

.....(15 minutes later)

Tracy(cough) : "Um..Respected Sir,Maam!please mercy me but the evening food for hoot-hoot..."

Misty (frown) : "oh!for god's sake Trace, couldn't you just let them starve a day?"

Ash(laugh) : "and couldn't you find another time to return? how was your trip?"

Tracy : "Great.Misty,i'm really so happy that you have.."

Misty(frown) : "all my fault ha Trace?"

Tracy : "um i should leave,sorry to interrupt"

Misty(scream) : "get the hell out of here before my Gyarados takes you as evening food"

Ash(laugh) : "Mist,no rush,he's been seeing this for 10 years now"

Tracy(scowl) : "12"

Ash(laugh) : "i'm not at all bothered Trace,you may stay as long as you want if authority permits you,just that you've always been at the wrong place at the wrong time,how's Daisy?"

Misty(Frown at Ash then scoff at Tracy) : "Authority orders Tracy Skechit to clear off immediately,else Daisy will not see him again(looking at Ash with grievance)why is he disturbing us for all these years always,Ash?"

Ash(laugh) : "why rush Mist,he hasn't seen you in ages and was very worried for your well-being,be kind.."

Misty(frown) : "he spent an hour with us yesterday giving Caserine and Luverin anatomy,if Marill was here Trace you would've been...(frown)wait,why aren't you leaving?"

Tracy(laugh and about to leave after feeding pidgy herd) : "Ash,you may know about a certain picture which someone has,this is gonna be far better against setting sun,given i stay alive.."

Ash(laugh) : "i wish i could help Trace but you see i'm happily retired!"

Misty(frown) : "what's so amusing to you Trace that i'm with my..um.."

Ash(laugh) : "still don't know the relation"

Misty : "Boyfriend..no..Shut Up Ash!"

Tracy(running away) : "your Husband, congratulations Misty Ketchum!"

Misty(scream,irritated) : "Trace.."

Ash(laugh) : "Misty!Misty!Misty!Misty"

Misty(whinnying and hugging Ash) : "excuse,excuse,excuse,even outside the Gym,what kind of boneheads feed hoot-hoots in the dusk,you were right Ash,on one account only that we should've been home,you're pokemons only are here for food nothing else(Ash bursts into laughter)these little brats aren't even going to allow me a solitary moment with my husband(smile and hugging Ash),well he's right about that one(giggling at Ash)"

Ash(smile) : "i would hate to say it,but you should release me from your arms otherwise it'll be delayed..haha.."

Misty(laugh) : "i wont..and,hum,Ashy-Boy,a stone is still important then, isn't it?or is it Morality?(laugh)..."

Ash(smile and hug): "all the above,but i guess what treatment poor Tracy Gets or i get,i even related Professor Oak of all people with certain people..really i need your help on this Mist"

Misty : "No Ash,you've gone too far,anyhow don't bother you have a team(smile)"

Ash(smile) : "much Appreciated,by-the-way what are your demands now i mean i owe you big time now with my position and so on.."

Misty(smile) : "You know what i want Ash.."

Ash : "Ah,that's like a part of body,you tell me about movies,dates,dances,lakes and so on whatever i told you,just want peace and quite with you alone,i've to tell you so many things in details,it'll take years..

Misty(smile) : "why don't you start with going back to the Hall of Fame Book?"

Ash(irritated) : "not that again.."

Misty : "Ash there's been a few Gym leaders who turned down,because of the nasty regulations but i've never heard about any trainers doing this..its a fair thing you know, don't create a mess there if you get what what i mean"

Ash(smile) : "your wish is my command,Mist.but i'll still refuse unless they stop speculating on whether to keep your name or not..if they don't.."

Misty(smile) : "Ash let them take their time, don't mingle in those official matters, you've already become too rough for you sweetness,very harsh and

things have indeed taken its toll in you too.why don't you forget about this farm and all that and come with me take a rest in the Gym?"

Ash(grim face) : "and you'll leave me from 9-6 for gym battles for godforsaken brats.."

Misty(laugh) : "remembering yourself?"

Ash(scowl) : "hey i was never godforsaken or a brat.."

Misty(bursts into laughter) : "still wanna fight Mist?"

Ash(smile) : "all the time."

(both hug)

Misty : "anyhow Ash,you seriously need rest.."

Ash(hugging Misty back) : "Orange with only my wife and nowhere else,in a good hotel without any hazards-3 months would do Mist,right?"

Misty(smile) : "I would barely-that much for a double facility gym no matter what Lance says given i'm only holidaying"

Ash(frown) : "the damn gym with a god damn symbol"

Misty(laugh) : "what would you do,Pokemon Master?"

Ash(frown) : "as if only Cerulian has a gym and a frontier,why don't they just leave us alone?"

Misty(smile) : "i'll scold them ok?lets go home now dear ok?"

Ash(hugging Misty) : "as you say Ketchum"

(both bursts into laughter)

Misty : "just a thing,Ash did you know that once i had developed some feeling for Gary and had a skirmish with Lillie on this as well or just a wild guess?"

Ash(solemn,cajoling Misty's cheeks gently) : "Mist,i've caused you so much pain,i'm not letting you go before 3 months in Orange"

Misty : "no Ash, it's just that's not mentioned anywhere,none except Lil and i know,thus.."

Ash(sigh) : "Gary's a beautiful man all round,i would love to be with such a person if i were a distressed soul and i'm a boy,i kinda guessed it,i guess a sixth sense..but enough with it,ok Mist.."

Misty(hugging and stroking Ash's cheeks) : "yes dear,just let's go."

.....

(in the lab.

Gary,Lillie,Profesaor Oak,Delia Ketchum,Tracy on phone)

Ash(from far) : "this looks sinister captain,sorry for the wrong turn"

Misty(smiling) : "bother not crew,captain to rescue"

...

Delia : "Ash,we need to talk"

Ash(pleading) : "Mom,not in front of Mist ok?"

Delia(shout) : "What did you tell all of them here?"

Ash : "oh no.(whisper to Misty,"you better leave manage your sisters not now Mist,please",Misty just hides behind Ash)Listen i've just got married ok,why don't i deal with the venerable ones later,except(solemnly) Professor Oak,if only i ever could be given the opportunity,i know i'm unworthy of given what i said,but do i have a chance of rescuing the relationship?"

Professor Oak-"Ash you did go too far you see in my all 50 years here never have i been this much insulted that too from a person i've been so fond of"

Ash(solemnly) : "Alright,I told Mist what i said to you all,Mom please,you don't have to listen to them take Misty with you"

Daisy&Lillie Unison : "she's not going anywhere Ketchum,leave our sister alone"

Misty: "Dase,Lil.."

Ash(stops Misty) : "Mist just go back to the pokemons and Mom please follow her,please i beg you"(Misty and Delia leaves)

"right,so i began with Gary Oak today,mate i'm sorry.and Lillie if you ever can please forgive me same to you Daisy,i was just out of my mind that moment if you ever find it possible have a consideration and you too Trace,i'm sorry.I just became a monster.I don't defend myself but if you ever could please forgive me,and aslo for taking your sister as well if you could,don't worry she won't run back anywhere or stagnate like she did,this much assured and if she wants she can still be Cerulian Gyam Leader i've no problems with that.Harold,Cassey and you all,hey most of you've known me for ages,if you ever can please forgive me.Finally Professor Oak,um..i did cross the line but i guess you being you may understand i wasn't having the best of times of my

life and was about to go to a situation which either would've propelled me to heaven or throw me to hell,i was not quite in myself..i don't have to tell you much,but if you ever could please spare a thought.My contract here finishes here 5 weeks later,untill then please bear with me atleast.you won't see me again here but please if you ever consider i'll just run in here like i used to when i just about could run.I'm sorry again and please,all of you if you can spare a thought for me.Oh..um..and Serena,as you can see things did turn out to be true and thanks for your concerns regarding Misty and we both will contact you if you so want and best wishes for your future.Cilan,i did what i just told you i'll,if you can maybe spare a thought for me too,right everybody again my apologies and sorry,but you can see i'm now with her and soon invitation will reach you,so you've helped still,thanks"(leaves towards Pokemons)

Misty(concerned) : "What happened Ash?"

Ash : Um you're going on Noivern me on Ganger.(releases Noivern and Ganger)

Delia: "Ash!wait don't drag m.."

Ash(concerned) : "Mom i've got your daughter back, isn't that enough,please comply,please,you can come back through the Lab all your life,just not today Mom,please."

Professor Oak & Staff : "Ash! Just a sec,your mom won't be troubled at all,neither would Misty,for them this is ever the same.you too for tonight.

Ash : "Um..thanks,Professor"

(all of them finally reached home)

.....(night)...

(Misty' Phone rings,Violet,shows Ash)

Ash(frown) : "the vultures are here already,open the f.. phone and.."

Misty(frown) : "Ash! that's rude,i'll handle it,get things ready..

Ash(murmur) : "f.."

Violet(almost crying) : "Mist,what,where are you?why.."

Misty (solemn) : "Viol,we've patched up,where are you now?"

Violet(scream,tears) : "that b.. will.."

Misty(solemn) : "Viol you're tired now just go home,Brock will be expecting you,please..i'm fine,ok.."

Violet(sobbing) : "who the hell that brat thinks he is?because.."

Misty(solemn) : "Viol,Ash and me are getting engaged soon,i'm happy only with him..just keep yourself safe and return safely,call me once you've reached home and settled down"

Violet(sobbing) : "the b.. told Lil.."

Misty(solemn) : "Ash,has told me all of it himself,and please i beg of you,just return safely first.."

Violet(sobbing) : "just stay safe Mist..i'll call so will Brock.."

Misty : "yeah,keep safe,will connect soon"

Ash(laugh) : "that b.. will ruin you.."

Misty(hugging Ash) : "Ash,please,anger and dissent creates more of that only..please,calm down we'll talk it out don't bother.."

Ash(solemn) : "yeah..first night and.."

Misty(solemn) : "you were too harsh to them you know.."

Ash(scoff, shivering voice) : "i'm sorry Mist,but let them do whatever they can i'm packing up in two days..i was the one who told Trace to keep up,he found Daisy,told Gary not to mingle with your problems got Lillie,sweared Brock off out of his lunacy and then he got Violet..and i got that f.."

Misty(hugging Ash,tears, stern Voice,shiver) : "hey,you've me and wanna make me cry on.."

Ash(solemn,hugging Misty) : "it's alright Mist,i'll talk, don't bother.."

[Gary calls Ash]

Ash(angry) : "infatuated.."

Misty(stern Voice) : "Ash,give me the phone"(takes Ash's phone)

Gary(solemn) : "Ash.."

Misty : "it's me Gary,how's Lil?"

Gary(solemn) : "oh,hi Misty,sorry if i'm Distur

Misty(Frown) : "Ash they're our family.we can't stay like this fore ever"

Ash(irritated) : Had mom not been there you could've spoken,who told my mom.."

Misty : "whoever Ash, doesn't matter you should go there now.."

Ash(solemn) : "Ah! first night together after so many years and..

Misty(frown) : "Ash!"

Ash(solemn) : "All right Mist,you have a nice sleep ok(hugging Misty)"(release Ganger)"Pikachu stay here's Nivy Mist,keep him for emergencies he knows this place extremely well"

Misty : "you can stay out all night,i'm going tomorrow at 9,i want to see smiles,got me Ash?"

Ash : "Crystal,lets go Ganger.."

...(back at Lab)...

Daisy at first...

Daisy : "why are you Back Ketchum"

Ash : "Daisy,please would you care to let me speak?"

Daisy : "go on."

Ash : "i'm here to know whether you're alright with Mist's choice?"

Daisy : "that's why you came? Ketchum..you.."

Ash : "your past is past Daisy,you know i know that extremely well and besides neither you nor Lillie nor Violet were ever not what they're shown to be,you truely still are extremely good with your performances,you always had my respect and.."

Daisy : "Ketchum,jn front of everyone you.."

Ash : "alright may i speak then since Mist would tell you anyway.."

Daisy : "yeah that's what i want too,spit it out,why are you with my baby Mist and what did you mean with my..(tears)"

Ash : "Calm down Daisy,i needed to know the truth"

Daisy : "what do you mean?Ans.."

Ash : "i'm answering,just stay calm.i can't stay separated from Misty and neither can she,so we're back and Marrying very soon,as long as you and Trace,hey why don't you call him here as well?"

Daisy : "he won't till i'm satisfied"

Ash : "Daisy,he gave me the news last morning of coming parenthood for you two,i couldn't have been happier and besides your my sister in law by both sides,you know i didn't mean those,or if you doubt,please forgive me but i'm honest i really wasn't right then"

Daisy : "what was the truth?"

Ash : "umm.Daisy please Mist will tell.."

Daisy : "i want it from you."

Ash(sigh) : "Alright,i had to know how much Mist can bear with me,upto which level,and you can see the result,can you please let it go?"

Daisy : "you threatened her to be with you and your bragging,Ketchum?"

Ash(sigh) : "Daisy,do you like Trace as much as you do with someone else?"

Daisy : "what are you pointing to Ketchum?"

Ash : "you'll remain with tracy as long and as much Mist did to me,you want to walk with him till the end"

Daisy : "do you doubt that Ketchum?"

Ash : "if you weren't sure whether he will as well what would you do?"

Daisy : "Ketchum,you're crossing.."

Ash : "exactly my point,you'll see you much he can bear with you,i did the same with Mist,if i'm lying shoot me later,i'll be happy,now please,go it's pretty late.."

Tracy : "Ash,i never imagined you.."

Ash : "Trace,please my head wasn't at the right place"

Daisy : "he has explained himself to me Tracy, let's leave him,Ketchum you return home ok, don't cheat on her the very first night saying you stayed here for too long,night,come on Trace"

(Tracy and Daisy Leave)

Ash(self) : "one down two to go,Ganger"

...(Gary)

Gary : "Ash! you know who i was,you've just gone lower!"

Ash : "why Gary,because i said at that juncture of my life something to you and Lillie in madness and you were pretty confident I won't cheat on Misty

even yesterday?"

Gary : "Ash, your only harming yourself you see,your head has spun with all these,i would've not minded at all had you not brought up that shared child thing..you know i told you first.."

Ash : "exactly Gary, you've been my closest and may be only link with my childhood and all and Mist in these 3 years,but to be honest with you,you see,you'll go with Lillie to the end and viseversa but you'll be with me just till that moment,and still you're talking with me is proof enough that what priceless jewel Lillie has.."

Gary(hugging Ash) : "sorry i doubted you that moment buddy i get you,Mist is special to you and you needed the assurance,i get you,and i surely know that in these many years how special she is, don't make her cry again,ok?"

Ash(hugging Gary) : "yes thanks buddy,no she won't cry but special are all of you and you as well Gary,thanks for being patient with me"

Gary : Lil's inside,still can't get over what you said..just go and meet..

Ash : "she'll be fine,i promise buddy"

(Inside)

Lillie : "you b.."

Ash : "Please Lillie,don't torture the little one,i know what you are to Gary and viseversa, don't bother about a bonehead like me,please stay calm,please"

Lillie(sobbing) : "you left Mist in a place i wish i could throw you in,i've never been hurting inside like today due to you Ketchum and you had to bring up the darkest day of my life.."

Ash : "hey it was a moment of madness,i know how Gary has been since his very first Indigo Journey as a trainer,please i'm happy for you and the little one.."

Lillie : "i doubt you Ketchum,whether you truly want Mist or not..she couldn't see any light the day you left her for road.. s.."

Ash : "and she was suddenly encroaching the one she helped become honest,yes please Lillie Misty told me,please it's past forget that i ever said it"

Lillie : "so you know, you've trodden the very core of my life,Gary i can't be.."

Ash : "you don't have to be without him,ever,but unless you calm down,the

future will only stress him,please i beg you,stop this"

Lillie : "what assurance have you given Mist and have you spoken with Dase?"

Ash : "Mist has me or assurance and Daisy,yes i've spoken with her"

Lillie : "you also hurt grandpa like.."

Ash : "i'm going now,Daisy didn't allow me then have to sneak in..but please you please don't jeopardize the future because of me,it doesn't serve any purpose,please Lillie,your my Sister in law as well, don't do this,i beg you from the whole family's point of view,you'll have the eldest and first..please if not me mercy Gary and your future..please"

Lillie : "get out Ketchum"

Ash : "yes but i promised Gary you'll be fine after i leave, don't let him down,best wishes"

...(outside)

Ash : "sorry buddy,but i guess she's a bit better now,just attend her"

Gary : "Grandpa.."

Ash : "i'm going..you attend the family and the future please,please,Ganger"

.....(sneak into Professor Oak's room)

Ash : "Professor!"

Oak : "Ash! see i wouldn't mind but Gary.."

Ash : "Professor i've got nothing to hide from you,i dug a grave for myself and wanted to see if Misty jumps with me or not,i knew no other way of validating.."

Oak : "enough explanation son,and just forget that we ever had this bit of a problem.."

Ash : "have you forgiven me Professor?"

Oak : "Ash,i've known your great Grandpa and played with him when i was a kid,you're same as all in your family ever desperate ever natural ever the Ketchum's,and the Ketchum's and Oak's share a huge history,which you surely don't know in full though you mentioned but i'll tell you later"

Ash : "Thanks Professor,but.."

Oak(hugging Ash) : "it's alright son,and You've made your right choice,i know all the four of those sweet little flowers from Cerulian very very well,i'm glad

you've picked up the one for you,be happy young man,enjoy!"

Ash : "thanks Again Professor."

Professor Oak : "umm..Ash,just one thing for clarification only,if you allow me.."

Ash : "Professor,please if you want my permission it'll only hurt me more.."

Professor Oak : "um..no Ash,just out of curiosity.."

Ash : "ask whatever you want Professor,you'll get the right answer according to my knowledge.."

Professor Oak : "thanks,Ash i know you were trash talking there but the student and the staffs, it's true that once I was involved with one of my students just around your grandma' came to my life and i also wasn't sure like you.."

Ash : "Professor I can't forgive myself if you keep hovering over long gone matters like this..it was like 50 years ago,and..please Professor.."

Professor Oak : "no,i had buried that exactly those many years ago Ash,but that's my point how did you know.."

Ash(grave) : "Professor, separation from Misty made turned me into a demon and i also busted team rocket and you know they can know these things via channels,i just revisited those last year and just to know their methods..Professor i probably know the secrets of many many people including my friend's and their families,i'll forget them i promise you.."

Professor Oak : "Son,i understand your situation perfectly.."

Ash(firmly) : "No Professor, don't doubt,due to me there won't be any black shadows over anyone,the Source was Professor Kirk,and as i actually got him may be a month before he died.."

Professor Oak(solemn) : "i see.."

Ash(solemn) : "Professor,i did it by means of My Ganger,hypnotizing him,he never knew and i also left a note..his son contacted me after his death,he came to agreement with this fact and didn't have any resentment for me.. that's all that i have as an atonement,you know what Ganger can do,Sabrina is an amusing trainer and Gym Leader,and he just got better and better,not everyone can single handedly beat all challengers in Kalos League

till Final like he did with such ease and you more than anybody know Gerninja, Noivern and Gengar, why i always have atleast one of them, why i generally avoid to use them to their maximum capacity.. a numbered few among their species have ever come up to the level that they're at and i suspect they are getting better every moment and you know they can't breed due to their heightened powers, and i don't know why but they just don't bother, they've given their lives for me.. (sobs).. Professor i'm sorry"

Professor Oak : "Ash i know about Pikachu too, and Bulbasaur and so many that you have, what powers they possess, they're pokemons yet they show such strange and heightened intelligence, i know their sacrifices.. but now you're opening up, i am being rude to you now but now you can understand my own curiosity more.. so"

Ash (smile) : "Please Professor, you question me all you want"

Professor Oak (smile) : "Pikachu own against all 8 Pokemons being you very last pokemon in sinnoh, did he reach that self heal level before or just during the match and you found out? you know currently no other Pikachus are at that level the last having passed away 10 years back and she was with Katy, the just retired Sinnoh Elite 4"

Ash : "yeah, she told me about it, she was astonished too at my Sinnoh Victory. i don't know when he reached that, but i observed him for a few days, he just seemed too perceptive, and in that all out situation i somehow could connect with his nerves intricately and he executed all my plans, and me knowing about self heal, well you know it's a secret but i suspected something with Pikachu and just read about that level, tested it the day before final and viola! though the pokemon centre people told me not to push him there too many times else i'll lose him, that hidden power is the cause of his temperament isn't it?"

Professor Oak : "yup, and i later only found it out after handing him to you, but i couldn't take him back from you, you somehow always enticed me with your sweetness Ash and i can now proudly say you deserved Pikachu more than anybody"

Ash (blush) : "um.. thanks professor but your words in my current mental state

replaces Pikachu with.."

Professor Oak : "son,i congratulate you again for having her,but she also has her Golduck and Gyarados..they are unique.."

Ash : "umm..thanks professor,and yes,she knows about Golduck and certainly can manage him at that level but she might have pushed a bit too hard with it in her now long gone depression and she knows it,Golduck is left at the pokemon centre there and we'll bring him here soon, don't worry..About Gyarados,you know Mist can get too excited at times and thus she is herself hesitant to push Gyarados to that level in fear of losing her,you know the Gyarados species they'll pick up their Masters' hidden rage first hand and first thing and may exhaust itself at the very first go beyond repair,so Mist is hesitant,but we'll manage it, don't worry and you also will get a look at her,Mist just doesn't want to part with her,she just loses it sometimes if she doesn't have Mist beside."

Professor Oak : "and the staffa I guess,Harold right..?"

Ash(solemn) : "yeah well you know recent troubles regarding this labs where people even in your field are power hungry and ego and greed and all that...he can't forget that and chews it at even this age..not me..my sources..you know my activities..

Professor Oak(smile) : "Ash,enough said...I know who you are and that's enough for me..it's much late now,sorry for holding you here this long you better go,see you tomorrow son"

Ash : "thanks and Anytime Professor,see you tomorrow goodnight."

.....(wakes and calls Tracy Up via Ganger)

Tracy : "Ash,i just.."

Ash : "it was good you weren't there Trace,i couldn't have ever forgiven myself if i lost you and i would've"

Tracy : " Ash,i told in the evening i know you for 12 years,what happened,you tell me and that's all.No,i knew that you two had to be together but why drag all in?"

Ash : "to know how far she can walk with me? what or Trace..i can't imagine i would.."

Tracy : "i realize Ash,but we'll always be your friends and we may not be Misty but you'll have us right behind"

Ash(hugging Tracy) : "Trace,i just became a monster.."

Tracy(hugging Ash) : "its ok pal,just go back to Misty ok, she's waiting"

Ash : "she odered me to put the smiles back,i've managed all,please

Daisy,look after her ok,and if you can please forgive.."

Tracy : "Ash,you already have that and always will.."

Daisy : "it's all right Ash..No i heard Tracy going out of the room..followed and listened.have you spoken to Lil?"

Ash : "ya,but look after her ok,She and You,you hold the future now..please i shouldn't have been what i have been..but please if you can forgive me.."

Daisy : "Ash, it's alright but don't torture Misty ever again ok,she'll move according to your fingur movements all her life,just don't make her suffer for that"

Ash : "Daisy,just like you and Lillie,Misty is in safe hands i give you my words,only better days ahead"

Daisy : "go back ok,and tell her to sleep well,'night"

Ash : "Goodnight Daisy and Tracy you too"

Tracy : "yeah Ash and Pick up the Picture tomorrow afternoon ok?"

Ash : "Tracy,thanks man,thanks,but i've a question"

Tracy : "what?"

Ash : "the 5 weeks.."

Tracy(smile) : "your grandsons will plead with me then only i may help to extend that,just return ok,by-the-way,you spoke with Brock?"

Ash : "thanks for the compliment Trace,and no,i owe him big time,but i'm just too tired today and it won't be nice if i suddenly appear today.."

Tracy : "Ash,i in the mess you created couldn't call Brock,Cilan may, I don't know but,you can go and no Lucy won't mind she knows you pretty well as well as Misty, they'll be pleased"

Ash(smile and Hugging Tracy) : "thanks for the encouragement Trace,may be i should take Mist with me tomorrow morning or may be she already has called him, anyway i'll see him thanks"

Tracy (smile) : "Goodnight Ash don't be late"

Ash(smile) : "night".

.....(meanwhile Misty calls Brock and Lucy)...

Brock : "hellow,Misty!what's up,any troubles,are you all right?"

Misty : "um..Brock I've got a big surprise for you be ready"

Brock : "um..it better be a big one,you know what the time is?"

Misty : "whats my Name?"

Brock : "whats my..Misty,be straight it's not joke hour you know"

Misty(excited) : "What's My full name?"

Brock : "WATERFLOWER,why?"

Misty(excited) : WRONG answer!

Brock : huh!this quickly ,let me see.."

Misty : "you know Him pretty well."

Brock : "um,i know Green,"

Misty : "Absolutely Wrong"

Brock : "um..what Ketchum,Ketchum?"

Misty : "Misty Ketchum,yup!"

Brock : "Misty,i don't want to comment but that brat.."

Misty(grave) : "Brock,you know me for 14 years,was that ever a doubt?"

Brock : "umm..Misty,i could've doubted myslef more but the last 3 years.."

Misty : "Brock give him a chance ok,i did and i'm telling you it's my choice,he didn't force me.He lost his own mind losing me deep down,but won't admit it and suffer,please give him a chance ok?i'll send him alone first then only both go"

Brock : "alright as you say,but hey, congratulations,i must say,sorry if i hurt you,but you know i just want to see you happy all the time Misty"

Misty : "i'll be Brock i promise and i'm with him,you know it more than anybody,i'm always happy with him,i couldn't forget him and neither could he,but now it's behind us,we'll botg be happy, don't bother.anyway sorry if i disturb"

Brock : "no trouble Misty,just enjoy yourself"

.....(Ash returns)...

Ash : "Ah!food,food,Mime have you eaten my food as well"

Mr Mime :

Ash(trying to wrestle Mr Mime) : "i show you you cl.."

Delia and Misty : "Ash leave her"

Ash : "she always eats my foods,Mime,i'm your actual master,you know that"

Mime :

Ash : "and she taught you this?i'll show you,Ganger,Gerninja,Pikachu"

(all joins Mime)

Ash : "so i'm the devil's favourite villian then universally accepted? really Ash Ketchum,your luck has turned"

(after Ash goes to change and refresh)

Delia : "Pokemon Master or alleged Playboy,with his pokemon ever the little baby,that nature is his true self, that's my real Ash and that hasn't been remotely tainted,i'm overjoyed"

Misty(smile) : "yes mom,he's true nature indeed is exactly like that,and he shall be like that always"

Delia : "seeing my Ash with his pokemons, it's just the most beautiful thing and now i've got you as the crown jewel on top,Little doll"

Misty(blush) : "thanks mom,i'm all too happy".

Delia Ketchum : "Mist,i'm so happy to have you two back,Ash hasn't been home the last 3 years,always bit unmindful,i'm so happy to have him back to his ownself as is Mimey and we all have you,really it's so wonderful"

Misty(smile) : "mom,only better days ahead it will be,and i'm ecstatic myself that i'm officially now part of the Ketchum Family"

Delia : "you know with all these I just feared i lost Ash because simply that he created a grave trouble at the Lab,i just couldn't believe myself and despite all what i heard and his elusiveness,today i really was scared that i've lost Ash.."

Misty(smile) : "mom,he's been a bit stressed,that's all,he needs rest and closure and he's getting that, don't worry"

Delia(smile) : "no i don't,now that you're with us as well,i absolutely don't"

Misty(smile) : "thanks Mom"

.....(night at room)...

Ash(relief) : "Ah,finally i get to.."

Misty(smirk) : "not so fast dear.."

Ash(frown) : "what?"

Misty(smile) : "i want the few things you promised me.."

Ash(frown) : "blackmailing hey,anyhow Order Please(smile)"

Misty(smile) : "i may want to revive the Sensational Sisters"

Ash(grim) : "the gym itself isn't enough?"

Misty(laugh) : "not as you're looking after it"

Ash(scowl) : "never in my infinite lives will i.."

Misty(laugh) : "bear with random strangers and appease them with badges even if they're not good enough?"

Ash(disappointed) : "hey,i always atleast put up a fight..and i was well mannered and i was.."

Misty(cajoling Ash's cheeks) : "Ash Ketchum,Pokemon Master.why don't you want me back to the shows then?"

Ash(grim) : "if only i'm allowed to manage you,then i may consider it"

Misty(smile) : "that means.."

Ash(irritated) : "none gets to interview you,no autographs,no photoes,no publicity,no travel,inside the gym only,brief shows,high ticket price,limited seats.."

Misty(brusts into laughter) : "men not allowed?"

Ash(frown) : "exactly and neither unmarried women,only those with children allowed that too only girl childs upto 8 years"

Misty(laughing) : "and you expect the business to run beyond the first show?"

Ash(mocking) : "why don't they just li.."

Misty(frown) : "Ash! what is it with you dear,you never used to say these things no matter what."

Ash(disappointed) : "na long separation(hugging Misty),Mist just don't leave me for even a day"

Misty(hugging Ash) : "Ash you don't have to be so cruel on the fans,we had to abruptly close it down and i just want to relax and enjoy"

Ash : "it's not about them Mist,I don't want to see you overworking and have a schedule that engages you so much that i can't spend time with you,yes i've travelled all over the world leaving you behind and i regret that,but i don't demand much,atleast for the next two weeks in Orange.."

Misty : "Ash,the past is past,please you said it yourself.and no I won't overwork and i don't want you to be away from me for a moment now as well,but it's just that you know,i like to be engaged and energetic always.that's all"

Ash : "yes Mist,but you know i'm just a bit tired and just want to be with you which i've never been able to for so so many years infact since Jhoto, it's just been 10 years that i've passed more than 5 days together with you,and i just want to rest and be with you.."

Misty(smiling) : "you're doing exactly that Ash,don't worry,but.."

Ash(grim) : "what is it Mist?i know what you had to go throu.."

Misty(hugging Ash) : "no, nothing about that,Ash that we're done with,never bring that up again,promise me?"

Ash(hugging Misty,smiling) : "it's just DONE."

Misty(smiling) : "right.but you know you've taken a huge toll yourself and mom confirmed that,i just want to polish every little strain off from my diamond.."

Ash(smile) : "say what you were saying"

Misty : "i wanted to know how many feathers you've ruffled to get to me and that has left you so torn apart inside..No,take your months,but just that among out close friends,this much would do for me now."

Ash(bit disappointed) : "um..ya,we have to tell each other some huge novels but well about close friends,see i just switched my contracts and smiles off from some people that did it,rest i didn't bother,Cilan and Iris did take a bit of a shock but that's only as they were in Unova and Cilan,ya i did ruffle that feather,Brock and no none else,Dawn,Iris,Clemont,Max it was all about the contacts and you've seen Serena..May,well that's for another day"

Misty : "you didn't ever spare your little sis too?"

Ash(dissapointed) : "um..no but not as much as you're thinking..besides i

heard she did keep contacts with you.."

Misty : "yes she did,Ash,you have to get rid of these habits if you already haven't-if you can by your dark pokemons make people a bit psychologically vulnerable then can push it by trash talking,you can hypnotize people and know their secrets and you also can create similar figures to fool people and pokemon and most importantly i suspect you being a pokemon trainer all your life can hold sway over just about any pokemon as well as create multiple instances of your pokemons and use them according to your will.Ash,i've seen Noivern well and i myself have Golduck as you've seen him yourself,i know very well what you've been upto,i just tried my hands at this as well but just not upon everyone.."

Ash(dissapointed) : "you still don't know the illegal parts that well what i learnt while i was busting team rocket..and no Misty,nothing would be hidden from you atleast,i've given up those and ya,i feared what you suspect and i feared for you myself and others did the same..no i won't take any more interest in those things with my Pokemons while i'm training them..they complied themselves to cheer me up sensing my depression as Golduck did to you and i just didn't want them to stop pretty similar to you,but i never used them to harm anyone as i told you and you will simply see that as it never have affected them..Mist,really i'm sorry.."

Misty(smile) : "right,i got you.and anything else you want to say about your adventures with some illegal gadgets,the illegal bit?"

Ash(smile) : "how i transmitted that chorus to everyone in such a big gym with varied pokemons? no that i um.. kinda managed from the Professor Kukui's Lab,Professor Oak knows it, it's alright(hugging Misty)Mist,i need you to heal myself,please st.."

Misty(hugging and cajoling Ash) : "Ash, you've got me all the time and you know it.enough answers dear we should now give it a rest"

Ash : "yeah,but now you've got me going,i tell you the main things"

Misty(smile) : "take your time Ash."

Ash(smile) : "why,can't i just keep gazing at you a bit longer?i've never had the opportunity since.."

Misty(smirk) : "gazing,hum?long lost habit,but carry on,i want the same,though i had ample time to do that"

Ash(smile) : "that's at best exclusive recordings of events,"

Misty(smile,cajoling Ash's cheeks) : "right."

Ash : "as i was saying Mist,apart from what you can do all that you said,i guess you can do the multiple instance creation way better than me,as i only practised it to test,i can also do the subtle body separation which actually the ghost pokemons did to me all those years back themselves.."

Misty : "yeah,i just didn't try that one,i was afraid of it,but Sabrina could also create illusions at will"

Ash : "yeah,i can do that as well but you know it's illegal"

Misty : "yeah,i did that as well but Sabrina herself cautioned me,it takes a big toll on both you and your pokemons,besides i never managed to hold sway over pokemons except my own that too as test but i guess by now you've done it quite a few times"

Ash : "yeah this is one,but team rocket obviously used some restricted stones and evolution methods,those i know and their gadgets to hold control over pokemons,i can only do upto which my 3 buddies like to and they decide the theme and it's always about fun,they never hurt any pokemons"

Misty : "yeah right.but Ash that's a legal move in battles why have they made it illegal?"

Ash : "um..right it's only legal upto a certain level as well for the trainer and they are checked before whether they've crossed it or not,me and my bunch rather now never can use it in battle as we've long crossed that level and it's a disadvantage rather though many of my pokemons are psychologically supreme so rather immune to it from others but still..besides Ganger never crossed the level that day in Kalos though if i pushed him he would've easily done that,you see Mist,this is what i'm telling you,they check you pokemon and you,they still won't know what you actually can do,it's a fine line, you've i guess got a glimpse of my calmness over my nerves and sudden outbursts-i myself had to prepare myself like this to hold the strain,i was in constant search to be attuned to my pokmons so that i know every bit of them..and

from my level it's just all too easy,but fortunately i've been born as i'm, I can't do illegal things,at my level they shouldn't have allowed me in Kalos i guess,cause i already had reached the Hall of Fame's top most level in terms of Mastery over Pokemons,but i just wanted to be distracted so i still formally competed and currently i can say not more than one two pokemons masters can match me and thats why they're so desperate so get me into the hall of fame so that they can put a lease on me to make sure i don't create another team rocket.you by now might've guessed i should've used them before then those two incidents wouldn't have happened for which i now always have regrets,but really i can't be suspicious all the time,i'll go absolutely mad and i..."

Misty(smile) : "enough Ash.i wasn't a saint myself with regard to this attunement either,i could do many things things with Golduck and i did but what you've done is exactly the opposite of my path,though we both wanted the same thing and was doing the same thing just in different forms to get to the same goal-i wanted a completely thoughtless state with regards to people and forget you,you wanted a complete thoughtfull state with regard to people and be with me all time,basically i saw Ash in all and tried to erase him,you wanted to see Misty in them and tried to erase them..i never got my Ash removed,you never found your Misty either.I'm so happy that you got your breakthrough and we both were lifted from our agony(hugging Ash)really dear,one soul one body"

Ash(hugging Misty,tears) : "precisely.but Misty,i never did anything to harm anyone or get any unfair advantage and i did trick a few but that's only to extract some informations which never would harm them and if possible i explained myself to them,and just forget everyone,i never tried anything on you..Mist,if you..(sobbing)"

Misty(hugging Ash) : "Ash,i know that more than anyone else,nobody can hurt another as much as you did by trash talking with any pokemons,no matter how legendary to make one weak and then just trash talk-you infact never made people weak rather made them happy with the antics that your pokemons did i guess-Ash i know you,you're not an evil monster no matter

how much you try to project yourself to be at times"

Ash(sobbing,letting go of Misty) : "Misty,still if you have any.."

Misty(tears) : "hey wanna make me cry again?"

Ash : "no..um..Misty,no please i'm just saying.."

Misty(shuddering) : "i demand you take me up in your arms immediately,N.."

Ash(hugging Misty) : "Misty.."

Misty(firmly) : "it's Mist,your wife,don't dare to try any stunts..."

Ash : "thanks Mist.."

Misty (hugging Ash) : "Ash,i was talking about hurt because many can may be make me happier than you ever would but nobody could ever hurt me like that and still trust that even if he killed me,i'll still resurrect and run back to him will full faith-that's what you are and i'm ever yours because you hurt me the most only to see my trust in you.Ash,this only i can do to myself in the most desperate mood,you said yourself didn't you?"

Ash(sobbing) : "i'm living my life,i'm what i'm and i exist,if i don't see that in another then i know we're separate"

Misty(hugging Ash) : "right Ash,someone thats not me isn't mine either,and your not that so your mine.I've only had this feeling inside,none ever could extract it except you"

Ash : "similarity applies"

Misty : "Ash even if you did enact that feeling in me artificially is it actually cheating or highest form of honesty?you wanted truth,hard truth that's all,even if i say these in trance,you see it won't make any sense cause more than anybody you'll know i'm lying and Ash,i myself know these this can't be achieved by deceit but by an honesty that a being is capable doing to own self only,and your pokemons wouldn't have been able to take that toll they would've died and you know that more than me,none would except two persons with similar souls.Please stop crying,i've got only myself for you and you what i mean"

Ash(crying) : "Mist,i knew the only way to know your true devotion for me was to drag you through hell and see whether you let yourself be dragged and still be mine,Mist,i said i can kill you right now,i can't kill your devotion to me,you'll

still continue it no matter how, and i know that you know exactly the same"

Misty(hugging Ash) : "right you're Ash, i'll have you with me as long as i have myself."

Ash(hugging Misty) : "forever and ever i'll be yours even if i just kill you now"

Misty : "i know this from my very own soul that you're being me right now"

Ash : "i'll send you to heaven staying at hell and hell will be heaven for me now"

Misty : "from my heaven i'll drop you to hell to feel the pain of hell from now"

Ash : "i'll never be able to make you happy cause we're born in different bodies now"

Misty : "i'll ever be a pain unto you cause my body is different from what you've right now"

Ash : "born to enjoy me am i born as a being that you're right now"

Misty : "born as separate only to forget, i'm not being what you're right now"

Ash(smile, hugging Misty) : "thanks Misty"

Misty : "Ketchum."

.....(5 minutes later)....

Misty : "what about the legendary pokemons and their stuff?"

Ash : "nah those f..um..excuse me really i need to check my language"

Misty(concerned) : "you sure do, when irritated you always were hot tampered but now its just nasty"

Ash(grim) : "um..right sorry for that, anyhow, legendary pokemons not a big deal you know its just that you can't tame them at all so better leave them"

Misty : "yeah, i just wanted to know whether team rocket had some success on this one or not"

Ash(smile) : "na, none can the anatomy wont allow, they succeed in catching a Arceus but with the Mewtwo they had before it just became difficult to maintain peace so they had to kill both and then they analyzed the anatomy and all that, just that it's not possible yet and even if it is, these kind of pokemons evolves too and mutates themselves too quickly, it's better to leave them alone, they never bit anybody back so why bother, we already have enough unknowns even in a raticate, which you need more as your trainee"

pokemon then why bother about the legendaries? besides very few pokemons anyhow can reach big levels otherwise everyone would've become pokemon masters and self destruct.team rocket couldn't come to terms with their own success and self destructed i just carried the fire to the heystack,they themselves got destroyed as they couldn't handle the truth"

Misty : "and those 3?"

Ash(smile) : "um.. surprisingly they're rather close to me now and could've mingled with you the moment Mewoth knew about us from Pikachu,i don't know what he understood,you know he was so uniquely evolved but i thought he just guessed it and was up in arms with anybody that would have a liking for me.so,i had to plead them from not disturbing you and the few times we met in Kalos as the case was still going on,Serena was in ultimate danger..haha..

Misty(smile) : "so,they were ultimately helpful(frown)but this language is there's ain't it?"

Ash(grin) : "you bet,but nah!those two settled down together in Sinnoh and all happy,Mewoth certainly attracted attention,but i'm happy they let the poor thing be with James and Jesse.sometimes you just don't have to go overboard."

Misty : "but can other pokemons too talk?"

Ash : "none except Mewoth no and there's only ever been one such Mewoth before which passed away 62 years back,that experiment also failed for team rocket and our Mewoth is rather an accident than a success,the group of researcher Team Rocket had though was top class,i just hope all goes well."

Misty : "tell me about Jesse and James, they're married?"

Ash(smile) : "they had to just like us didn't they?11 years of partnership since the age of 15,huge deal.when i said no,we've broken up,they just couldn't believe themselves and said that was like saying i'm dead right now..haha..they were my longest travel companions you know,from 12,just knows me very well."

Misty(smile) : "yeah, enemies knkw you way better than friends"

Ash(smile) : "they were the reason why could bust the group,well i told you

about the fire,it was just james' jealousy of butch over jesse that got me in and they had had other problems,so busted"

Misty(a bit concerned) : "Ash,you were in danger as well and more so i guess after busting and still are.."

Ash (smile) : "they may kidnap me and ask for ransom?relax Mist,i'm not exactly a child anymore,i know many opposing groups and can immediately start an infighting that'll be not exactly pleasing so they can't risk abducting me or any of my friends,and i have to really give that list to you it's huge,they can't do much as long as they can't mitigate my threat"

Misty(still concern) : "Ash,but still.."

Ash(hugging Misty) : "i've just got my biggest strength back(smile)"

Misty(smile and hug Ash) : "really,alls well that ends well."

Ash : "right,but i want a date with you, desperately,actually camping.."

Misty(smile) : "Viridian Forest Lake, Pinkenberry Islands,Maiden's Peak or Safforn?"

Ash(smile) : "Pinken Islands,we're leaving day after tomorrow,2 weeks,No i don't want to listen.."

Misty(laugh) : "please Ash,don't rush like that"

Ash(dissapointed) : "no i settled it with them,all of them"

Misty : "ya,i know about all but my sisters"

Ash : "well both have been okay,Lillie a bit too shocked naturally,but others fine,even Daisy was much better the second time"

Misty : "Lillie,i really feel bad for her,we're going there tomorrow morning the first thing again as i've told her,then we go to Lab,then we go to the farming places and cancel or review your stupid ideas there,then you go to Brock come back and we start to phone may be 100 people one by one.. that's your schedule tomorrow and contact me tomorrow night for the next(smirk)"

Ash(scowl) : "what?no time with my dear wife on the very first day?"

Misty(smirk) : "sorry?"

Ash(hugging Misty,smile) : "i'll run away with you to Pinkenberry first thing in the morning"

Misty(smile) : "all in good times dear,remember your promises and the

premises,who's advice who must obey at any cost(smirk)?"

Ash(smile) : " 'gotcha,but no we'll have to go to Lillie and Gary first indeed"

Misty : "surely,you know she and i,as much we fought in the childhood,the much warmth we share now,beside i was and still is in a way her role model and that's why she changed,you know she was the most desperate among us.."

Ash(dissapointed) : "ya,and that's precisely was my target and naturally only she hasn't quite yet come back to her own,and Gary..no i did go too far, maybe i should call.."

Misty(smile) : "its ok dear,no need to disturb them today again,we'll be there just let the sun rise"

Ash : "yeah i surely have a few works left here before i can go to Orange"

Misty : "So true.Man,you gave all of us a real scare,and when are you going to send your acceptance for the Hall of Fame position?"

Ash(tired) : "Ah! Mist,all in good times,i'm too tired now and just want to sleep in your arms"

Misty(smile) : "so do i,Ash."

Ash(excited): "but you know what,i've never thought before,but i guess today i helped to make a phrase easier for me and may be many as well"

Misty(scowl) : "what is it that you're doing behind me,hum,Ash Ketchum?"

Ash(laugh) : "relax Misty Ketchum,i feared i'll really go down far far more"

Misty(frown) : "Ash it's not funny you know,what you were trying to do,no matter your true motives and intentions"

Ash(hugging Misty) : "perfect time"

Misty(surprized) : "huh?!?"

Ash(smile and hugging Misty) : "All this trouble was taken up to pick up my flower from the Cerulian Frowers.Happy now?"

Misty(laugh) : "it's too used everywhere actually,we've rather grown tired with just about anybody spitting this one out anywhere,they may have a few songs as well"

Ash(smiling and immitating one of the Cerulian Flower songs from the City) : "the beautiful flowers from Cerulian Gym/the flowers that of which i always

dream/Daisy,Violet,Misty and Lil/all or one/just bring me some/give my heart the perfect heal"

Misty(scoff) : "Ash, it's not exactly pleasing if you were there"

Ash(smiling) : "hey,i was there remember,i guess i also was in this body as well to see the fun..haha..besides we'll be back to the gym anyway"

Misty(smile) : "you would've been killed picking up fights with just about everybody in the crowd"

Ash(laugh) : "i guess i would've.but i still have a complain to make"

Misty(frown) : "what is it?"

Ash(laughing) : "that my flower never described herself formally to"

Misty(smile&hug) : "Mrs. Misty Waterflower Ketchum.Happy now?"

Ash(smile and gives Misty a Ring fetched from Cerulian while he was out to meet professor Oak..) : "VEry"

Misty(smile and wonder) : "Ah!Ash..this is..that's what made you so return so late.."

Ash(smiles and fits the rings into Misty's finger) : "ya,Ganger's good(finishes the fitting),Welcome to Ketchum Family Misty"

Misty(smile,hug Ash) : "my pleasure"

(both hug for a few moments)

Misty(frown) : "but it's not safe to travel so far on Ganger,Ash"

Ash(smile) : "ya,not today though,not today"

Misty(smile) : "how's Cerulian?and which one?and actually you went there before you went to the Lab,right that's why 'don't call anybody till i return'..hum?.."

Ash(laugh) : "right.Cerulian is yet to come into terms with the fact that the youngest flower could stay depressed for more than 2 years and then suddenly a prince sorry outside boy scout comes and does his magic to get the flower to fly by herself to him,i might've been killed today had it not been for Gerninja,by luck i had her today."

Misty(concerned) : "they recognized and mobbed you?"

Ash(laugh) : "i went to Police Station straight away,gave my identity,said i wanted a good amount of protection that too very quickly else if there's a

shoplifting in Mr Keller's shop 3 blocks to the west,Waterpolo Crossing,red gem road,pearl house building 4th floor,right side 1st shop,then don't sue me,to which the Officer warmly complied,but as usual the the people tried to mob me on the charge that i was the one indeed to break the heart of the youngest flower first then tried to kidnap her second and forcing her to leave Cerulian for Elite 4 HQ at Winston City,Kanto two days ago third-this as is doing the rounds in local TVs,people demand answers,but the problem is before this news could spread upto here at my home,which if happened,they would've seen some great game with the whole Oak Lab Pokemons,the threat of which prevents a single one of them ever trying to break into Pallet,anyhow the press had a bigger reason to not try to mingle with me,now that i had given them a bigger puzzle to solve by declining the Hall of Fame(bursts into laughter)No,please let me finish,this is the best piece of comedy i've seen ever.so they think even if this new pest to the whole mass and especially Cerulian city being his target is a bit depressed,the flower has indeed just trodden over this godforsaken brat once and for all and he's defeated once and for all.but appocalypse approaches-

suddenly the brat appears out of blue/all smiles with his sinister crew/to get to a shop as if to get his due/suddenly he declares a ring for his beau(bursts into more laughter,release Ganger and Gerninja,who bursts into even more laughter)

Misty(laughing) : "Ash,you've really become a public meance,Gerninja,Ganger stop that(Gerninja tries to stand on one leg on top of Misty's head and Ganger tickles and licks her..then they join Ash in fun)Ash,then what happened"

Ash(in tears from laughter,calls back Ganger and Gerninja) : "oh..what a night,yeah right,i'm telling you please be patient,this is too funny"

Misty(laugh) : "Ash.."

Ash(laughing) : "what a night this comrades Cerulian/we must very first get rid of the evil king demon/Cerulians let's challenge now to this man/force him to show what he hides below his tan..(again laugh)oh! man..Please,Mist,you just need to be patient.."

Misty(bit concerned) : "i'm Ash,but you should stop being too reckless you

see,and you only had two pokemons with you,one already a bit tired from flying long distance for its type"

Ash(laugh) : "right i will;now back to this,the officers try to tell them that he's just here to buy a ring and go but a few young people weren't going to listen so i had to release Gerninja and tell them if they so wishes they bear witness to the ring i select and let us go outside and deal this matter like gentlemen,i challenge 50 people against Gerninja all at once,if they win i won't buy the ring if i do,they let me take the ring and facilitate me and my fiancée to a ceremony here and celebrate our engagement,to which a few said 50 on one,pokemon master or not none can disrespect Cerulian like he has,some said no he has come up with a plan-he could electrocute the whole sea,some said he can move the whole police force at will and release Pewter and Viridan Forces too on us,in the meantime i placed the order,then i told them what is it that they have a problem with,calm down and lets talk.they said they suspect due to me,the famous gym is now closed and the Sensational Four all have left the city and they are not happy about it,to which i said Sensational Sisters have their own lives and they must understand that,no matter how electrifying darling of masses they were at the end they have to settle down and have a nice family,to which some said you abducted everyone,and so on,so i said what they want the Sisters or the performance,which confused them some said what are you trying to imply,some said this is public disrespect,some women said it's gender bias,some reasoned heads said he has got a point,in the meantime i selected the ring(another burst of laughter)..oh!i'll be barely able to forget this ever..sorry Mist,but please.."

Misty : "it's ok Ash, you've become a bit of a storyteller,i'm enjoying continue"

Ash(laughing) : "so,anyhow they said they want the Gym to run again and the sisters to return,to which i said the Gym Leader was overworking and had the Frontier Symbol attached as well,then just probably burnt out a bit, holidaying now to get over the exhaustion, that's all it's all normal and they just need to be calm and patient and the sisters has to visit their home sometimes they'll be back soon,then they said why are you here,some said whom are you

getting engaged to, and so on, to which i said, Cerulian is world famous for the diamonds and precious stones, where else would i go to except for here, to which they mellowed down a bit, then they said alright now that you're here show us a few tricks, to which i said if Cerulian formally invites me, i'll be most grateful to come but tonight i've to go back with this ring to my fiancée and if they hold me up and delay that, Cerulians will not be as appreciated as their ring, to which they did mellow and then they said alright but we won't let you go without at least a few tricks from Gerninja, it's pretty rare that a Cerulian has a Gerninja which isn't naturally found anywhere in Kanto, to which i had to oblige and Gerninja showed a few balance tricks and all including the one she was trying to perform on your head, and then finally they were pleased and i also got my ring and then they said i'll have to promise them that i'll return here and have a pokemon show or battle or exhibition, to which i said as i would love to come but they must invite me formally via Elite 4 otherwise i will only be mobbed like i have been now and that won't be helpful to anybody to which finally they budged and allowed me to leave properly, and then i went to Oak Lab and then Gary's extended Lab side then back to Oak Lab and finally home only to see Mime is up to her dirty tricks with me..deep breath..

Misty(smile) : "Ash, quite a mess you're creating now wherever you're going, and please don't roam around unprotected like this, at least have your pokemons"

Ash(smile) : "no Mist, Cerulian is Cerulian to me ever a funny place, i wouldn't have been able to come out of it so easily had i not had a water pokemon..so today's heroine is indeed Gerninja"

Misty(smile) : "after this mayhem you went to patch up with your family?"

Ash(smile) : "exactly"

Misty : "and may i hear a bit from there, i know the result but how did you calm them down?"

Ash(smile) : "Mist, i'm in this Bash Cerulian..sorry..mood now, i'm dictating my movements back at the Lab comedy style, please bear with me."

Misty(sigh and smile) : "go on stand up"

Ash(smile) : "so as soon as Daisy sees me.."you b..what were you

insinuating,you've give my baby Mist a bluff and threatened her to be with you you even doubt you own friend Tracy..so on,so on,so on..to which i said look if you were ever suspecting Tracy,you'd want to see who far he can walk with you..in the mean time Trace came out to have a gauge only to eat a death glare from Daisy,so the poor thing wasn't of much help,as usual..haha..um,sorry,then Daisy mellowed down but told me to go back home and atleast not to cheat on you the very first night,as if i cheated on someone with someone,whom i cheated to be with someone,who was infact the one whom i first cheated before i cheated someons...haha..um,please Mist,i'm sorry but i can't help,blame Cerulian Mob for that.."

Misty(bit stressed) : "i'm waiting"

Ash(laughing) : "um..thanks,sorry for that,anyhow,next up Gary..man,you know as a former champion among bad boys i can't believe you'd ever beat me..to which i said the same thing that i needed genuinity..which hopefully appeased the devil..then Lillie..well its sad but i can't help,she started with calling me a b...,then proceeded to state that i had indeed opened the pandora's box,but as i said i know the contents as well,got kinda lost but again came back that it still was opened and that too in front of everyone,then as i couldn't play any new hands she continuted her victory lap to declare her supreme realtion with you paused to insult me again for leaving you for roads.. s...,and brilliantly went to the next part by confessing her feelings to Gary subtly hinting where i stood with you compared to Gary's warmth to her,as if the whole world never heard before,in the meantime i gave the same logic and tried my best for the sake of her future child,which she took as a trick to come into terms that she countered by saying i'll still leave you,which i again countered by the old card of future,which finally tamed the lioness but still she pawed me finally by giving the marching orders which i halpily obliged to save my life only to enter the lion's face outside the door who barked that his grandpa was waiting for his prey and i'm to be sent there but he said it in such a sweet way that you couldn't help but agree...haha...this was round 2..

Misty(sigh) : "Ash, you've truely surpassed all expectations really"

Ash(laughing) : "much honoured,3rd round started and the old hens den who

were rather easy to handle but beaked me by questioning my head off as to how i knew the secret truths and what are the levels of my and you special pokemons like Gyarados and so on,which were exactly the anticlimax of the early night Cerulian Fiasco,and it bored me to death,i somehow managed to lick his feet long enough to get out of there safely without having to transfer my pokemons this very night,which is why i had to be extra careful with the old bear..haha..round 3 completes..

Misty : "carry on,i'm sending your name to stand-up comedy"

Ash(laugh) : "you'll save me from battling then finally,yay!..anyhow,round four was at Harold's and the all-knowing couple was trying their best to get dissapointed at me only to be countered with the childhood sentiment and humility despite fame card to absolutely become my pets in no time and themselves volunteering to ease the tension as i dug up 27 year old grave through former staffs and all that,so it was easy..now as i was coming out I thought Trace must be having fun now and i'm on my first night haven't even been able to give the ring to my flower and this bonehead is in the Orange of of Oranges and since Oranges with his flower while pestering me since Orange whenever i got alone with my cherished flower,which made my blood absolutely boil to the 8th hell and i told Ganger to fetch the god damn brat immediately,which he happily complied to and Trace didn't know which side to take only managing to fire "why drag all else" which by now became so boring that i shot back a cannonball saying i needed to check our chemistry before i could join her in a parade,which he ashtonishingly shielded saying they won't be able to match my partner but they would follow behind,which puzzled me as i couldn't instantly come up with an attack having to resort to embrace it out option,so the idiotic dumbnut found out a way to make the honours even and then straight from devil's den Daisy emerged having followed her soulmate all the way as the wisdom nut i was ferrying around earlier,having bought it and now to apply it on me..and she broke the ground by declaring she had evsdropped,which made me sigh even in that situation as if i didn't know but fortunately the brat was utterly defeated much to my merriment,Daisy showed how compassionate she was by caring to call me

not by my surname but hearing my name from Daisy the first time in my damned life was if not the straight road to heaven then i'm sure i'll be doomed to hell.i realized the full trick as she had to oblige in front of my family and future card just like her lillte sister earlier and then took a wicked turn by trying to create a little ripple effect in my calm emotional water surface by stating how devoted her little sis has been despite me being a f.. man-b.. sorry again,and then as she basked in the glory of her impending victory,she bit me by implying i may again go back to any wh..any given day but may i atleast divorce properly and make her baby sis suffer less..i again just played my family and future card this time dragging Tracy right into this with me as i could see that f.. standing there with a long face whole time thinking of the final attack that'll finally bury me for good,anyhow Daisy didn't think that the sentiment card can be handled for long so she launched her final attacked giving me the marching orders specifically mentioning to go back only to home and not to any waiting b..,which i would've had she not mentioned that...haha...i need a moment"

Misty(sigh) : "and you had our engagement ring in your pocket?"

Ash(smiling) : "right.anyway,she also tried to drag Tracy to return with her as she suspected i was a indeed a terrible influence over him as she saw Trace throughout was rather naïve,anyhow the idiot all along thought of a plan and finally sold me the sketch card that he promised in ths evening which i had to retort with a solemn concern that he needs to extend my contract here at the Lab,which he also bypassed by joking,but the damb buffoon yet came back saying i should call from Brock to God himself to plead mercy for my terribly unbearable sins which i just about sidestepped by saying it's too late at night and then finally as i was coming back i couldn't help but to again set Ganger on Trace and snatch his phone away by creating illusions long enough for me to search up Brock and send a text that "Tracy Ketchum,Ash's Husband" and No don't get so surprized i'm coming in terms with it..let the devils wake up tomorrow and massacre among themselves over me,letting me some peace and quite with MY WIFE in ORANGE ISLANDS FOR A WEEK..unless they agree they'll continue to have even more serious problems.."

Misty(sigh) : "Ash,you're not at all mentally well.."

Ash : " 'course i'm not,but(grim)none is letting me to solve the problems"

Misty(scowl and frown) : "Ash,we can't live alone enjoy and let our family and friends suffer like this.."

Ash(grim) : "Mist,please,i beg of of you,please.I NEED YOU alone with me for a week at a secluded place as soon as possible,else i'll have to go to a doctor to get my mind checked which i won't be doing at all"

Misty(tendering Ash) : "dear,i understand your pain,let me handle the relatives and friends from tomorrow ok?"

Ash(smile) : "of course,but i don't want my wife to be insulted due to me,if these clowns try to get their dirty hands on.."

Misty(hugging Ash,deep breath) : "Ash!enough is enough,let them go and don't create any more fuss,i'll go alone tomorrow.."

Ash(hugging Misty) : "and they'll insult you on your choice the first day because some buffoon thought no contact is no friendship,No let me finish,please,i need to vent it out,and some other f.. thought it's so easy for Ash Ketchum to become the Prince of Kalos and get his face dirty by a person who cheated on our friendship and now's my beau made of stool and pus and i have to lick that cough and urine in public and.."

Misty : "Ash! your with you wife..for god's sake..."

Ash(still whinnying) : "yeah,which took me so long cause i was a godforsaken brat myself but it would've been easier for me if i wasn't entirely forsaken by people back at home here except Gary,so i'm a playboy,i get insulted on the way while carrying the engagement ring that i'll give a ring and then leave my wife and enjoy some wh.."

Misty(tears,hugging Ash) : "you'll make me cry,you want that so badly don't you?"

Ash(tears,hugging Misty) : "um..sorry Mist..your just.."

Misty : "Ash,i understand the pain you went through and your self denial didn't help it either,i did call Brock myself and told him of our marriage.."

Ash(scoff) : "and he had some choised words indeed i guess.."

Misty : "whatever,you know who he is and why he is so important to both of us

along with Tracy"

Ash : "yeah,sure for a du..nah enough swearing for a day"

Misty(smile) : "that's my sweet 'lil boy,now come here(opening her arms)"

Ash(hugging Misty) : "you're not going anywhere tomorrow morning except for Lillie,Gary is not a fool like other mu.. and he'll take care of dumb stunts himself.."

Misty : "Ash,please,i'll go to all the places,and manage it,No,they can't think and say whatever they want about my husband either,i'll announce my engagement to the press myself"

Ash : "but make sure they don't disturb me at my home or at ths Lab,Pallet has many open places,they can mob me all they what there,but if they have one word to say about you or try to get me at my home or Lab,i'll empty all my pokemons on them and won't take any responsibility for any kind of repercussion..(Ash's phone rings)here here,sure the gay dumbnut.."

[phonecall:

Tracy : "Ash.."

Ash : "Trace,i'm warning you the last time don't act like a complete en.."(Misty snatches the phone away)

Misty(frown) : "enough Ash,let me handle(keeps Ash away)"

Ash(self) : "if these to..nah! i'm only jeopardising my time with Mist"

Misty : "Trace,I know what he did,what are you so upset about?Ash isn't exactly in a good mental state ok,he deserves to be alone at least on his first night with his wife when he already has done what he could,just leave him alone"

Tracy : "Misty,i understand he's stressed but i'm suggesting that you handle the relations and keep him away from people in general as well ok?"

Misty : "yeah Trace,thanks and that's exactly what i'm doing,did Brock ring you back?"

Ash : "the dumb b.."

Misty(frown) : "Ash i'm talking go to bed(Ash sits down on his bed looking at Noivern's pokeball) and stop thinking what you're trying to"

Tracy : "Yes,he called and he has has his doubts over Ash's intentions which i

only confirmed him to be as good as possible for an honest and self dignified man"

Misty : "yeah,i'm calling him immediately,will that be ok?"

Tracy : "i don't think it's a trouble,with Ash on fire not much of tonight is left,and here we're all awake, that's only Me and Daisy"

Misty : "ok just hold on for a minute ok?Ash,take my phone ring Brock while i'm talking with Daisy,Please do as i say,and be polite he has a wife at home,and its Lucy you know her Battle Frontier head,now go ahead please,ya Trace,give Daisy the phone"

Ash(trying to find Brock,self) : "the mu.. has finally got a wife then,Lucy,nice lady,good choice finally for an utter dumbnut like him,yet he..anyhow lets see what the mood is of the king..

Brock : "Misty.."

Ash : "no it's the devil's favourite demon"

Brock : "oh!Ash..um.."

Ash : "first,congratulations for your good luck,hellow Lucy,this is Ash,sorry if i offended you anyhow by starting like that but um..i guess you can understand given my recent reputation"

Lucy : "thanks Ash,and yes i perfectly understand,just saying hi and congratulations and best wishes for your future too with Misty,have a talk with Brock no problem"

Ash : "gladly accepted,thanks,yeah Brock see,why is it that i've found my friends who weren't of my gender were in general more sympathetic to me than those who should've been.."

Brock : "Ash, don't get me started ok,you know very well what antics you pulled on me that day.."

Ash : "yeah,i realize,well i can be frank to you,make sure Lucy DOESN'T hear it"

Brock : "yeah,all clear,have a go"

Ash : "right,as i was saying,I wanted to create a nice little comfortable hell for me with a beautiful flame which was a bit too warm for much comfort.."

Brock : "Ash,we're talking after 2 years or so.."

Ash : "So?do i have to confess my longing for my beau.."

Brock : "please,let it go,just tell me that you're not going to break Misty's heart.."

Ash(grinning) : "Break Misty's heart?Break Misty's heart?.. that's a funny one coming for you of all people..so i'll break my wife's heart immediately after giving her the ring for which i didn't have to go through anything apart from bedding random s.."

Brock : "Ash,please,be calm and continue what you were saying"

Ash : "if you give me a chance only"

Brock : "Alright,restart with the hell"

Ash : "fine,and thanks for patient,really where would've i...anyhow,as i was saying i created this beautiful hell and wished to see who jumps in and Misty did that only,so she's my wife now.do you want to know how i'm now planning to break her heart now?"

Brock : "this answerd your stunt on me and your longing for Misty who were on the same wavelength"

Ash : "but someone else could also have been in if i gave them a chance?"

Brock : "exactly,and I know as do you Misty did give people chance but didn't get the reply,but she could've as well,as could you,so this is still an open problem no matter how comfortable your hell is"

Ash : "well this also then must need Mist to answer her side,and bare with what i call MY WIFE,i used to call her Mist in Indigo itself,and you were there so i only hope for compliance"

Brock : "got it,go on"

Ash : "i. can answer Misty's side but i'll have to ask for her permission first but first i'll have to know whether you would take that as her account or not"

Brock : "i 'll if.."

Ash : "no ifs,give me absolute"

Brock : "Yes,but i'll tally it with her words as well and then only believe fully"

Ash : "i absolutely agree with you on this just hang on for a moment..Mist.."

Misty(talking to Daisy and Tracy over phone) : "just hang on a sec Dase..YES?"

Ash(to Misty) : "Brock asks for your account for choosing me over the whole

world who might've come 10000 years later or had you waited for 10 more seconds,he'd believe me now if only your later account fits it,do you permit?"
Misty(sigh) : "with pleasure,go on(back to Daisy) yeah Dase,no he's just too stressed.."

Ash : " 'gotcha Mist(back to Brock),ok she agreed have you heard?"

Brock : "perfectly,carry on"

Ash : "first My account,whoever came before or after Mist to me except my mom and my Pokemons were there for a reason that my soul didn't represent,thus Mist gets the vote of my soul"

Brock : "so your belief is that she was destined to you?"

Ash : "perfectly right"

Brock : "and all else that will come, won't?"

Ash : "right.i gave you my reason."

Brock : "Ash,you might know i'm a practising full time pokemon doctor now,lets play a game shall we?"

Ash : "much obliged and congratulations on your achievements lets see what's the outcome of logic,i'm excited,only Q/A right?"

Brock : "right,can i start?"

Ash : "ever at service"

Brock : "right, let's play,Misty comes that day,you have an accident,she follows you for her bike,finds your tender care to Pikachu and falls for you.stay with me on this point.ok?"

Ash : "continue"

Brock : "1.it could've been Green,2.it could've been Melody and 3.Misty falls BECAUSE of your WARMTH,so there's a REASON,now logically cross these inferences"

Ash : "gladly,1.There's no guarantee that what i did Green would've done too,and even if he did Mist might not have fallen for him either.you'll get the 2 from here,the third is that,i had warmth for Pikachu not Misty and Misty saw her own self in me."

Brock : "unsuccessful on the third,try again"

Ash : "fine,bear with me then.agree?"

Brock : "agree"

Ash : "my warmth made Mist fall for me,was one moment enough for 5 years of devotion?"

Brock : "soms were there for 3,some 2 and so on,so on.."

Ash : "right,and they followed me because i was warm to my pokemons"

Brock : "not all but some for sure"

Ash : "yeah,another did in Kalos because when she was 4,me 10,i came to some service to her,so i was her childhood dream"

Brock : "right,this has a reason with your own invitation,you may continue"

Ash : "right yes I did invite her,i then have to only disprove that Mist was the only one who didn't camd along with me for a reason,as did some other persons?"

Brock : "right.here bear in mind i came as well for a reason,i wanted to travel with you"

Ash : "right,perfect.so Mist comes due to my warmth,and falls for that expecting some heart in return"

Brock : "exactly"

Ash : "by the way i've also already connected Mist herself and Tracy and Daisy now,you mind?"

Brock : "not at all,hi all,Ash is trying to disprove that Misty came to him for no reason unlike anyone else except for Mrs. Ketchum and his Pokemons,lets continue Ash, it's interesting"

Ash : "Holy compnay,indeed,if Mist can bear.."

Misty(firmly) : "Misty Ketchum can bear with anything that her husband says with only a small complain that no matter what my husband did today,he deserved a his first night alone with me,alright lets continue"

Ash(smile) : "right Mist,stay along.so Brock as i was saying,I kicked Misty to hell and I also did the same to many,only Misty returned again and again and again and again,others DID NOT for obvious reasons"

Brock : "if only you gave chances to other people"

Ash : "similar to me in Mist's situation as many have been they came for a reason so you fail my very first filter and even if you didn't,if you didn't return

to me once i kicked you,you fail my second filter,if you've managed to come back once but not twice,twice but not thrice,infinately many times but not the very next time,then you also fail my second filter,but even if you did,i'll cheat on you,be with someone else or have a family with someone else,be loyal to them,and as many combinations you can create you may create and i'll do all that to you but if you still want me the MOST,then you've surpassed my first step that ok you're elligible.then i'll kill you by poisoning you and reveal to you that yes i'm your murderer and before death you'll have to want me,your murderer the MOST,then you pass the 2nd door,whild you're dying knowing that i killed you,if you want to be killed by me again and again and again and again and still say you'll not but want me the MOST again and again and be RATHER killed again and again by me than be with me for just one moment if the former assured ultimate unison,then it's the third,you'll bear all pain for me while i'm in hell but you're in heave,if i'm starving on a secluded jungle,you're with the best of foods with your spouse and childern happily loyally married yet feeling my starving only and is actually DYING with me and you'd like this life more than to be able to be with me and starve together,and repeat that again and again,then it's the fourth door..all couples present here it'll get more and more uncomfortable from here if you want please leave,except Mist and Brock."

Tracy,Daisy(unison) : "we'll go to the end"

Ash(smile) : "much appreciated,be prepared till the second warning"

All except Misty in unison : "continue"

Misty(tears,shivering) : "Brock,you..you still want more(scream) MY PRIVATE LIFE,Dase..you..(crying loudly)it's MY PRIVATE LIFE with My HUSBAND..this is my first...you're my.."

Ash(whispering in Misty's ears) : "Mist, didn't i tell you this you'll see if you push hard,and no it's ok(hugging Misty)just leave it upon me dear."

Misty(crying) : "i'm going and if you were..(gives the phone to Ash)"

Ash(with both phones) : "now,i've got both the phones so please comply accordingly otherwise I won't be able to.."

Brock(sternly) : "I will walk with Ash no matter where he goes,rest of you can

go if you want"

Daisy(tears): "Ash,you think that we're.."

Ash : "well here you see,Daisy asks a question..i'm answering,pleasedon't intrude,(to Daisy) : see Daisy,i know what you and Trace are going through,and i perfectly know why you've been listening to matters our private life,correct me if i'm wrong

Daisy,ALL.OF.YOU.ARE.LISTENING.CAUSE.THIS.IS.EXACTLY.WHAT.YOU.ARE.SEE your very private life as well,and that's why you've been paying so close an attention and don't want to leave,so let me cut to the very end,even if you do all this i may not at all select you,why? AS IT'S MY CHOICE,and if i see myself in my better half,that is..um..sorry..terribly sorry..um,i just lost my mind..this i..um,what have i.."

Daisy(sobbing): "i'm leaving as well,i only wish Lil was here..i'll tell her later..Ash,um..would you mind if i still call you Ketchum?"

Ash(laugh) : "that would actually be right Daisy,just call me anything.."

Daisy : "enough Ash,i'll only sometimes call you Ketchum(smile),you made my day,i saw you first time you had just about started,and i'm seeing you now..it's almost moring now,just the wish that such sun may everyday..(choke)"

Ash(smile) : "Daisy,i get you,we're too known to each other,we're family,no need for these,please take rest,don't strain yourself,please.

Daisy : "um..thanks..bye"

Tracy(sternly) : "Brock you stared it you go till the end,i'll not hear anything else,and Ash,um..anyhow,just come today sometime,ok..bye.."

Ash(laugh) : "sweet sweet Trace..and Brock did you get what i just s.."

Brock(shivering) : "Ash,enough.I knew you to be mischievous but only with Misty and sometimes with Me that too you'd do only if she or i pushed you too much,you just brushed aside 2 years like a twig from your path,i'm too busy now a days,but you two are welcome anytime and come together only,what else to say.."

Ash(smile) : "not much Brocko,just that i still miss your dishes.."

Brock "you're getting them again,ONLY IF you came together with your wife.good Morning.Bye."

Ash(laugh) : "Morning Brock.Bye"

Misty(hugging Ash) : "What is this Ash?"

Ash(smirk) : "still i'll have to say these especially to Serena,and that's the toughest part,cause she might you know come back again and again and again.."

Misty(frown) : "Ash,shut up! i'm.."

Ash(hugging Misty) : "my wife so what, didn't i say again and.."

Misty : "Ash,you know how many times i cried.."

Ash(smile) : "you better handle Serena then..haha.."

Misty : "She's not going through her rounds now you know,you gave my number to her and viseversa,so she called me and narrated what happened,she said "you're my goal",then came back and kissed you,to which you were a bit shocked but just waved her goodbye and that's all."

Ash(laugh) : "then i straight went to the washroom,to which Bonnie and Clemont thought i was gonna cry in joy but to their utter dissapointed,which they didn't know then,i puked my head off,spat everywhere off that saliva,urine.."

Misty(sigh) : "Ash,i know that part,cut it"

Ash(laughing) : "then i came out with the broadest smile,and they thought yay!the new crowned Kalos prince have just found the right sto.."

Misty(sternly) : "would you never give it a rest?"

Ash(laugh) : "Mist! if you want i can teach you how to tune your nerves so that you can,if you had to,in handsome men like me only co.."

Mist(loudly) : "Ash!"

Ash(smile) : "um..sorry,not me then but.."

Misty(hugging Ash,smile) : "spare yourself from the mass that i see,(looking at Ash),okay?"

Ash(smile,hugging and looking at Misty) : "right.but hey aren't you enjoying my style if not the words"

Misty(smile) : "certainly not the words but you'll be a gem in stand-up if you wanted"

Ash(smile) : "you'll alone do me enough,nothing else necessary"

Misty(scowl) : "my hero! continue"

Ash(laugh) : "right so they thought so,only to be at the very end,when i was to leave i sternly told them i've someone waiting for me at home and i'm going to tell her about this,if you could look after of Serena,to which they couldn't even budge from the place till i screamed go and then smiled as broadly as i could to wave them goodbye,sat on the plane,told Pikachu-who was more shocked than me and was utterly confused-that buddy if you could realize what just happened earlier,you would've killed yourself given your temperament,but see i've picked up you mischievousness if nothing else,and i'll show it to the world from now on.. I don't know what he understood but he calmed down a bit and just lied down in my lap..then i thought how could a person turn on me like that,then i realized no matter what i did,that b.."

Misty(irritated) : "can't you let go off that language?"

Ash(laugh) : "not since that day..sorry..nah really this is so much fun now that a year later i'm reminiscing them to my wife..haha.."

Misty(sigh) : "carry on,but every time you utter those,i'll smack your head(smile) like i used to"

Ash(smile) : "unlike then,i'll swear more to get more only"

Misty(smile) : "alright,Prince from Pallet,continue"

Ash(smile) : "much obliged is he with his wife."

Misty(smile) : "we can go on,but really you excite me carry on"

Ash(laugh) : "oh and its half past dawn.haha..anyhow,let me continue..so they were utterly confused at my behaviour,and i in the plane actually realized Serena requires a grand slam match,so i called her and did do all that you already know,that was a public seaport,and that was a secluded forest but Mist,you yourself wanted to do the same as well after Jhoto didn't you?"

Misty(sigh,smile) : "very much Ash,especially after you said it's not a coincidence..after that,really..but Brock was there,i still tried hesitantly for the very last time saying "are you sure you'll be fine without me,Ash?"..um..i guess by then i was too desperate and even if Brock was there i was really struggling not to just run upto you and .."

Ash(Hugging Misty,bit irritated) : "Mist,I don't even want to hear that word

from you,you can say anything else except explicit mention of that and another form of body contact,we've done later the thing that you wanted to do that day and we still may if we feel like in future,no rush and give it a rest,just tell me your story"

Misty(smile) : "so much disdain due to the other two?"

Ash(bit dissapointed,hugging Misty) : "Mist,please i'm happy without my body not with it,and i'm happy with you not because of it in both sides,just being with you,looking at you holding your hand-this a million kiss can't buy me,a hug as husband and wife who may do,enough,more than enough, civility is better than vulgarity anyday,anytime,anywhere,forever,and no it's not because of the other two."

Misty(smile) : "much appreciated,but I want precision.."

Ash(sigh) : "it'll remind me of a thing that's in actuality the only thing that's separating you and me as long as it's alive atleast,if it weren't there we wouldn't have had all this troubles at all,and i do like to keep gazing at you(smile) and would like to from very close quarters and if i feel like,then i'll hug you,properly,that's all i'll do,No what you're thinking comes much later, that's an entirely different issue,later that one,please,so yes i do that,but even that's only because my eyes aren't trained to actually gaze at actual you,if it were i would've done.."

Misty(smile) : "Ash,i've just realized your final and the most dreaded filter"

Ash(broad smile) : "that's exactly why i wouldn't ever go till that unless it's absolutely urgent cause only those who passes all else would realize the severity of this one just as you did this one, thanks Mist(hug) very many thanks..but also,i must prove to you that it's not due to any ina.."

Misty(sternly) : "Ash! i won't hear any of that,ever,and that's my final word on this topic"

Ash(smile) : "only cause you're my Mist!"

Misty(smile and hugging Ash) : "anyhow continue"

Ash(concerned) : "but Mist! don't get me wrong if you want i'll give every dr.."

Misty(stern) : "No!don't utter a word more on what you're thinking"

Ash(concerned) : "ok,but please Mist! this is actually upto you not me,always

ever has been and will be,please remember that,ok Mist,and i'm.."

Misty(smile) : "enough Ash! i got you,now may we continue?"

Ash(laugh) : "you're supposed to say the way i poured the coldest water in your most desperate plan"

Misty(laugh) : "well,now bear with me then"

Ash(smile) : "with pleas"

Misty(laugh) : "but you sweetly said "i will Misty, don't worry" and i just lost my last chance..then as i was about to ride on by in you word "godforsa

Ash : "um..Mist..don't hurt yourself in this process,i'm right here,if you now want me to do those,well you'll not need my help there but stil i'll.."

Misty(frown) : "again, didn't we agree dear? no,I won't discomfort you at all don't bother and no i also am not suppressing my own wishes,i've had what i wanted that day, it's fine with me.."

Ash(smile) : "well,continue"

Misty(smile) : "so i pedalled along dejected but in the end i smiled cause i just thought,hey i'll wait for you forever,and ever and somehow managed to say Ash Ketchum now i know what you think of me exactly..and rather with my Togepi,did return home happily only to be welcomed by the helpers with the fact that i must've been much earlier and they handed me a huge bill that those 3 idiots didn't care to pay,and this was not well maintained,that pokemon was crying and so they went on..i laughed and said that's life

Mist..bear with it..and then i had your memories most in the initial days at the Gym,then Gyarados came in and all that happened..now back to your part"

Ash(smile) : "right,but one thing,you were very emotional that day, extremely,that also made me realize that what you actually wanted to say when you said "just one more thing" and gave me the handkerchief,then even more so..but i trodden along just could only say to myself thank you Misty..really i was a buffoon.."

Misty(smile) : you were 17 then,10 years is a very long time"

Ash(smile) : "I guess,but 17,well anyhow,doesn't matter..i much later realized it then confessed it when i was 19,been with you till 22 finely,No please let me,this we have to clear up as well,22-23 my head was spinning,23-24,we

soured,then 24-25,we tried a bit but not intentionally..and this those 3 at Kalos never knew and besides i wasn't really that committed to reconcile then..sorry again,Mist,please bear with me.."

Misty(smile) : "Ash,you can always carry on,No,not that, it's just inevitability,so continue"

Ash(smile) : "well 25-27 i to be honest didn't care a fig about you,but then..

Misty(smile) : "Ash,even 24 hours ago we were oceans apart,what is made you return actually?"

Ash(bit disappointed) : "well i was living my life roaming around,beating all elite 4 members,giving more and more thirst to my playboy image intentionally to be distracted from things including your thoughts and get more people to attend to me so that i may see you among some of them if by any chance and so on..till i reached Lance,the last Elite 4,i fortunately won,and Lance having known me previously,was rather kind and asked me why am i doing all these publicity things saying strange words,name calling and so on,i just brushed him off and told him that no it's all right,i'm just enjoying the attention till it dies down,Lance rather compassionately said that he knew me for 11 years may be,and he's on his last year of service and knew professor Oak very well,so if i want i may tell him what it was or if it was about someone,i don't know,he knew your condition and he knew we travelled together at a time,and we both were in hall of fame now in two separate departments,i don't know,may he be blessed always,but God really send him to me that day,otherwise i don't.."

Misty(tenderly) : "it's ok Ash,continue"

Ash(smile) : "right,um..then i just wanted to get out of this uncomfortable situation with a venerable old man,so i said can i just see the Gym Leader's hall of fame,i heard Cerulian was doing the best so i just said casually without much thoughts that i'll just like to know the history of Gyms at Cerulian,Pewter and Viridian,the 3 closest cities to Pallet,so Lance took me to a room,I don't know why he did that but um..he didn't have to..its just the Grace of God,i say...anyhow,First was Pewter and i just hovered over saying that yes that was my very first badge and the leader was very kind to me,well

brock had moved to a different profession,so he didn't much,then he was about to show Cerulian i just quickly said ok i'll see Viridian first,he showed,that was my 3rd badge and so on,and you know Viridian has a tremendous history..anyhow much time spent,in the meantime a few f.. were roaming around trying to distract me and i would've been absolutely obliged to comply to them like i did in all other 6 places but this time i was Graced the third time by God somehow didn't like the idea of much crowd that moment and scoffed them off saying i'll be extremely happy if they spared me for a moment here and let me to turn back a few pages of memory i'll be most pleased to be excused then,which made them a bit flustered including Lance too i guess...given my antics for a long time,it really was something a bit difficult for them to swallow,then i said even a more bitter thing saying,i've known Lance for 12 years by now and if also they left him with me for a few moments i'll be most pleased and i'll also be extremely happy if i'm allowed a little bit of solitude away from the protracted glamour that comes from going through the whole world constantly for 15 years without a break and lately without a break from public glare,then my tired body and mind could be much relieved and then i'll later some other day may be able to entertain them more thoroughly,which dispersed them off from us completely,Lance was taken aback a bit but must've thought just the memories of my very first Gym Badges reminded me of my childhood and teenge travel days,so he rather was happy and thanked me from driving the crowd away,then i told him with a bit of irritation to show me Cerulian now and I want to go to a solitary place after that,and this godforsaken Cerulian's whole damn history(Misty laughs loudly)(smile)..was thrown at my face and i just patiently bore a bit but quickly lost patience and asked him how's the Gym doing now,and that Cerulian was my second badge and i was lucky to get that badge(smile) very lucky indeed.." Misty(smile) : "in both ways,continue"

Ash(smile) : "and then i continued,as by then your thoughts kept pouring down on me so torrentially that i just said i personally knew the Sensational Sisters there and how are they doing? Lance might've got me there that it's exactly that what was bugging me and the reason for my sudden stern

behaviour with people and very kindly ordered everyone that may we not be disturbed at all for a few minutes and the place was emptied, then he told me all about you and the Hall of Fame induction, which I didn't know how to take as I was happy for you but somehow thought then unlike me you must've got your partner, so anyhow Lance finished and I just said if I can have a look at the large sized recent Hall of Fame Gym Leaders pictures asking whether the current leader has been featured here or not, he said no the leader couldn't come just sending her written consent, so I said if there's any large sized pictures at all or not, and he said yes he had one but that was 4 years back when the Gym was registered in the most prestigious list, and just then he drove the first nail in my heart saying the current leader has joined the Frontier symbol with her Gym and now it serves a dual role, I was a bit startled, well this isn't new but I certainly didn't see them in Kanto 8 years back so I said that must be nerve wrecking work, to which Lance's face did turn a bit concerned but you know you can't talk about these things with anybody no matter what your personal relationship is, so Lance just said she manages it.. then I directly asked Lance that if it were so that the two married and thus made it a single facility, to which Lance said well, no the Frontier Symbol Head just relinquished it after being beaten by her in a battle, I got more interested and said is that legal, to which he said that it won't be possible for him to tell me that as that'll be against his code of conduct, to which I a bit desperately said that just tell me the current Gym Leaders full name, me knowing you I was sure you'll surely get your new gained surname attached to your name and officially make a provision if you were married, to which he said MISTY WATERFLOWER, your ever-pouring thoughts by then had taken a bit of a toll on me and then your name and surname just put the fire in the haystack, and I just a bit anxiously and abruptly asked him in a bit of an emotional tone that Misty Waterflower was actually my childhood friend and we in fact travelled together briefly from Viridian Forest to Cerulean where then we parted our ways, and she saved me in that forest lake from the possible drowning and so... here here here..

Misty(bit irritated) : "What now, Ash?"

Ash(laugh) : "the vultures will insinuate that i'm with my childhood dream who saved my life and brought me back to life and oh! her beautiful face,oh! her sweet.."

Misty(sigh) : "Ash,i know how much these thoughts disturbed you,but hey we're married now,do you have to validate yourself even now"

Ash(smile) : "Ask Brock for that answer(Misty shakes her head)..no it was only the first round,today even more..anyhow,i was saying that the answer is no,because i didn't exactly think she was pretty..

(solemn)..Mist,i've had times with you when i didn't think anyone could be more beautiful than my Mist,but now I don't share either of those views..I just don't care..."

Misty(smile) : "Ash,especially now doesn't matter at all"

Ash(smile) : "right.so basically i didn't put any thought at all to her,rather she followed me..this one done"

Misty(smile) : "right!back to Lance"

Ash(smile) : "and she was of same age so we meshed well,but i never saw her after that in these 15 years but she was the youngest sister there and i'll just be happy to know if she was married or not that's all.then Lance said as far as he knew no she wasn't,but by then your bug has smitten me beyond repair and i again said if i could see her picture,i'll be very happy..then he showed me your picture in a room and prudently left the room just leaving me there excusing himself of urgencies,and i kept gazing at your picture that i didn't want to see in the last 3 years,it was 4 years ago but that was really by then even more heart wrecking to me as i recalled 4 years back we still were together and happy though problems did start to raise its hood..anyhow more than these i just kept gazing at your picture..and i just couldn't leave it or take my eyes off and unknowingly tears came to my eyes..it was a full sized picture,you with a V pose and i just touched the V you made in the pose,well it was a big sized picture but i brought it down Via Noivern and told him to hold it right in front of me and as he did i touched your hand made the V and just kept staring ,and Pikachu just kept staring at you and looking at me..and i

~~~~~

Misty(concerned) : "Ash,you truly have become a pest,i need to tutor you for long.."

Ash(laugh) : "coach,remember Massy at that contest?"

Misty(frown) : "what's so funny about that?"

Ash(brust into laughter) : "Mist!Mist!Mist! still won't let anyone to say hi to me right?"

Misty(frown and scowl) : "what was that Ash?"

Ash(laughing) : "|excuse me but he's booked|"says who?"|"Me,Misty"|"ah!Misty!are you his girlfriend?"|blush and flustered,um..no..um..i'm his coach"|"

Misty(smile) : "you still remember,it was i guess 11 years back?"

Ash(smile,song) : "the first petals of sweet fresh rose/lovely's the first scent in my nose/11 years or 1 that's whom i chose/come to my arms to ever cherish this pose(hugging Misty)am i wrong?"

Misty(hugging Ash) : "who should answer?"

Ash(solemn) : "Mist,i wish i could understand.."

Misty(looking at Ash and showing the ring) : "Ash,i've this now remember?"

Ash(smile) : "just i could say those words you said,'i'm booked',but i just didn't want to create a fuss.. that's all you know but then..nah! let it go,alls well that ends well(smile)"

Misty(smile) : "right Ash,remember my name,but Ah!your ring i.."

Ash(smile,giving her another ring) : "waiting for my flower to hand over to me.."

Misty(looking at the ring,then looking at Ash) : "Ash..(gives it to him),this is.."

Ash(taking the ring and fitting in) : "

Misty(fitting the ring in and looking at the mirror,smile) : "Perfect,but Ash,the size is.."

Ash(smile and hug Misty) : "i'm not new,i should've given it 5 years ago, it's from then,you though have become skinnier,exercise more and swim less"

Misty(smile) : "Ash..this is..my dream come true.."

Ash(turning Misty and hugging her) : "the first part of the two"

Misty(smile and hugging looking at Ash) : "Ash.."

Ash : "no rush though,we've got ages to fix the timeline"

Misty(smile,shivering) : "you want everything then?"

Ash(smile) : "right you are Mist,right you are"

(both hug)
