

ce Gary(all laugh),i've abducted a certain Misty Waterflower (all laugh) to date her all i want(all brusts into laughter,Misty hugs Ash firmly,Ash smiles at her)

Gary(laugh) : "yeah that's dealt with later,anyhow balance again(all laugh)when his public antics becomes more confusing (all laughs) he still hasn't breached any rules and all that know him personally has praised him more and more,what he and his pokemons do nobody understands (all laughs) as they just play around and rather forces the challenger to become friend and thus the match itself actually becomes totally meaningless (all laughs uncontrollably),this alone has simply made him an enigma as though he's in the pokemon world professionally,it seems he's here only to play around with absolutely everything (all laughs) including pokemons, challengers and authority(all brusts into laughter)...this man simply makes no sense as to why he even exists(all uncontrollably laughs,Ash

and Misty hugs each other smiling)..this simply makes him an totally lunatic (all laughs) yet wholeheartedly sweet man(all brusts into laughter),who seema plays around with his pokemons like a little kid with absolute inocense(all laughs,Ash and Misty looks at each other and smiles)..but such a man if hindered can become unimaginally cruel(all laugh) so it's better that he's given anything he legally wants(all brusts into laughter) to keep him as he is(all laughs uncontrollably)..well Ash(laugh) Lance told Grandpa exactly this even more jovially(all brusts into laughter),and said he's the strongest Elite4 currently and he has very few matches in the world but he was rather as his beloved and battle hardened pokemons was enjoying the play and though the referr had to declare his pokemons defeated,he knows full well the battle,the challenge,his position nothing meant anything there with this unique enigma,he just went back to his 12 year old self when he first started and that

itself has given him enough to continue the few more years left of his service till he again returns to being the 12 year old(all laugh and clap)and he said he understood why a man like this can't be honoured at all because of his uniqueness the honours also will mean nothing but play(all laughs) and so rather being alone he can play around with the whole combined all pokemon battlers hall of fame all he wants(all bursts into laughter) and he said as he decided to rejoin the pokemon master's hall of fame, it's rather our honour to have him among them and he at least being one,would rather be in his in quote 'fool-around' hall of fame than this one(all laughs,claps),Lance said he called cause there was a little tension yesterday at Cerulian City(all bursts into laughter) involving him which was reported to him that he just laughed off as he understands perfectly well the significance of the location(all bursts into laughter),Lance joked and this all,i've never seen him this happy and he said

he only called because he certainly understands the recent antics of the Master and quote 'AWOL' (all bursts into laughter) and with his dissent and then consent to return to the hall of fame as well(all laugh),so he was just very happy that the Master is also the same as he assumed him to be in personal life(all laugh),thus he called Grandpa himself and told him he has had a very good laugh all around (all clap) and also would love to meet him again and if possible fake fight as well(all laughs)..and that's not it,while Grandpa jokingly asked about Cerulian Gym as Lance knows about Lillie being here,Lance unhesitated(all laughs) he will also keep the Gym shut for the next three months for sure unless the leader wants(all laugh),cause he surely knows after many years of gym battling,she absolutely deserves to enjoy some quote 'team battling' (all laughs uncontrollably) all she wants(all laugh,claps,Ash and Misty smiles at each other,hugging)...and finally he said he'll surely be eager to see the

Master back at Cerulian(all brusts into laughter)...  
but a cook also cooks for himself(all brusts into  
laughter)"

Brock(laugh) : "yeah,Ash Ketchum,Hall of  
fame,Fool-Around Soulmate Master(all brusts into  
laughter) gives a special thanks to Brock Slate as  
being the gym leader for his very first badge,which  
on that day he didn't deserve to win at all as his 3  
pokemons then wasn't any match for the Leaders  
Onix and he only got it because the leader  
believed he will get better and he also thanks the  
leaders family as Kane Slate,Brock' father and  
also former gym leader who also that day was like  
his very own father and Foster Slate the current  
gym leader,whom he has known since when  
Foster was 5(laugh,Ash and Misty smiles)and to  
him it's just a signature of love..then the Master  
has basically made Pewter gym to hold sway over  
so many things that it'll take years for Foster to let  
alone read and finish(all laugh) but then to  
uninsinute it out(all brusts into laughter),so that's

that, and Pewter will also have a direct connection with Oak labs as the Master rather swears the authority to hell (all laughs) as to why an unique gym with rock speciality, which he himself has come across only 2 times after that and that too because he has won all 32 badges in Kalos and 24 in Unova, he personally knows there's no such Gym in the entire Orange, Hoenn and Johto region, Sinnoh has only one, which he later went to and found that it's only a gym cause it had to mask the actual thing behind.. so that goes.. thus while he has found there's only 1 such in Kalos, 1 in Unova and 1 in Kanto.. only 3 such Gyms are there and rock is a difficult type to handle battle and maintain so while he saw Unova and Kalos always bragging about their rock types and giving them all they want, typically as he to his utter distaste he found what happens in Kanto, the lower authority thinks because Kanto has produced most Hall of Fames in Pokemon Master Category, they'll get that up by neglecting certain

types of gyms like rock and fire so that the beginners get it a bit easy...this disgusts him to death because he had one of his dream matches ever in a fire gym right on top of a volcano,and he only after that knew fully what power fire pokemons can hold and how difficult they can become,so Kanto has 3 fire gyms,out of which 1 is praised and the rest two neglected cause they don't quite agree so easily,thus he hereby also in quote 'sternly warns' the lower authority to follow the Kanto Elite4 HQ order and report properly,else he'll personally make sure that their positions are under threat as rock gym becomes mandatory and either the fire gyms will be equally sharing pressure or else the mandatory fire badge will have to be collected from someone that'll have full authority to use his own fire types at their very highest level,no trainer will agree to this cause as they understand his absolute maximum doesn't actually mean that and then he'll not stop to get all fire types and send them all to that level

personally training them on the ocean(all laugh)..well it means none other than Cerulian ocean with the Hall of Fame Gym's best chosen pokemons (all laugh), meaning the Master may abuse Pokemons legally or simply send them to a level that'll fool around the authority while having like 30 fire pokemons in Cerulian of all (all laugh) at the same time will itself be a too massive trouble..what a Master stroke(all laugh)..which he didn't say here(all laughs)..so it's better for the concerned people that that's not done..so the Master hereby swore anything off(all claps and laughs)..by the way Pewter got things that has send it to such level,consider it a must visit place anyway(all clap,smile)...then the Master has announced to the world of his heart-wrenching longing for his Pewter beau(all brusts into laughter),in a way that'll propel him to unique stardom(all clap),bur amusingly the Master has made sure that his workload is lessened more than what it is now,and that's why he has already

cancelled tomorrow (all laugh) as it was utter vulture business (all laughs)..his beau(all laugh) has also got a long list that'll take him ages to read and figure out(all laugh) but it simply states that he can do whatever he legally wants and no stupid sludge(all laugh) can do anything about it,this is a serious point Ash but i also know about your final advice to Serena and family,thus this and this sludge has been grateful to you and now that you don't have any concerns the sludge also actually hasn't let me go till he meets you again for atmost once,and you can understand what he'll tell you,as i said before..and you know way more than me of the rest,so there's a question..."

Ash(Ash and Misty hugging each other,looks at Misty,who nods,Ash smiles) : "only with me,only once ever from both sides of absoluty any kind,and the place is in the drainage itself,very own drainage's outer chamber,i'll have absolutely none and nothing with me except my clothes (all laugh) and my Tickle Master(all laugh),granted"(all

claps and smiles and laugh)

Brock(lauhh) : "perfectly uninsinuable (all laugh)..  
your Tickle Master is world dreaded for his Kalos  
Final antics itself and then Elite4 and all and also  
he's the Highest form of Purest ghost type,even  
the legends would think thrice(all laughs)  
especially in dark nights(all laughs  
uncontrollably),and i heard you'll go at night(all  
laughs)?

Ash(smile) : "and may turn off the lights"(all laugh  
and clap)..

Brock(laugh) : "perfect,well its also.."

Ash(smile) : "Brock, don't you cherish your beau(all  
smile,clap)"

Brock(smile) : "meticulously (all smile,clap)..but,i.."

Ash(smile) : "Brock I should be the one saying  
what you're insinuating (all laugh),but i don't cause  
you're in the right art now(all clap) and also the  
other way around(all clap)..just leave it as an  
illusion (all laugh, claps).."

Daisy(laugh) : "Ash,i have an insinuation (all

laugh),why is it so that i can see a certain Ketchum encircling all the flowers(all brusts laughter)...i know what you told or rather encouraged to Trace on persistence of observation(Tracy laughs) all the 4 years ago after your breakup,i also came to know from my younger lioness(all brusts into laughter) what you told Gary just after your breakup,and i also know the actual way of pushing Brock was left to none other than his own father(all smile) as my Viol flower told me(Tracy,Brock Laughs)..why were you encircling the flowers(all brusts into laughter)?"

Ash(blush) : "well,that was a um..(all laugh)"

Gary(laugh) : "my sermon was the professionalism in unnesseciating the necessary to find the subtle necessity(all laugh),exactly what i tell everyone now and i told our Pettlesburg Sister and Her rose as well(all laugh)..and the rest of you know what i'm talking about (all laugh)"

Lillie(laugh) : "and well just like Dase,same for me,it was a double edged sword that the Master

of Pallet Brats delivered (all laugh),the vulture knew step by step what he was doing(all laugh).."  
Brock(laugh) : "well,My dad was a gym leader then and both my parents are extremely caring yet extremely oblivious and single minded,which i guess the sisters here understand what it is(all sisters reciprocates and laughs),so my dad was told to minutely find the right balance between them and (laugh) in an unnamed letter where a minute picture was drawn of a certain flower(all laughs)..ya, exactly that,to show the perfect balance demonstration(all brusts into laughter),and was told to show his eldest son,who'll figure out the rest..so my dad did what he did,and i did what was necessary and especially so after i got through the hellfires,the letter was delivered much later though, it's as if the sender was expecting things to happen..(all laugh)..so who drew that Ketchum(all brusts into laughter)"

Ash(smile) : "people from a secret well known

organisation (all laugh),who were actually Sinnoh Elite4 undercover,just too fond of me(all brusts into laughter)..and Gary,well i just sort of it's called what i told you that day(laugh),a Master retorts only when the opposition is weak enough(all brusts into laughter)..i just knew how things will be as if you remember Daisy,Lillie none of you were there that day and i spent an hour or more afterwards looking at the now godforsaken central battlefield (all brusts into laughter)..then Sarah of all people came in as I was oblivious (all laughs),she knew me well for obvious reasons (all laughs),she told me many angry garbage (all brusts into laughter) with the warning that the visitors aren't allowed in this and that time etc(all laughs),but i also saw how all of you were angry with me i mean all the elder sisters,which was ever the case anyway(all laughs),but helpers had to comply cause the certain sweet main gym leader of all herself had blossomed disturbingly only at a very certain direction (all brusts into

laughs),and i knew only too well what my brothers will tell me,by then i was patry-hardened(all brusts into laughter) enough to be called in for a secret undercover within a month after i won the league..and my realizations were day by day coming and increasing,so i just thought looking at that battlefield and then the anger then recalling all,i realized that if i'm not returning here a tension will simmer cause i was the central reason for the bond and i then was buffoon enough not to realize that all it needed was exactly my presence for a much longer time but you know i'm just like my flower-extremely stubborn(all laugh)..so then after Sarah chided me i mouthed her off saying many things that are mere wordplay now,but well that language and logic only got stronger undercover(all brusts into laughter) and the knowledge came from Kalos Libraries and hangouts(all laughs)...well my Ganger has fooled many many authority figures(all brusts into laughter),and did all illegal things there so that i

get full knowledge,he's an once only expert in invisiblity(all laughs)..so i just said things that made Sarah realize that i was oblivious but i was gently wicked(all brusts into laughter)..so she just never mingled with anything again cause she knew her job was on threat(all laughs) and i sold her a double edged sword(all laughed),after all these,as I went back to the visitors room and picked up my big bro,he was rather startled that i didn't once told him about Mist that day which was never the case as well he really is my big bro by every means (all clap),he insisted to go and have fun with the other gym pokemons which he has always done there but i sternly rebuked him,he you know being he,just ran off to where gym pokemons were kept and the guards were warned by Sarah by them to not disturb me at all(all laugh),so chu-bro went in but the very first thing was none other than Dewgong,to whom chu-bro by then seemed to be an intruder as always(all laugh),but i don't know what came to chu-bro that

day,as any other day he'll mouth Dewgong off by Using Golduck,Starmie,Starew,Politoed whoever was present whom he knew well and especially after Sinnoh,as during Sinnoh miracle Pikachu realized who he really was and since then the word fear just has gone off from his dictionary and that day chu-bro didn't use others or did anything,he straight showed Dewgong what he really was by an iron tell to the ground that was just enough to make him sit on his tail,which was stuck inside the ground create a to show that he was not only type advantage but processed unimaginable power with the same skill to just use them rightly,it was a statement that i can instantly kill you all no matter who or how many you are you're no match for me but i'm very gentle i don't do anything unless you try to be unnecessary disturbing in a way that now i realize a Suicune would've done the same, Dewgong of all just went away,and well i still have a fear for Dewgong cause he's the leader and he never liked Pikachu

and my big bro doesn't submit to anyone so it's a difficult condition..anyhow big bro then went in but didn't even play he just have a quick look there and came back to me and said Pikachupi,which is MISTY in his words,and then just stayed silent..i thought he somehow someway realized that something must've happened to Misty and thus he wasn't allowed to talk with her and all,and yeah he never saw me sad inside the gym that much before too,so he just wanted to check if Misty's Pokemons were right or not but Dewgong came in and he threatend him away to just have a look and came back and said Misty,means its her,not the pokemons, yeah that's his intelligence(all smile,clap)(laugh),well he's sleeping now out of disgust(all laugh)... then i out of emotion told him 'buddy may be your right' he obviously didn't realize what i told him but was very submissive,then i came back of course with many emotions but i somehow remembered my big-bro's actions and it kinda dawned upon me that

even if the leader goes the pokemons stay,so then i realized that Tracy comes here,Gary comes here,Brock knows the place very well etc and they're not going to go anywhere,and from there i probably became more determined to cut myself off completely from the Cerulian Gym and all so i became rather stern and wanted them to do the right things that i thought were right so that they later won't well insinuate (all laughs) anything,so i told Trace everything needs persistence and results even if doesn't come a man like Trace doesn't need to be reminded that its all for own sake,which of course the man being cunning(all laughs) quickly picked up but tried to resell me(all bursts into laughter),which gave him a how sweet is the fire Brock(all laugh) ?"

Brock(laugh) : "Beautiful Little Hell with a little fire that's a bit too warm for comfort" (all bursts into laughter)

Ash(laugh) : "so that was it for Trace(Tracy laughs),then Gary i knew what he thought of the

whole thing and all,i told him just do what you're doing and no matter what you look after yourself by all means first and just from difficulties you know who to research out things do same don't just get dissapointed and Gary also instantly pick that up but because he was professionally balanced just exactly opposite to his partner(all laugh),he clearly reaziled i wanted to go away without disturbing anyone or anything and didn't want any tension because of me and finally my Beau(all laugh) as usual went through all emotions and then on a fatefull day just as i had decided to go for the Undercover,i was in Viridian then,and suddenly i was called as usual and all that,i kinds knew that my beau would think me to be and all so i rather was happy to cut it exactly there,and then I reached Sinnoh and just before going undercover suddenly i found that the art of Mantyke was doing some rounds in the City(all laughes)...so i told my under-cover bros to get some informations about how to handle a

Mantine(all laughs)..and they obviously scanned Violet completely and told me what i needed to know that the only man who made her balanced was still peeking or not,and as he was very much i againt haunted the man via secret sources in sinnoh,by the time the news came i was already undercover and that was the only time big-bro wasn't there,i left him with mom,cause if i wasn't there and some Vultures came along then I knew atleast nobody could go past Chu-bro and my whole Oak lab bunch no matter who they are plus he was my backup..all he was needed to be told was what he told me that day,master goes pokemons stay..and that was it..in the meantime i saw my beau was a much changed man and then just sent things through Mr Slate cause i knew him,he could realize things and give right support...and that really was it,Gary only had contacts but not even once he said anything except the day he got engaged and he didn't even name Lillie and i just congratulated him and that's

all..this was kalos but then i became a brat by my own right(laugh) and just was fooling around and never recalled anything regarding here for a long time and then decided to go away and all but i knew i'll be in hall of fame anyway and also the rejection-acceptance was also planned so that i get my way and all that but suddenly then my flower came back in and actually i would've been in Kalos cause i know the whole place in some library buying it and making my own or be near professor Kukui's lab...i wanted to date my little flower but then thought may be i'll be disturbing her,may be her problems aren't at all due to me and so on..and i never even wanted to know anything about here so i wasn't really sure despite knowing all but then finally a brat decided to challenge with his half grown fearow(all brusts into laughter)..so i then knew even legends are no match for my bunch,so i was assured that this pokemon world was finished completely for me and the rest may be 50/60 year retirement,as soon

as the 50/60 came in i realized how much of an utter bufoon i was and when i could've easily came here pass a month and return,i went for badges which by then was formality almost i just liked the travelling...so i straightaway returned here to finish my works and finally know everything about here and then decide..but fortunately my flower forgave me despite all that i did to her and we're going AWOL both now(laugh,all laugh,smile)..."

Daisy : "yeah,but don't ever try to prove step by step everything that you do and don't forget that you indeed are the centre of the bond"

Ash(blush) : "well,thanks for accepting me back.."

Brock(laugh) : "mere wordplay(all laugh),this was as easy as that..and how should the grammar be Trace?"

Tracy(laugh) : "no past tense"

Gary(laugh) : "professionally agreed"

Lillie(laugh): "intuitively verified"

Misty(hugging Ash firmly,smile): "finally,Soullly

Meted"(Ash and Misty hugs each other firmly giggling at each other,rest clap etc.)

Brock: "right,anyhow,i can just about do anything,so by virtue of that,if my flower agrees,which her sisters know about(all sisters laugh),i'll long to join Oak Lab itself,and if permitted open a new pokmon centre(all claps) somewhere where's necessary,so..."

Gary&Tracy(Union) : "professionally and equally granted(all claps)

Brock : "now there's also i heard lists were sent,wherever the Master ever felt he got any bit of help,which i believe now will make the whole Elite4 bite all unimaginable hands off(all brusts into laughter) except Lance(all clap,laugh)..And Ash,you heard May and Drew today,the rest all has followed suit,all of your travel companions that i know upto Unova and many others that Gary told me,your Kalos friends too including Serena(all laughs)who was only too mystified by your Misty(all laughs uncontrollably) and has become

an absolute pet(all laughs),well all of those 3 poor souls have(all laughs),so they've happily obliges too as Gary told me before...also except that many other things has many other lists that's probably now reaches to all hells unimaginable(all laugh) and penultimate thing is that what our sweet brat rockets(all laugh) and their pal(all laughs) got,they got a gift, Master's only gift by monetary means as it has to be sent through secret Elite4 channels,which by the way,i mean you know when we think yeah like Elite4, anything in the pokemon world as long as humans are concerned has been just made meaningless by the master except ONE with whom he is ONE(all laugh)..anyhow the ONE comes obviously at the end to allegedly have a sway on anything she wants(all laughs),which includes the Master himself(all laugh,clap,Ash smiles at Misty who giggles back)..anyhow the rockets are now married couple, surprized, surprize(all laughs) got the gift for helping him once in Kalos in a

tough situation in a court case which they thought they only repaying as they were saved first, but the master only ever remembered what he got himself and thus a small gift for which they of all has cruelly thanked themselves (all laugh), that they finally have beaten the enemy (all laugh) by befriending him (all claps and laughs).. but the rocket duo have insinuated (all bursts into laughter) that they're absolute enjoying the grown up version of their so familiar bug around play (all bursts into laughter) played then by the master and a quote 'bug specialist twerpetee' (all bursts into laughter), and they also encouraged the master to never to stop it (all bursts into laughter).. this comes through Sinnoh Elite4 to Professor Oak as the whole thing is secret.. another serious thing Ash, can you ever get into trouble?"

Ash(smile) : "Sinnoh Elite4 and Lance of all (all laugh) knows full well all about it bit by bit from the very beginning, never any worries.. (all clap).. no

matter how much fooling around i've ever done or is doing,i only do with Lance's full consent and knowledge,just the process is mine(all laugh)..(all smile)..so no worries,though i boss him around(all brusts into laughter)...

Brock(smile) : "so i finish but the Doctor will haunt Oak Labs soon"(all laugh and cheer)

Daisy&Lillie(Unison) : "personally and equally welcomed"(all laugh and clap and all)

Gary(smile) : "hey grandpa too wants to insinuate in(all brusts into laughter)

Professor Oak : "Hellow all!"  
(all reciprocates)

Professor Oak : "well i guess someone gone AWOL is around a Lake somewhere in a forest(all brusts into laughter)..how things are going there Misty?(all laughs)

Misty(blush,smile) : "Thanks Professor! and yes things are truely AWOL(all laugh)"

Professor Oak(laugh) : "well Ash,i've just been able to get rid of your Legend Killer(all brusts into

laughter)..he was as usual rather researching me(all laughs).. anyway as usual you bunch is once only,i'm only lucky to see them and there master and now his little flower(all smile)

Ash(smile) : "yeah thanks professor and i also have a Once Only family there as well(all smile)..and my bunch too(all claps)..anyhow mom as usual won't leave her father so she is there still."

Professor Oak : "well as usual here as well, always a great place for weekends after tedious gym sessions(all laugh,smile) despite the Cape(all laugh)"

Ash(smile) : "yeah,always,by the way professor just a request as you yourself do understand better,keep Mime away from my bunch(all brusts into laughter)"

Professor Oak(laughes) : "absolutely so,no wonder,she's a wonder now actually to the bunch(all brusts into laughter)..Ash,i would only say if Oak Lab is what it is now is also because of

your bunch,and you,Once Only,so i only wish best of luck to you and two the new captains!"

Ash(smile) : "thanks once ever,professor!"

Gary&Tracy: "Thanks Professor and your wish will always be our command!"

Professor Oak : "thanks young ones!now the main thing but before that another thing is that Ash,how are the fearows(all brusts into laughter)?"

Ash(laugh) : "could only grow the half as usual(all brusts into laughter).. what's up with Muk,any new type immunity or adaptibility possible?"

Professor Oak(laugh) : "no,only more intellectual (all brusts into laughter)..but that's not exactly good for me(all brusts into laughter)...Ash,i guess you know you also don't have to actually train them it all about what you do yourself,they'll only go better"

Ash(smile) : "yeah Professor, pretty much but you'll also need to help me as usual for what is best done for them next.. looking forward"

Professor Oak(smile) : "as usual,ever

welcome!professionally and personally!(all laugh,smile)..well now the main thing,and that's why i'm here,Ash your words that day and no don't bother about that,as i hear them,just wordplay(all smile)..i actually was searching more about your father's diaries,a few were here with me and i just got curious and found an amusing thing, that's what i'll tell you just Muk embraced me in the meantime(all laugh) and well he has freshened me up so no trouble(all laughs)...this says well you know just repeating...Delia would know tomorrow..this say in excerpt, your dad and Michael Waterflower, Misty's Dad actually were great friends at one time(Ash and Misty looks at each other flustered,then smiles and hugs each other) Before Michael took up the Gym Leader's role,but later their contact broke down due to your father's constant travelling throughout Kanto for his various jobs and the secrecy of the his one time job as he worked on for 2 constant years...but now it seems that before your dad's

final departure from () City where Michael was doing something that day they both met suddenly and had a good get together, but before they spoke much about their personal life Arthur had to leave, so though he told Michael that he was married and all he never told anybody about his residence cause he couldn't do that, even Delia didn't know exactly why Arthur had to leave so suddenly, i knew it all only, he looked up to me like an uncle and told me everything that he actually did and all, he always was a daredevil and his Charmillion was as well.. he did jobs for police forces and especially against team rocket of all.. thus i came to know as a few reports about Arthur... Michael and Arthur at one time agreed that if they have a son and a daughter in either side they'll get them married and make their friendship a family relation.. (all smile)... so this is why I was here, Ash defeated Team Rocket's boss finally with our sweet duo (all laugh), who fooled the whole gang completely as usually they do (all

laugh)..so Ash,Misty it also turns out that both of you really had come here with preparation (all laugh)..i could've said destiny but i know that word isn't really very sweet one(all bursts into laughter),and because of this i can now prove rigourously as well your soulmate theory (all laugh)..have a nice life you two,gone AWOL(all laugh)..my best wishes!

Ash(shivering voice,smile) : "um..yeah thanks Professor"

Misty(smile) : "thanks professor,many thanks"

.....

Daisy(smile) : "so i finally Officially tell you Mist,that your little boyfriend Ketchum indeed really was the only one(all laughs) and now is, once more(all smile)"

Ash(laugh) : "well,i was a posterboy,so now i'm the chosenboy(all bursts into laughter)"

Tracy(laugh) : "Brock,what a family and more so what a Master,Ash Ketchum"

Brock : "perfectly uninsinuable,and more so great

in the Master's Soulmate, Misty Waterflower Ketchum" (all clap and all)

Gary(laugh) : "well,Ash your brothers and all,turns out a destined family as well,if plausible, what's the next version of Crawdauntogater(all laughs uncontrollably)"

Ash(laugh) : "i'll just want them to pokemons if human, they'll surpass anything (all brusts into laughter)"

Lillie(laugh) : "now all we need is the Viol flower back,Ash can we use Charizard to fetch the little pest?"(all laugh)

Misty(laugh) : "better preparing than fetching(all brusts into laughter).. anyhow what have the destined family got?"

Daisy(laugh) : "yeah now finally us of all(all laugh)..the Master has cunningly(all laugh) conferred all things Cerulian to only 3 of us(all laugh)..which means..(all laugh).."

Lillie(laugh) : "you're only getting 1 Mist(all laugh), that's all(all laugh and clap)"

Daisy(laugh) : "Cerulean of all Cities(all bursts into laughter) will become the Master's hometown(all clap) and thus any sludge has been cleared (all laugh)..the City itself will receive insinuated list(all bursts into laughter) but there's enough to understand what they are and that'll take eternity to finish and then another to meticulously un-insinuate(all laugh) as long as Pokemons are concerned and all will be completely in the Gym leader's hand to choose and do, virtually the Gym leader is the final say anything regarding Cerulean including the Master's grand plan of cup competition which also will join Pewter and Viridian and the water section is fully at the Cerulean Gym's hand just as the rock section which will truly be unique as Cerulean and Pewter has a bond of totally different types,all things regarding Rock goes to Pewter gym leader with all say,then the Cerulean Gym with whoever becomes it's permanent leader will get anything she wants in her unimaginable dreams all not specifically

mentioned but easily uninsinuable (all bursts into laughter) as it'll be fully according to the Gym leader whose say, none including the Master himself have any right legal or moral to remotely tickle (all bursts into laughter) about it.. Virtually the Gym Leader has become synonymous with Gold Standard if not much higher and with her own Hall of Fame, she has suddenly become (all laugh and smile) the material equal of the Master as well..

and this part is to be announced tomorrow noon i'm surmising the final copy.. that any kind of unwanted faint chirping about Misty Waterflower with regards to the Gym, Hall of Fame position, reputation, personal life-anything in any authority level if reaches the Master, he'll simply take over the rest in his own hands with full support of Lance, which he didn't mention but you know it.. (all clap and laugh).. and that'll be done completely legally and he'll take over all that power himself and as his reputation goes, that's the first thing

they'll not want in their unimaginable dreams(all bursts into laughter)...as he again mentions he isn't a special type trainer and comparing to Misty Waterflower,he hasn't even got his first badge of any kind when it comes to water pokemons,but unfortunately he has two water pokemons himself(all bursts into laughter),who are famous for defeating the team rocket and if anyone wants to know more,he'll personally fix the meeting(all laughs uncontrollably),which will be very enjoyable (all bursts into laughter) given Cerulean's open ocean(all Uncontrollably laughs)

it's just that,there's unimaginable power given at the Gym Leader's hand as long as it's legal,as all legal unimaginable heavens will become a reality in absolutely no time"(all clap and cheer)

Lillie(smile) : "this is only the gym,the master just like his 3 friends here quote 'if the master has ever known that what means the word 'brother',he hasn't known it rather seen it first then learnt it later just to know how to formally describe his

relation'(all smile) and also his gratitudes for Grandpa which quote 'all words that are there ever in any dictionary to mention what means 'gratitude' won't be able to properly describe what he feels for

Professor Samuel Oak so he just mentioned it for formal description' then he briefly said how Professor Oak like his very own grandpa has ever done to him and his father and all and states that 'I don't want to go much further,but for me my surname and the surname Oak makes no difference' then he just briefly said these and finally handed Professor Oak full authority over all his pokemons but excluding Mime and also sadly excluding you-chu(all brusts into laughter),as he'll thunder-chair the whole world on the very first notice that his little bro isn't under his full authority(all laughs)..so Grandpa's say will be final as to how to use the Master's pokemons for our purposes,then finally as it happens that 3 Waterflower sisters who shares the Gym Leader's

role along with their youngest sister, for whom he has many gratitudes cause first Cerulian was his second badge and that too he never deserves but was rather granted because he came could come at a small help there as some intruders were trying to play their games which he helped to stop and he also holds many gratitudes and they all are like his own big sisters as well if not more and ultimately it happens to be that all of them has found their soulmates from among his mentioned brothers and vice-versa, yup that's the word (all laughs).. then he precisely described us again with the relationships and gave all he could and it seems he minutely knows what Viol Flower exactly does as well (all laughs), may be better than she herself (all bursts into laughter).. and accordingly his list has been made which of course pushes us to heaven with our current positions and shares in gym, lab, etc, and even the Sensational Sisters he mentioned and with regards to our experience there and Viol being still

around,the Master has totally fooled us as to his knowledge there as well(all bursts into laughter),little bro,whose knowledge is it(all bursts into laughter)?"

Ash(laughs) : "all your managers that were ever there and all else who knew the main things and the Gym staffs all that are close to you and all that, knowledge was extracted via the Dark Types(all laughs uncontrollably), actually a certain one Dark is alone enough for a Certain Dark night (all bursts into laughter) if they didn't budge(all bursts into laughter),the Pokemon was mine,and you know i can already hear what that certain dark pokemon in the night version of forest lake is doing to our poor Azumarill(all bursts into laughter)..she already encirculated us thrice(all laughs) and the person was none other than Lance's daughter (all claps and laughs) whom you know very well..(all laughs).."

Daisy(laugh) : "yeah,we know that brat(all laughs) very well and Viol knows the best(all

laughes)..what was the carrot?"(all brusts into laughter)

Ash(smile) : "all for her future"(all smiles and claps)

Lillie(laugh) : "so we via Viol can hold sway over there as well if we so wished but it's all left to our choice and consent and there are many more for us and for his brothers to share and so on and the future also will get all if they came to Pokemon world ever whatever he could he would but for their nursery as well all things imaginable..this is from all the gym-leader-moms and all that and basically he has evsdropped us and his brothers (all brusts into laughter)..and knows what we may need may not and accordingly provided..Ash,when did it start?"(all brusts into laughter)

Ash(smile) : "as soon as the sludge left me(all laugh)..i just thought i'll leave Pallet so got them in, Cerulian gym would've got a list as well but if only you here wished cause it was prepared for excluding Misty Flower(all laughs)..and all the

powers would've been given to you but a bit differently...after i broke into my dear flower's room and saw her sweetly sitting on my lap(all brusts into laughter) though she was totally gagged and bounded by ()(all laughs) but that was it really,my flower moves her head before my wish,wanted to hear me before my words and so on(all brusts into laughter),so i thought my flower was rather enjoying it sitting like a cute little doll there(all laughs),so i just created an extra copy of provisions and names(all brusts into laughter)... Daisy (laughs) : "then you fooled around with all of us in hellfire(all brusts into laughter)..but what about your brothers especially your cook-beau(all brusts into laughter)..."

Ash(smile) : just the names,you remember i had two Lackeys with me all the time till the day before i souled my flower(all brusts into laughter).."

Lillie(laugh) : "totally sinister(all brusts into laughter)"

Ash(laugh) : "straight from Elite4,Jhoto,(all brusts

into laughter)..and i had many in my alleged farm,whom Trace was very happy to meet today(all laughs)..how many were there Trace?" Tracy(laugh) : "no less than 50(all bursts into laughter).."

Ash(laughes) : "minutely picked up from around all Elite4's barring kanto and orange(all bursts into laughter),and tomorrow 20 more are coming (all laughs)... they'll do as i tell them cause the threat was that the Universal Water Queen might get replaced by the Crawdauntly-Feraligate(all bursts into laughter) master,and yes either of those two always my first two(all bursts into laughter)in extreme situations along with beloved muk,if his type suited but even if all the 3 somehow can't,entern the invincible tickle master,who actually is my right hand now, that's why i can't give him to anyone(all bursts into laughter)..he can do things with his natural supreme powers that he has suprassed many legends i'm sure,they are used where my chu-bro(all laughs) can

become too protective (all bursts into laughter)..he asks me now why are we not battling as we're not sleeping(all bursts into laughter)...and those two forsaken water type pests(all laugh)did exactly that to none other than Team Rocket(all bursts into laughter) highest high(all bursts into laughter),who opined to me personally later that,he had Mewtwo and Arceus,but they combined with all his other pokemons present that would've been no match to the two gems that has now got a exact opposite type lackey(all bursts into laughter) and has already spoilt all that there is to non-returnability(all bursts into laughter) and this is night time as well(all bursts into laughter)..and he still didn't know that i had Gengar and Muk of all as backups(all bursts into laughter)..i just about realized my real strength but the antics those two utmost brats(all laughs) nonchalantly did(all bursts into laughter) that to knowing full well they with me of all would've been killed had they got beaten..on the face of sure

death on a ground-type surface against electric and grass pokemons(all wonders)...they are the only reasons there'll not be a Team Crooked 2(all laugh)..and that's why i didn't use the brat-duo till that day at Cerulian..and in the meantime they've only got bratter(all laughs).. that's the thing for me,keep them who they are,you'll see the magic if you can follow them absolutely(all laugh,smile,clap,cheer)...on sure death that day against 10 absolute disadvantages that too illegally swelles up and battle hardened with a man who managed Metwtwo and Arceus of all if one wasn't enough and who knew even about everything...these two just with complete audacity fooled around..i planned that with them but it's not execution cause there it makes no sense,but just who they really are and i still had Ganger and Muk who wasn't used till the very end..you know they are the real Pokemon Master(all claps)..all they did was to get under their opponents nerves to such an extent in all oppositions they were totally

baffled as neither me nor the two even tried to attack or defend, just stood there and mentally I was playing with them and the opposite, they just fooled everyone around and finally the great boss lost his greatest cool and released his eternal pet Raven on me only to be similarly flattened by Muk, whose sudden presence gave my two sweet brats to get up to the bemused high boss personally and thwart his plan of self destruction, when as soon as illegal pokemons started to flood is cause they were totally confused as my two dears were fooling even whoever came illegally, and as the high boss was totally befuddled to an absolute bewilderment so he couldn't even self destroy now my men tried to get to him and all hell broke loose with all pokemons only for the eventual gangsterization and other means... Gangster to fool the lunatic pokemons who just lost their boss to utter standstill... the boss told me he is finally defeated cause he never knew this was possible.. and all this before Kalos

just after my break-up..3 long years...all the two and rest of me and my people did that they but very intuitively was to imbibe in them that there's no point in battling and the high boss just didn't understand how can a man standing in front of death use these tactics and these two brats had no control from me over them as well...i had just let them go but i knew i could still win intuitively somehow cause i never found any purpose in team rocket and my pokemons by then was reflecting me already,these two were most advanced in fooling around with Ganger and Muk,but i had ganger for very few months then and muk had some type disadvantages..so those two,and they flattened team rocket and since that day has become totally useless cause they'll only ever get fully serious if i want to die with them and against team rocket i didn't so i was saved,but that was then..now if i have to do that each of my 83 will become legendary themselves and this all is barring my big-bro(all clap),he wouldn't have

fooled around that they and we would've died but if it was a serious stuff or i have to threatened someone to death,big bro is final say cause he only knows from whom i'll be scared so much that i'll want suicide,if he senses that remotely,he'll surpass all the other 83 all by himself and isn't his problem exactly that Trace?"

Tracy(smile) : "once only power,once only intuition,once only applicability and skill,once only judgement,once only self control,once only faith,once and only Pika-bro(all claps)"

Misty(smile) : "he's telling me to threaten his bro to battle me(all laughs),he won't battle me but he'll get to chide his group(all laugh) for not prolonging the match(all brusts into laughter)...yeah now i've become his pal infact as he has understood if he insinuated here(all laugh) his bro will be rebuked(all laugh)..and all my sweet bro wants is to observe battles(all laugh) not get involved all because he just wants to see if you're against all,are you still sane to use your brain and not just

give up and go all over(all clap).. that's my pikabro(all laughs)"

Ash(laugh) : "anyhow i just needed to share these with all of you now that you've got control over them, they'll obey you just like me but never try to actually battle them cause they won't as you can see their level all they want to know is who you are and that's all..and at their level now they even can't be stolen cause they'll understand their motives and refuse to do anything spoiling all the rest to their way,all my mates that are away somewhere,same attitude they do the same there..(all clap)..so Trace how were the 50?

Tracy : "personally-imbalanced(all laugh)"

Daisy(laugh) : "Mist,they called you Cerulian Water Queen at most Kanto Water Empress,as usual those words have been laughed off(all brusts into laughter) to all eternal hells unimaginable and you've become universal now that too forever ever(all smiles and laughs,claps), provided you can keep it,but you know souilly well(all laughs)

this'll also be laughed off as mere wordplay(all laugh and clap)"

(Ash and Misty smiles at each other and hugs each other firmly)

Lillie : "finally Mrs Ketchum gets her Mime fully unless she is used as a deal to adore a certain eternal flower(all laughs)..and she can stay at Cerulian or at Pallet,which is that she has decided- Pallet(all claps and laughs,Ash laughs loud)..and also hereby the Master's home comes into fully our jurisdiction meaning Dase,me and Viol,if she comes which is most 100% probability(all laughs),now that finally Tracey's parents has been cajoled here as well by the Master(all clap and cheer) so we'll have our mother figures as well(all clap,cheer) after the Master finally goes to Cerulian we'll formally take over the home department,but the most important thing is for finally Tracy to announce"

Gary(smile) : "but just a professional intervention (all brusts into laughter),the Master hasn't told

anyone including even his flower cause he has to keep something with the berries (all bursts into laughter)...

Tracy(laugh) : "just a personal intervention(all bursts into laughter),the berries may hide some gentle sweet fox(all bursts into laughter)..to minutely present (all laugh) professional observation (all bursts into laughter) in personal matters(all bursts into laughter) of the 1st and the 2nd(all bursts into laughter) with precise sketches(all laughs uncontrollably)..may the balance return(all bursts into laughter)"

Misty(laugh) : "just an actual intervention(all bursts into laughter),why is it so Trace that a few vultures are circulating us even at deep night(all bursts into laughter),why is it so important that a boy can be obviously matured?(all bursts into laughter)

Brock(laughing) : "well um..Ash was.."

Misty(laugh,frown) : "hey,hey you crooked doctor(all bursts into laughter), don't utter my

husband's name(all brusts into laughter) and don't go out of Viridian(all brusts into laughter)..my husband isn't it,my husband?(all brusts into laughter)..why does it seem that people are so infatuated with my husband suddenly(all brusts into laughter)?... Gyarados,i give you my word,if these guy tries to enter Cerulian Gym(all brusts into laughter),at midnight with his Onix(all laughs uncontrollably),then you'll never see me again"(all brusts into laughter)

Gary(laugh) : "right,professing personally (all brusts into laughter),but keeping in mind of professional matters(all laughs),in an intuitively balanced manner (all brusts into laughter),that the Master has already faced a brat named Hi-Ho(all wonder including Misty,who huggs Ash,Ash smiles at Misty and hugs her),when he was challenged privately after his Elite4 victory in Kanto,when he illegally went on Charizard,racing to Kalos in A,that is highest level record time(all laughs),where as upto only C level from basic H is allowed for any

hall of fame masters unless professional or he is a gym leader,so master has personally broken the current professional world record(all laughs),he went to the famous library of (),to formally understand the soulmate theory,there some () sludge who was a dreaded villian alleged to have a Hi-Ho privately challenged him and the master accepted cause he was too sure only flying types are no good(all laugh)..try telling that to Charizard Ash(all brusts into laughter),so he used Muk of all(all brusts into laughter) to an intensional type disadvantage against a Hi-Ho of all legends cause he believed in quote 'ah just a half-grown illegally f.. up f.. fearow'(all brusts into laughter) and our sweet hugging muk of all brats(all laughs) went there and told the Hi-Ho in the Master's language 'are you sane bro?(all brusts into laughter)you don't even know how to behave with humans'(all brusts into laughter),and then just went onto hug the Master to death (all brusts into laughter)..the legends villian master was defeated exactly

there(all brusts into laughter),cause though he knew well that the master would fool around,he never expected a self deatructive move like this(all laughs),so he instantly said 'i give up'(all brusts into laughter),which made the legend sober(all brusts into laughter) as he was poisoned and all that,the legend in Master's interpretation tries to comeback as ' you coward,you get tamed by human,all swear words' to which our Muk sweetly says 'whoose your beau'(all brusts into laughter) which made the legend to go overdrive and prepare to charge with absolute insanity,when muk absolutely in the precise right time sweetly countered 'what if i'm?'(all brusts into laughter)...this makes the legend to simply give up and stay flustered,which bought the time(all brusts into laughter) for muk to state 'can't all fight like beaus do?'(all brusts into laughter)..this sends the legend to such heaven that he hugs-it-out(all brusts into laughter)...and the Villian to say he would'nt ever even recall the name Pokemon(all

brusts into laughter),what to speak of anything else (all laughs)...so our muk beats a Hi-OH with unsoulmate theory (all laughs uncontrollably)..but the Master politely states that had it been none other than his sidelick manger(all brusts into laughter),the legend would've also been supplimented with the art of beau-tickling (all uncontrollably laughs)..which would've made the legend the least mortal(all brusts into laughter) and his villian master curse his birthday (all brusts into laughter)..from which the Master granted them pardon(all brusts into laughter)..thus the master has indeed laughed off a legend as well,which is a secret from Kalos Elite4 reached Grandpa just before we strated the call..Grandpa would've been for some moments connected with us but this statement so entertainingly made by Percy,the head there that he actually said i'm going to research the night out thoroughly that how can a gentleman-brat like muk pull that off(all brusts into laughter),which

the brat himself agreed to only if he could personally hug each sophisticated instruments professionally(all brusts into laughter)..make it cunning Trace(all laughs uncontrollably)"

Tracy(solemn) : "Finally a day after tomorrow the Master will tell the world that why he was so interested in Cerulian City Gym(all laughs), Officially and why he is so concerned about the name Misty Waterflower (all laugh)..um..(all laugh)

Ash(laugh) : "all 1000 feets in 100 times (all brusts into laughter)

Tracy(laughes) : "so the Master will declare finally from AWOL via Lance(all laugh and clap) that it is someone who'll get absolutely all equal share of his powers and all reaches and this makes that someone to virtually do whatever she wants to regarding water pokemon world and if it's her wish the master will gleefully make sure that she doesn't have any problems, including opening once evet bug Gym(all laughs uncontrollably),so

the Master hereby has virtually all his powers and all to himself (all laughs) as Misty Waterflower and finally hereby declares as if the world still hasn't understood(all bursts into laughter) in 15 years(all bursts into laughter) that the Pokemon Master Hall of Fame with the Special Distinction of Being the absolute top head on all affairs regarding Pokemon Training,yup they've done it themselves as Lance made sure of his and his Daughter (all bursts into laughter),by the way his brothers are also in top notch places now and their soulmates too have the shares and all that and he also made sure that the Cerulian Gym's Leader is repayed by all means as she was being humiliated there despite being in hall of fame and the authorities must get it very clearly that this gym and the leader is very important to the Master(all bursts into laughter) virtually making Misty Universal Water Empress once ever in Hall of Fame with all distinctions as the Master says he's not a specialist in any types but has had to

his biggest misfortune two water pokemons(all laughs uncontrollably) who are infinite encyclopedias themselves(all bursts into laughter),so he knows full well given the right environment the Universal Water Empress would as usual make the name meaningless(all clap)..and if Misty or any of you want to revive the show there are things there as well and all that..the 50 sweet gentlemen and women must've died now(all bursts into laughter)and they had 20 backups(all bursts into laughter)..so Master has as he totally fooled around the with the Pokemon world just like they themselves and now has distributed all that he has given us some powers regarding if he's not present what to do and all and there's other people as well accordingly but every single of this and all if anyone has any right in the Master's absence temporary or permanent over all that the Master has throughout said and all else virtually it means if Master's body isn't available to the world, it's just replaced by his here he finally

decides to unearth the flower(all brusts into laughter),to be wife with whom he has already got engaged privately (all brusts into laughter),through all hells(all brusts into laughter)..so the master legally told the soulmate theory to give all euqual shares including all of his pokemons including Mr Mime and finally his beloved big-bro(all clap) to his would be wife which,the official ceremony will take place in Cerulian City Gym(all brusts into laughter) and yes on the central battleground (all brusts into laughter) and then another long list of invitations and all specialities and all that only from Master's side and all rest the decoration etc and all are left over to his wife..so basically the master says just recognize me and my wife as one and the same and get the hell out of here(all brusts into laughter)..so,hereby with all his and her titles and details given finally,  
Ash Ketchum marries Misty Waterflower..(all clap and cheer and all)...  
finally to us it's said in footnote,(all laughs),the

Vultures has been finally put to rest for this life(all brusts into laughter) but if plausible,they'd better remember any trial to disturb Ash Ketchum and Misty Waterflower will fetch them same results,thus finally Ash Ketchum uninsinuates his longing for his Beau(all brusts into laughter),his soulmate eternal,Misty Waterflower and marries her just to make Official the inevitability in all plausible eternity in similar circumstances (all clap and cheer)...

.....(an hour later)...

(Ash and Misty hugging each other firmly,looking at each other and smiling)

Ash : "just a ceremony to announce"

Misty(keeping her head on Ash's chest,smile) :

"Ash,i've decided."

Ash(smile) : "24?"

Misty(smile) : "it could be before"

Ash(smile) : "anytime"

Misty(hugging Ash looking into Ash's eyes,smile) :  
"first?"

Ash(smile,hugging Misty and looking into her eyes) : "let us follow big-bro atleast till full-hour after alighting."

Misty(same position,smile) : "nostalgia"

Ash(smile,same point) : "not today,but your wish is my command"

Misty(smile,same position) : "can I?"

Ash(Laugh,same position) : "Mist,please anything anytime, atleast lets get away from here"

Misty(smile,same position) : "budging?"

Ash(smile,same position) : "all once"

Misty(smile,same position) : "lets play"

Ash(smile,same position) : "by soul"

Misty(smile,same position) : "a bit sweeter"

Ash(smile,same position) : "need to realize"

Misty(smile,same position) : "continued"

(after 10 minutes,both same position,same posture)

Ash(smile,same position) : "shouldn't we sleep?"

Misty(smile,same position) : "2"

Ash(smile,same position) : "i want to be still"

Misty(smile,same position) : "yet"

Ash(laugh,same position) : "yeah you can,but hey don't jump"

Misty(smile,same) : "more soul"

Ash(smile,same position) : "exactly"

(5 minutes later,same position,same posture)

Misty(smile,same position) : "a formality"

Ash(smile,same position) : "on signal"

Misty(smile,same position) : "just dissolve"

Ash(smile,same position) : "one,two,ready?"

Misty(smile,same position) : "plural?"

Ash(smiles,same position) : "combined first name twice,the rest conjunctions"

Misty(smile,same position) : "equal share"

Ash(smile,same position) : "mutual"

(Misty just about to kiss Ash but she stops just before as if stung, position-posture same)

Misty(a bit flustered,smile) : "um..Ash.."

Ash(smile) : "once or all?"

Misty(smile) : "lets get over with the formalities?"

Ash(smile) : "sweety,soul it to absolute

sweetest,just gave up too early"

Misty(smile) : "but.."

Ash(smile) : "excitement or .."

Misty(smile) : "lets battle,eternal lunacy"

Ash(smile) : "that's my sweet Misty Flower,lets battle,this same position,same posture,

(laugh)..just the time(both brusts into laughter).."

Misty(laugh) : "why break the mood sweety?"

Ash(laugh) : "need our brats at absolute lunatic attention(both brusts into laughter), including big-chu(both laughs)

(after settling everything,10 minutes later,Ash and Misty same position,but just about could continue eye contact)

Ash&Misty(Unison,smile) : "lets battle absolute lunacy perfectly shared"

(they continue to be in that position being absolutely still for half an hour then Misty just falls against Ash out of total exhaustion,15 minutes later)

Ash(solemn,hugging Misty) : "need to strengthen

and recover well in Pinkenberry Mist, that's exactly why i persisted with 2 weeks,i'll manage all the things you tell me to,you should take complete rest at home...i'm so unhappy to see my sweet flower in such weak condition...this is so amusing but my sweety got totally exhausted so soon that too because my dear went with all mental strength...and before that just got too emotional,we'll come here all we want Mist,but in good times ok,sweety? don't rush, your health won't allow for much of normalcy what to talk of soul?..please..

Misty(resting on Ash,exhausted,mild voice) : "um.. it's just you Ash,i just..just don't want to leave your side at all.."

Ash(smile, tendering Misty's head) : "i won't take any risks Mist..but you must get healthy,7 months with those,just too much,if something pains me still is the agony i saw in my little sweety after the 7th...my sweety has been a gym leader and performer,so much vitality always since the very

first, but that day, i knew i'll pressure you Mist but after 6th i was pretty concerned just the contents, and the 7th was horrible... you should take complete rest.."

Misty(smile) : "i'm already having enough sweetie, but(laugh).. how did you(laugh).."

Ash(laugh) : "no i freaked you out i guess(both burst into laughter)... you were a cute little doll at 15 and ok i wanted to smack your head then(both burst into laughter), but after 3 months couldn't think without you, since then i just know my Misty flower soully(both giggle at each other).."

Misty(laugh) : "before that i was totally confused, but(laugh).. as soon as that happened, after i calmed down a bit i was scared to death(both laughs)... no Ash, that was really enough, unless you were connected by souls, you could never do that.. you never looked at me in any other way than your soulmate..."

Ash(firmly hugging Misty) : "i just wish i could fondle my sweet Misty flower a bit more(Misty

giggles)...we were together for 5 years day and night,i don't miss those days cause(laugh)..

Misty(laugh) : "all those journeys are vulture business now(both brusts into laughter)"

Ash(laugh) : "yeah,I guess,but i'll tender my flower all i want now(both smile)..privately alone in seclusion(both brusts into laughter)...

Misty(smile) : "Orange was my best part Ash,it was heaven.."

Ash(laugh) : "um..was?"(both laughs uncontrollably)

Misty(laugh) : "is being"(both brusts into laughter)

Ash(laugh) : " 'never in a million years'..(both brusts into laughter)..but..um..i just want to know one thing Mist,are you all right?...

Misty(smile) : "honey,i'm absolutely fine,a bit of troubles here and there,only cure in my moon(both sleep).

Ash(smile) : "you know Mist,i just recalled what i thought after your 7th,i just thought that,just leave it,i'll just abduct you and runaway anywhere and

fondle my soul all i want(Misty giggles),and now i know what i should've done they day my sweety had to part after photo,same just get the damn bike,destroy it again,and abduct my flower Plain and Simple(both laugh)...Mist,can i abduct you,please,please,you are so souly sweet sweet?"  
(both laugh)

Misty(smile) : "all ways,sweety"

Ash(smile) : "and just fondle you 12 hours?"

Misty(smile) : "22(both laugh)"

Ash(smile) : "souly enjoyable ain't it?"

Misty(smile) : "great biginning(Misty giggles,Ash smiles)..Ash, formality?(both brusts into laughter)

Ash(laugh) : "i've always thought how can people do it in public,but now i know, just do it after ceremony (both brusts into laughter)"

Misty(smile,almost whisper) : "um..Ash..just..."

Ash(laugh) : "if less Cerulianized(both laugh),not more than 5(both smiles at each other)

Misty(smile) : "and rather insignificant need just for the process to the result"

Ash(smile) : "exactly,but you can understand now the material is absolutely perfect barring luck"

Misty(smile) : "22 in Pinkenberry"

Ash(laugh) : "totally drunk right?"

Misty(smile) : "deluged eternally"

Ash(smile) : "actually my feelings around you(laugh)"

Misty(laugh) : "no chastity"

Ash(laugh) : "finally understood"

Misty(laugh) : "perfectly uninsinuable" (both brusts into laughter)

Ash(smile) : "just at that impossible physical moment forget the vehicle,at the highest mental level like gratitude,longing etc,forget the vehicle,and you'll be so drunk,no need for anything else.

Misty(smile) : "the ONE by every means"(both smiles at each other and hugs each other)  
(few moments later)

Ash&Misty(hugging each other firmly,looking at each other's eyes,smiling,in Unison) :

"ASH&MISTY, MISTY&ASH,I Am YOU and YOU Are  
ME"

.....(END).....
