludge left me(all laugh)..i just thought i'll leave Pallet so got them

in, Cerulian gym would've got a list as well but if only you here wished cause it was prepared for excluding Misty Flower(all laughs)..and all the powers would've been given to you but a bit differently...after i broke into my dear flower's room and saw her sweetly sitting on my lap(all brusts into laughter) though she was totally gagged and bounded by ()(all laughs) but that was it really,my flower moves her head before my wish,wanted to hear me before my words and so on(all brusts into laughter),so i thought my flower was rather enjoying it sitting like a cute little doll there(all laughs),so i just created an extra copy of provisions and names(all brusts into laughter)...

Daisy (laughs) : "then you fooled around with all of us in hellfire(all brusts into laughter)..but what about your brothers especially your cook-beau(all brusts into laughter)..."

Ash(smile) : just the names,you remember i had two Lackeys with me all the time till the day before i souled my flower(all brusts into laughter).."

Lillie(laugh) : "totally sinister(all brusts into laughter)"

Ash(laugh) : "straight from Elite4,Jhoto,(all brusts into laughter)..and i had many in my alleged farm,whom Trace was very happy to meet today(all laughs)..how many were there Trace?"

Tracy(laugh) : "no less than 50(all brusts into laughter).."

Ash(laughes) : "minutely picked up from around all Elite4's barring kanto and orange(all brusts into laughter),and tomorrow 20 more are coming (all laughs)... they'll do as i tell them cause the threat was that the Universal Water Queen might get replaced by the Crawdauntly-Feraligate(all brusts into laughter) master,and yes either of those two always my first two(all brusts into laughter)in extreme situations along with beloved muk,if his type suited but even if all the 3 somehow can't,entern the invincible tickle master,who actually is my right hand now, that's why i can't give him to anyone(all brusts into laughter)..he

can do things with his natural supreme powers that he has surpassed many legends i'm sure,they are used where my chu-bro(all laughs) can become too protective (all brusts into laughter)..he asks me now why are we not battling as we're not sleeping(all brusts into laughter)...and those two forsaken water type pests(all laugh)did exactly that to none other than Team Socket(all brusts into laughter) highest high(all brusts into laughter),who opined to me personally later that,he had Mewtwo and Arceus,but they combined with all his other pokemons present that would've been no match to the two gems that has now got a exact opposite type lackey(all brusts into laughter) and has already spoilt all that there is to non-returnability(all brusts into laughter) and this is night time as well(all brusts into laughter)..and he still didn't know that i had Ganger and Muk of all as backups(all brusts into laughter)..i just about realized my real strength but the antics those two utmost brats(all laughs)

nonchalantly did(all bursts into laughter) that to knowing full well they with me of all would've been killed had they got beaten..on the face of sure death on a ground-type surface against electric and grass pokemons(all wonders)...they are the only reasons there'll not be a Team Crooked 2(all laugh)..and that's why i didn't use the brat-duo till that day at Cerulian..and in the meantime they've only got bratter(all laughs).. that's the thing for me,keep them who they are,you'll see the magic if you can follow them absolutely(all laugh,smile,clap,cheer)...on sure death that day against 10 absolute disadvantages that too illegally swelled up and battle hardened with a man who managed Metwtwo and Arceus of all if one wasn't enough and who knew even about everything...these two just with complete audacity fooled around..i planned that with them but it's not execution cause there it makes no sense,but just who they really are and i still had Ganger and Muk who wasn't used till the very end..you know they

are the real Pokemon Master(all claps)..all they did was to get under their opponents nerves to such an extent in all oppositions they were totally baffled as neither me nor the two even tried to attack or defend,just stood their and mentally i was playing with them and the opposite,they just fooled everyone around and finally the great boss lost his greatest cool and released his eternal pet Raven on me only to be similarly flattened by Muk,whoose sudden presence gave my two sweet brats to get upto the bemused high boss personally and thwartle his plan of self destruction,when as soon as illegal pokemons started to flood is cause they were totally confused as my two dears were fooling even whoever came illegally,and as the hig boss was totally befoold to an absolute bewilderness so he couldn't even self destroy now my men tried to get to him and all hell broke loose with all pokemons only for the eventual gangerization and other means...Ganger to fooled the lunatic pokemons

who just lost their boss to utter standstill...the boss told me he is finally defeated cause he never knew this was possible..and all this before Kalos just after my break-up..3 long years...all the two and rest of me and my people did that they but very intuitively was to imbibe in them that there's no point in battling and the high boss just didn't understand how can a man standing in front of death use these tactics and these two brats had no control from me over them as well...i had just let them go but i knew i could still win intuitively somehow cause i never found any purpose in team rocket and my pokemons by then was reflecting me already,these two were most advanced in fooling around with Ganger and Muk,but i had ganger for very few months then and muk had some type disadvantages..so those two,and they flattened team rocket and since that day has become totally useless cause they'll only ever get fully serious if i want to die with them and against team rocket i didn't so i was saved,but that

was then..now if i have to do that each of my 83 will become legendary themselves and this all is barring my big-bro(all clap),he wouldn't have fooled around that they and we would've died but if it was a serious stuff or i have to threatened someone to death,big bro is final say cause he only knows from whom i'll be scared so much that i'll want suicide,if he senses that remotely,he'll surpass all the other 83 all by himself and isn't his problem exactly that Trace?"

Tracy(smile) : "once only power,once only intuition,once only applicability and skill,once only judgement,once only self control,once only faith,once and only Pika-bro(all claps)"

Misty(smile) : "he's telling me to threaten his bro to battle me(all laughs),he won't battle me but he'll get to chide his group(all laugh) for not prolonging the match(all brusts into laughter)...yeah now i've become his pal infact as he has understood if he insinuated here(all laugh) his bro will be rebuked(all laugh)..and all my sweet bro wants is

to observe battles(all laugh) not get involved all because he just wants to see if you're against all,are you still sane to use your brain and not just give up and go all over(all clap).. that's my pikabro(all laughs)"

Ash(laugh) : "anyhow i just needed to share these with all of you now that you've got control over them, they'll obey you just like me but never try to actually battle them cause they won't as you can see their level all they want to know is who you are and that's all..and at their level now they even can't be stolen cause they'll understand their motives and refuse to do anything spoiling all the rest to their way,all my mates that are away somewhere,same attitude they do the same there..(all clap)..so Trace how were the 50?

Tracy : "personally-imbalanced(all laugh)"

Daisy(laugh) : "Mist,they called you Cerulian Water Queen at most Kanto Water Empress,as usual those words have been laughed off(all brusts into laughter) to all eternal hells unimaginable and

you've become universal now that too forever
ever(all smiles and laughs,claps), provided you
can keep it,but you know soullly well(all laughs)
this'll also be laughed off as mere wordplay(all
laugh and clap)"

(Ash and Misty smiles at each other and hugs
each other firmly)

Lillie : "finally Mrs Ketchum gets her Mime fully
unless she is used as a deal to adore a certain
eternal flower(all laughs)..and she can stay at
Cerulean or at Pallet,which is that she has decided-
Pallet(all claps and laughs,Ash laughs loud)..and
also hereby the Master's home comes into fully
our jurisdiction meaning Dase,me and Viol,if she
comes which is most 100% probability(all
laughs),now that finally Tracey's parents has been
cajoled here as well by the Master(all clap and
cheer) so we'll have our mother figures as well(all
clap,cheer) after the Master finally goes to
Cerulean we'll formally take over the home
department,but the most important thing is for

finally Tracy to announce"

Gary(smile) : "but just a professional intervention (all brusts into laughter),the Master hasn't told anyone including even his flower cause he has to keep something with the berries (all brusts into laughter)...

Tracy(laugh) : "just a personal intervention(all brusts into laughter),the berries may hide some gentle sweet fox(all brusts into laughter)..to minutely present (all laugh) professional observation (all brusts into laughter) in personal matters(all brusts into laughter) of the 1st and the 2nd(all brusts into laughter) with precise sketches(all laughs uncontrollably)..may the balance return(all brusts into laughter)"

Misty(laugh) : "just an actual intervention(all brusts into laughter),why is it so Trace that a few vultures are circulating us even at deep night(all brusts into laughter),why is it so important that a boy can be obviously matured?(all brusts into laughter)

Brock(laughing) : "well um..Ash was.."

Misty(laugh,frown) : "hey,hey you crooked doctor(all bursts into laughter), don't utter my husband's name(all bursts into laughter) and don't go out of Viridian(all bursts into laughter)..my husband isn't it,my husband?(all bursts into laughter)..why does it seem that people are so infatuated with my husband suddenly(all bursts into laughter)?... Gyarados,i give you my word,if these guy tries to enter Cerulian Gym(all bursts into laughter),at midnight with his Onix(all laughs uncontrollably),then you'll never see me again"(all bursts into laughter)

Gary(laugh) : "right,professing personally (all bursts into laughter),but keeping in mind of professional matters(all laughs),in an intuitively balanced manner (all bursts into laughter),that the Master has already faced a brat named Hi-Ho(all wonder including Misty,who hugs Ash,Ash smiles at Misty and hugs her),when he was challenged privately after his Elite4 victory in Kanto,when he

illegally went on Charizard, racing to Kalos in A, that is highest level record time (all laughs), where as upto only C level from basic H is allowed for any hall of fame masters unless professional or he is a gym leader, so master has personally broken the current professional world record (all laughs), he went to the famous library of (), to formally understand the soulmate theory, there some () sludge who was a dreaded villain alleged to have a Hi-Ho privately challenged him and the master accepted cause he was too sure only flying types are no good (all laugh).. try telling that to Charizard Ash (all bursts into laughter), so he used Muk of all (all bursts into laughter) to an intentional type disadvantage against a Hi-Ho of all legends cause he believed in quote 'ah just a half-grown illegally f.. up f.. fearow' (all bursts into laughter) and our sweet hugging muk of all brats (all laughs) went there and told the Hi-Ho in the Master's language 'are you sane bro? (all bursts into laughter) you don't even know how to behave with humans' (all

brusts into laughter),and then just went onto hug the Master to death (all brusts into laughter)..the legends villian master was defeated exactly there(all brusts into laughter),cause though he knew well that the master would fool around,he never expected a self deatructive move like this(all laughs),so he instantly said 'i give up'(all brusts into laughter),which made the legend sober(all brusts into laughter) as he was poisoned and all that,the legend in Master's interpretation tries to comeback as ' you coward,you get tamed by human,all swear words' to which our Muk sweetly says 'whoose your beau'(all brusts into laughter) which made the legend to go overdrive and prepare to charge with absolute insanity,when muk absolutely in the precise right time sweetly countered 'what if i'm?'(all brusts into laughter)...this makes the legend to simply give up and stay flustered,which bought the time(all brusts into laughter) for muk to state 'can't all fight like beaus do?'(all brusts into laughter)..this sends

the legend to such heaven that he hugs-it-out(all bursts into laughter)...and the Villian to say he wouldn't ever even recall the name Pokemon(all bursts into laughter),what to speak of anything else (all laughs)...so our muk beats a Hi-OH with unsoulmate theory (all laughs uncontrollably)..but the Master politely states that had it been none other than his sidelick manger(all bursts into laughter),the legend would've also been supplimented with the art of beau-tickling (all uncontrollably laughs)..which would've made the legend the least mortal(all bursts into laughter) and his villian master curse his birthday (all bursts into laughter)..from which the Master granted them pardon(all bursts into laughter)..thus the master has indeed laughed off a legend as well,which is a secret from Kalos Elite4 reached Grandpa just before we strated the call..Grandpa would've been for some moments connected with us but this statement so entertainingly made by Percy,the head there that

he actually said i'm going to research the night out thoroughly that how can a gentleman-brat like muk pull that off(all brusts into laughter),which the brat himself agreed to only if he could personally hug each sophisticated instruments professionally(all brusts into laughter)..make it cunning Trace(all laughs uncontrollably)"

Tracy(solemn) : "Finally a day after tomorrow the Master will tell the world that why he was so interested in Cerulian City Gym(all laughs), Officially and why he is so concerned about the name Misty Waterflower (all laugh)..um..(all laugh)

Ash(laugh) : "all 1000 feets in 100 times (all brusts into laughter)

Tracy(laughes) : "so the Master will declare finally from AWOL via Lance(all laugh and clap) that it is someone who'll get absolutely all equal share of his powers and all reaches and this makes that someone to virtually do whatever she wants to regarding water pokemon world and if it's her wish

the master will gleefully make sure that she doesn't have any problems, including opening once evet bug Gym(all laughes uncontrollably),so the Master hereby has virtually all his powers and all to himself (all laughes) as Misty Waterflower and finally hereby declares as if the world still hasn't understood(all brusts into laughter) in 15 years(all brusts into laughter) that the Pokemon Master Hall of Fame with the Special Distinction of Being the absolute top head on all affairs regarding Pokemon Training,yup they've done it themselves as Lance made sure of his and his Daughter (all brusts into laughter),by the way his brothers are also in top notch places now and their soulmates too have the shares and all that and he also made sure that the Cerulian Gym's Leader is repayed by all means as she was being humiliated there despite being in hall of fame and the authorities must get it very clearly that this gym and the leader is very important to the Master(all brusts into laughter) virtually making

Misty Universal Water Empress once ever in Hall of Fame with all distinctions as the Master says he's not a specialist in any types but has had to his biggest misfortune two water pokemons(all laughs uncontrollably) who are infinite encyclopedias themselves(all bursts into laughter),so he knows full well given the right environment the Universal Water Empress would as usual make the name meaningless(all clap)..and if Misty or any of you want to revive the show there are things there as well and all that..the 50 sweet gentlemen and women must've died now(all bursts into laughter)and they had 20 backups(all bursts into laughter)..so Master has as he totally fooled around the with the Pokemon world just like they themselves and now has distributed all that he has given us some powers regarding if he's not present what to do and all and there's other people as well accordingly but every single of this and all if anyone has any right in the Master's absence temporary or permanent over all

that the Master has throughout said and all else virtually it means if Master's body isn't available to the world, it's just replaced by his here he finally decides to unearth the flower(all brusts into laughter),to be wife with whom he has already got engaged privately (all brusts into laughter),through all hells(all brusts into laughter)..so the master legally told the soulmate theory to give all euqual shares including all of his pokemons including Mr Mime and finally his beloved big-bro(all clap) to his would be wife which,the official ceremony will take place in Cerulian City Gym(all brusts into laughter) and yes on the central battleground (all brusts into laughter) and then another long list of invitations and all specialities and all that only from Master's side and all rest the decoration etc and all are left over to his wife..so basically the master says just recognize me and my wife as one and the same and get the hell out of here(all brusts into laughter)..so,hereby with all his and her titles and details given finally,

Ash Ketchum marries Misty Waterflower..(all clap and cheer and all)...

finally to us it's said in footnote,(all laughs),the Vultures has been finally put to rest for this life(all bursts into laughter) but if plausible,they'd better remember any trial to disturb Ash Ketchum and Misty Waterflower will fetch them same results,thus finally Ash Ketchum unites his longing for his Beau(all bursts into laughter),his soulmate eternal,Misty Waterflower and marries her just to make Official the inevitability in all plausible eternity in similar circumstances (all clap and cheer)...

.....(an hour later)...

(Ash and Misty hugging each other firmly,looking at each other and smiling)

Ash : "just a ceremony to announce"

Misty(keeping her head on Ash's chest,smile) :

"Ash,i've decided."

Ash(smile) : "24?"

Misty(smile) : "it could be before"

Ash(smile) : "anytime"

Misty(hugging Ash looking into Ash's eyes,smile) :
"first?"

Ash(smile,hugging Misty and looking into her eyes) : "let us follow big-bro atleast till full-hour after alighting."

Misty(same position,smile) : "nostalgia"

Ash(smile,same point) : "not today,but your wish is my command"

Misty(smile,same position) : "can I?"

Ash(Laugh,same position) : "Mist,please anything anytime, atleast lets get away from here"

Misty(smile,same position) : "budging?"

Ash(smile,same position) : "all once"

Misty(smile,same position) : "lets play"

Ash(smile,same position) : "by soul"

Misty(smile,same position) : "a bit sweeter"

Ash(smile,same position) : "need to realize"

Misty(smile,same position) : "continued"

(after 10 minutes,both same position,same posture)

Ash(smile,same position) : "shouldn't we sleep?"

Misty(smile,same position) : "2"

Ash(smile,same position) : "i want to be still"

Misty(smile,same position) : "yet"

Ash(laugh,same position) : "yeah you can,but hey don't jump"

Misty(smile,same) : "more soul"

Ash(smile,same position) : "exactly"

(5 minutes later,same position,same posture)

Misty(smile,same position) : "a formality"

Ash(smile,same position) : "on signal"

Misty(smile,same position) : "just dissolve"

Ash(smile,same position) : "one,two,ready?"

Misty(smile,same position) : "plural?"

Ash(smiles,same position) : "combined first name twice,the rest conjunctions"

Misty(smile,same position) : "equal share"

Ash(smile,same position) : "mutual"

(Misty just about to kiss Ash but she stops just before as if stung, position-posture same)

Misty(a bit flustered,smile) : "um..Ash.."

Ash(smile) : "once or all?"

Misty(smile) : "lets get over with the formalities?"

Ash(smile) : "sweety,soul it to absolute sweetest,just gave up too early"

Misty(smile) : "but.."

Ash(smile) : "excitement or .."

Misty(smile) : "lets battle,eternal lunacy"

Ash(smile) : "that's my sweet Misty Flower,lets battle,this same position,same posture,
(laugh)..just the time(both brusts into laughter).."

Misty(laugh) : "why break the mood sweety?"

Ash(laugh) : "need our brats at absolute lunatic attention(both brusts into laughter), including big-chu(both laughs)

(after settling everything,10 minutes later,Ash and Misty same position,but just about could continue eye contact)

Ash&Misty(Unison,smile) : "lets battle absolute lunacy perfectly shared"

(they continue to be in that position being absolutely still for half an hour then Misty just falls

against Ash out of total exhaustion,15 minutes later)

Ash(solemn,hugging Misty) : "need to strengthen and recover well in Pinkenberry Mist, that's exactly why i persisted with 2 weeks,i'll manage all the things you tell me to,you should take complete rest at home...i'm so unhappy to see my sweet flower in such weak condition...this is so amusing but my sweety got totally exhausted so soon that too because my dear went with all mental strength...and before that just got too emotional,we'll come here all we want Mist,but in good times ok,sweety? don't rush, your health won't allow for much of normalcy what to talk of soul?..please..

Misty(resting on Ash,exhausted,mild voice) : "um.. it's just you Ash,i just..just don't want to leave your side at all.."

Ash(smile, tendering Misty's head) : "i won't take any risks Mist..but you must get healthy,7 months with those,just too much,if something pains me

still is the agony i saw in my little sweety after the 7th...my sweety has been a gym leader and performer,so much vitality always since the very first,but that day,i knew i'll pressure you Mist but after 6th i was pretty concerned just the contents,and the 7th was horrible...you should take complete rest.."

Misty(smile) : "i'm already having enough sweety,but(laugh)..how did you(laugh).."

Ash(laugh) : "no i freaked you out i guess(both bursts into laughter)...you were a cute little doll at 15 and ok i wanted to smack your head then(both bursts into laughter),but after 3 months couldn't think without you,since then i just know my Misty flower soully(both giggle at each other).."

Misty(laugh) : "before that i was totally confused,but(laugh)..as soon as that happened,after i calmed down a bit i was scared to death(both laughs)...no Ash,that was really enough,unless you were connected by souls,you could never do that..you never looked at me in any

other way than your soulmate..."

Ash(firmly hugging Misty) : "i just wish i could fondle my sweet Misty flower a bit more(Misty giggles)...we were together for 5 years day and night,i don't miss those days cause(laugh)..

Misty(laugh) : "all those journeys are vulture business now(both brusts into laughter)"

Ash(laugh) : "yeah,i guess,but i'll tender my flower all i want now(both smile)..privately alone in seclusion(both brusts into laughter)...

Misty(smile) : "Orange was my best part Ash,it was heaven.."

Ash(laugh) : "um..was?"(both laughs uncontrollably)

Misty(laugh) : "is being"(both brusts into laughter)

Ash(laugh) : " 'never in a million years'..(both brusts into laughter)..but..um..i just want to know one thing Mist,are you all right?...

Misty(smile) : "honey,i'm absolutely fine,a bit of troubles here and there,only cure in my moon(both sleep).

Ash(smile) : "you know Mist,i just recalled what i thought after your 7th,i just thought that,just leave it,i'll just abduct you and runaway anywhere and fondle my soul all i want(Misty giggles),and now i know what i should've done they day my sweety had to part after jphoto,same just get the damn bike,destroy it again,and abduct my flower Plain and Simple(both laugh)...Mist,can i abduct you,please,please,you are so soully sweet sweet?" (both laugh)

Misty(smile) : "all ways,sweety"

Ash(smile) : "and just fondle you 12 hours?"

Misty(smile) : "22(both laugh)"

Ash(smile) : "soully enjoyable ain't it?"

Misty(smile) : "great biginning(Misty giggles,Ash smiles)..Ash, formality?(both brusts into laughter)

Ash(laugh) : "i've always thought how can people do it in public,but now i know, just do it after ceremony (both brusts into laughter)"

Misty(smile,almost whisper) : "um..Ash..just..."

Ash(laugh) : "if less Cerulianized(both laugh),not

more than 5(both smiles at each other)

Misty(smile) : "and rather insignificant need just for the process to the result"

Ash(smile) : "exactly,but you can understand now the material is absolutely perfect barring luck"

Misty(smile) : "22 in Pinkenberry"

Ash(laugh) : "totally drunk right?"

Misty(smile) : "deluged eternally"

Ash(smile) : "actually my feelings around you(laugh)"

Misty(laugh) : "no chastity"

Ash(laugh) : "finally understood"

Misty(laugh) : "perfectly uninsinuable" (both brusts into laughter)

Ash(smile) : "just at that impossible physical moment forget the vehicle,at the highest mental level like gratitude,longing etc,forget the vehicle,and you'll be so drunk,no need for anything else.

Misty(smile) : "the ONE by every means"(both smiles at each other and hugs each other)

(few moments later)

Ash&Misty(hugging each other firmly,looking at each other's eyes,smiling,in Unison) :

"ASH&MISTY, MISTY&ASH,I Am YOU and YOU Are ME"

.....(END).....
